HARRISON BY 40,000

Elected Mayor of Chicago by an Immense Plurality.

Expectation of Election Day Riots Did not Materialize

The Purchasable Voter Found his Purchaser.

No Arrests for the Bribery Committed. Harrison now Well Ahead in the Race for Governor.

Chicago, April 4.—Carter Harrison was re-elected mayor today by not less than 40,000 plurality, and tonight his jubilant followers are celebrating his victory in good Chicago style. Harrison's vote was approximately 145,577, while Carter, republican, received 105,480, and Altgeld, independent, 45,480.

The anticipation of election day riots was not fulfilled. There were scores of fights but none serious. There was considerable buying of votes, but no arrests were made.

Harrison carried his party to success in the various wards, and the democrats in the next city council will have about twenty-seven majority. "Hinky Dink" Kenna, "Bath House" John Coughlin and "Johnny" Powers, three of the aldermanic "big four" were re-elected.

Harrison's victory today may result in his obtaining the democratic nomination for the next governor of Illinois, and possibly higher party honors.

THE FULL RETURNS.
The complete returns on the Chicago mayorality are: Harrison, 146,914; Carter, 107,304; Altgeld, 45,401; Harrison's plurality, 39,610.

SMALL REPUBLICAN GAINS.

Chicago, April 4.—The election returns tonight from the smaller cities of Illinois and Wisconsin show small republican gains. The contests were chiefly local.

TUNNEL UNDER THE HUDSON.

Property to be Sold and Work on the Great Undertaking Renewed.

New York, April 4.—Arrangements are completed for the sale of the property of the Hudson River Tunnel company in Jersey City and New York. The sale will be advertised on May 2. It is expected that the tunnel will be bought in by the bondholders, who hold the mortgage of \$4,000,000 on the property, and that as soon as the sale has been consummated they will resume work on the tunnel. But a rumor has it that the Delaware, Lackawanna and Western railway company may appear as a bidder. Less than a third of the passage beneath the Hudson is yet to be completed. It is estimated that it will take a million dollars to complete the task.

ONE VIEW OF EXPANSION.

Berlin, April 4.—The Lokal Anzeiger says: "The Americans will have a forehead of brass if they celebrate the centenary of Washington's death this year, for they have scattered his principles to the winds, and are annexing one island after another. The English are leading them into a slough."

STOCK MARKET.

New York, April 4.—American Tobacco closed today at 226 1/4; Sugar, 186 3/4; Delaware and Lackawanna, 175; Southern preferred, 51.

STEAMSHIP TURNS UPSIDE DOWN

Eleven of her Passengers and Crew Drowned on a Treacherous Coast.

Eureka, Cal., April 4.—The steamer Chilcot, bound from Eureka to San Francisco, capsized today on Humboldt. The other 9 were rescued by the steam-boat fourteen in the crew. Eleven of these were drowned including the captain. The others were rescued by the steamer Northfork and the life saving crew. The vessel lies bottom up and is pounding in the breakers. She will come ashore before long. The wreck but adds another to the long list of vessels that have gone down on the treacherous bar.

QUAY MUST HURRY AND MEND HIS FENCES

Situation in a Ticklish Shape for Pennsylvania Senator.

Harrisburg, Pa., April 4.—Senator Magee denies he sent an ultimatum to Quay, but there is no doubt that a messenger has been passing to and fro with messages that will probably bear fruit within the next twenty-four hours. Unless Quay comes here tomorrow or takes steps leading to an adjustment of the situation, Magee and his followers will throw their votes to another candidate. Thursday is fixed as the day of final play. Magee wants to have a talk with Quay, and it is possible there may yet be an election entirely satisfactory to the party.

BLOWN TO PIECES LOADING TORPEDOES

A Man and Two Boys Killed by a Powder Explosion.

Pittsburg, Pa., April 4.—Charles Richmond and Clyde Orr, 15-year-old boys, and William S. Schooley, a manufacturer of railroad torpedoes, were killed today at Braddock by the explosion of a tumbling compound used in torpedoes. Schooley was filling the torpedoes and the boys putting the caps on when the explosion occurred. The three were terribly mangled.

ASSEMBLY GIVES UP

Obstacle to the Peace and prosperity of Cuba Removed.

Order for the Disbandment of the Army of Liberation.

Payrolls go to Brooke for Distribution of \$3,000,000.

General Gomez to Retire from Cuba and Public Life—To Live on his Farm in San Domingo.

Havana, April 4.—The Cuban assembly met today and finally decided to dissolve and disband the army, thus removing one of the greatest obstacles to the peace and prosperity of the island.

A resolution was adopted ordering the several chiefs to give each soldier a certificate of service. Arms are to be given up to chiefs, who will give them in charge of the municipal authorities until a government is established. One month is given all members of the army to present claims for titles and honors.

It was extra officially agreed to turn over to Brooke a copy of the pay rolls, so that the \$3,000,000 can be distributed.

There is consternation among Gomez's officers over the fact that he expects to leave Saturday or Sunday for his home in San Domingo. Gomez says he is going to live on his farm there.

