How Women May Keep Young

The real secret of youthful features in women is regular menstruation. If there is an irregularity of any nature—if the menses be suppressed, or too scanty, too profuse or painful—the trouble will show in the face. The eyes will be encircled with black, the skin sallow; blotches and pimples will appear, and the sufferer, although young in years, will appear old in looks. The unfailing remedy is

We understand since the overflow of the Yadkin river, there have been several skeletons found in the bottoms of F. C. A company has been looking over Farmer's shoals, above the Neck, Thursday, and are speaking of putting in an electric plant.—Tyro Cor. Lexington Dispatch.

We notice items in the papers of successful farming in this county which induces us to publish the following: There were 5 families living on Judge Furche's Chipley's farm, seven miles north of Statesville, during the year 1898, and they raised 530 bushels of corn, 386 bushels of wheat, 12 bales of cotton, and also a quantity of oats, sorghum, and other small crops. After digging the potatoes the land was sowed in peas and German millet. After marketing this crop, he planted another crop of Irish potatoes. The crops cost him \$62.50 and Mr. Kivett realized \$191.70, making a clear profit of \$129.20.—Ashboro Courier.

A new industry will be established near here next month, that will bring considerable money into this section. It is a mill for cutting barrel staves, which will be operated on the old Oeage Lutterloh place, five miles northward of Pittsboro, by Messrs. Ellis and Franks of Swain county. They have employed Mr. Spencer Taylor to buy for them at once 2,000 cords of white oak and post oak timber, for which they will pay \$4.75 a cord delivered at the mill, or \$1.25 at the stump. The staves will be hauled here for shipment, and are intended for the Standard Oil Company.—Chatham Record.

The Connecticut Mutual Life Insurance company, one of the largest in the world, withdraws from this state on account of the "Craig bill," saying it cannot as a purely mutual company be, in justice to all its policy holders, bound by the provisions of any such law. This company has done business in North Carolina since 1866, and has paid 220 losses, aggregating over \$2,000,000. Its retirement takes effect May 31, the new law going into effect June 1. It has notified Commissioner Young of its withdrawal.