Heirs to Great Fortune's Wedded Amid Floral Beauties.

New York, April 4.—William K. Vanderbilt and Virginia Fair were united in the bonds of matrimony at noon today. The ceremony occurred at the house of Herman Oelrichs, brother-in-law of the bride. The ball room in the Fifty-seventh street house was luxuriant with beautiful foliage, the walls being concealed under similar with intermingling flowers and tiny incandescent lamps. Father Murphy performed the ceremony. An orchestra of fifty pieces played the wedding march.

LATEST VICTIM OF WINDSOR HOTEL FIRE

Warren F. Leland, the Proprietor, Dies After an Operation.

New York, April 4.—Warren F. Leland, proprietor of the Windsor hotel, died this evening. He was taken sick a week ago with nervous dyspepsia brought on by grief and worry over the hotel fire in which his wife, daughter and two cousins lost their lives. Later he was operated on for appendicitis, but the actual cause of his death was the spread of peritonitis. Leland was one of the most prominent hotel men in the country.

ENGLAND GIVES NOTICE REGARDING SAMOA

Is Agreeable to Formation of an International Commission.

Washington, April 4.—Sir Julian Pauncefote, British ambassador, notified the secretary of state today that Great Britain accepted in principle the suggestion of the formation of an international commission to deal with the Samoan affair. Great Britain has not yet accepted officially, but the acceptance will soon follow today's notification. It is understood Britain reserves its due solely to a desire to ascertain fully the desired scope of the commission's work.

MURDER, THEN SUICIDE.

A Discovery by Neighbors who Broke Into a House.

Washington, April 4.—A double tragedy at Falls Church, Va., which occurred March 23, was disclosed today, when neighbors of Weston B. Turner broke into his house and found the dead bodies of Turner and his wife. Mrs. Turner lay on a couch with a bullet hole in her head, while under the table lay Turner, pistol in hand, telling plainly he killed his wife and himself. Papers on the table contained accounts of a suicide, and it is supposed brooding over this turned the old man's mind.

FOR BIG RUSSIAN WARSHIPS,

Chicago, April 4.—Chicago firms made contracts yesterday with A. Franzkevitch, chief engineer of the Russian navy, to furnish the engines and boilers for two ships of war now being built for the czar's government in the Cramp shipyard at Philadelphia. Mr. Franzkevitch arrived in Chicago with the representative of the Cramps, George B. Hartley, to place the order. The Illinois Steel company got the contract for the engines and the Stepling company, tubular boiler manufacturers, for the boilers of the battleship Retzevan, which is to be a formidable fighting vessel of 12,500 tons, and of the first class cruiser Verag, a 6,500 ton vessel.

FIRST NATIONAL'S CREDITORS.

Consider Advisability of Contesting Title to Library Building.

There was a meeting of the creditors of the First National bank last night, called by Fred A. Hull, the receiver. The question of the advisability of bringing suit to recover the title to the Palmetto building (the old home of the bank), which is now in the possession of George W. Pack, was debated. No definite action was taken, but another meeting to consider the matter will be held in a few days.

SEARCH FOR FILIPINOS

One Thousand of Them Found Near Calumpit.

Short Battle in Which our Casualties Were Five.

\$23,000 Found in Insurgent Treasury at Malolos.

Two Other Safer yet to be Opened. American Proclamation to Filipinos.

Manila, April 4.—MacArthur's division still remains at Malolos. The First Montana, with two guns and a detachment of cavalry, all under the command of Lieutenant Colonel Wallace made a reconnaissance in force today in the direction of Calumpit. The country was thoroughly scoured, with the result that a thousand of the enemy was discovered a few miles from Calumpit. Our troops routed these after a short fight, but as it was useless to pursue them they returned to Malolos. In the skirmish we lost one killed and four wounded.

In searching the building at Malolos, which was formerly the treasury department of the insurgents but is now the American headquarters, three safes were found. Only one has yet been opened. It contained \$23,000.

The proclamation of the United States Philippine commission has been published. It recites the intention of enforcing the supremacy of the United States throughout the archipelago, and of granting liberty and self-government to as full an extent as is compatible with a safe administration of the public affairs and the international rights and obligations of the United States.

THE GOLF FINALS.

The golf finals in the tournament at the Swannanoa club's links will be played today. The record stands Lambert 45 for nine holes against Ray, 48.

THE PEARSON-CRAWFORD CONTEST

The sheriff's office was busy yesterday serving subpoenas on witnesses in the Crawford-Pearson contest. Depositions will be taken in this city tomorrow.

BAD COUNTY ROADS.

The county roads are now in a worse condition than they have been for several years, owing to the continued bad weather. The impassable condition of these roads is illustrated by an accident related by Dr. I. A. Harris, about five miles from the city on the Weaver-ville road, near Mr. DuBois place. A mule which was led by a man stepped into a mud hole so deep that the efforts of four men were unable to pull it out. A stout mule was attached to the animal which was finally extricated from the bog.
