

A Domain of Health and Crandeur.

The SKYUKA HOTEL is built on a crest overlooking a vast area of the wild and wonderful scenery of "The Land of the Sky." It is sheltered on the north from blizzards, and is open to the balmy breezes and sunshine of the Southland. Its location is HIGHER THAN ASHEVILLE. (3,200 feet elevation). Milder than Asheville. Healthier than Asheville. It has its own springs of absolutely pure water. It has a perfectly sanitary drainage system. It is thoroughly equipped with hot and cold water, toilet and bath rooms, steam heat, electric lights and call bells. Long distance telephone and postoffice. The guest chambers are comfortable, airy and afford charming outlooks. The telegraph and railway station is Tryon, N. C., 40 miles south of Asheville. For information and pamphlets address D. B. Stearns and Son, Skyuka, Polk County, North Carolina.

A rich man died the other day. He died in the very midsummer of life, and he left his family \$1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by eating me all the snatched-in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered condition of the stomach and the organs of digestion and nutrition are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, complete loss of the eye-bright, fluctuations in physical strength, nervousness, sleeplessness, despondency. No one person will have all these symptoms at once, but any one of them calls for prompt aid for the suffering stomach.

The restoration of the stomach, digestive and nutritive organs to a condition of sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses from that dose until the organs are in healthy operation. Then the nerves are quiet, the appetite healthful, the sleep restful, the eye bright, the complexion clear. In one word the body is in a condition of perfect health.

"I was troubled with indigestion about two years," writes Wm. Bowker, Esq., of Julisetta, LaSalle Co., Ill., "and did not much better until I was told by a friend that I should try Dr. Pierce's Golden Medical Discovery. I tried it and it cured me. I am now in perfect health and I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Don't let the dealer sell you a substitute, if you want a cure. Insist on having "Golden Medical Discovery." Dr. Pierce's Pleasant Pellets surpass all complexion powders. They make the skin healthy and the complexion clear.

HENDERSONVILLE ITEMS.

Result of Municipal Election—D. N. Sledge Wounded.

Hendersonville, May 2.—The municipal election has passed off quietly and resulted in a victory for democracy. D. N. Sledge was elected mayor and M. C. Toms, J. L. Orr and Joe Bailey, aldermen.

Mr. Robinson, who at one time edited the Times here, left with his family today for his old home in Iowa. Our new hotel is progressing rapidly, and Contractor Edwards says it will be ready to open July 1.

Don Sledge received a severe wound on the head last night in an altercation with a negro who is now in jail awaiting developments.

Hotel Dewey has changed its location and its sign swings out from that large hotel building near the depot, where the hungry will be fed and the weary find rest. The proprietor says: "No one shall feed better than I do."

Mr. Barton, who will run the new hotel here, is in town helping to rush the work. He is a genial gentleman and we predict he will make a popular landlord.

George Smathers, of Asheville, is here, negotiating for the sale of some lots belonging to the bank of which he is receiver.

The country people have been quite scarce in town the past week, taking advantage of the weather to work their farms. News comes from all directions that there will be an abundant crop of fruits, with the exception, perhaps of peaches.

Morris W. Smith, of New Orleans, will stay a while longer at Hotel Dewey before leaving for Connecticut to visit his children.

Mrs. Tinsall and children, of Sads, are at Hotel Dewey for a short stay. JOE ROBY.

NOTES FROM BREVARD.

Wm. E. Breese, Jr., Elected Mayor.—Epworth School.

Brevard, N. C., May 2.—The municipal election here yesterday was perhaps the quietest for years. Only one ticket was out which was headed by W. E. Breese, Jr., for mayor. The entire ticket put out was elected, although there were a great many scattering votes for aldermen. The former mayor, J. W. Pless, announced a week ago his desire to "return to private life for a much needed rest," and no one opposed Mr. Breese's candidacy, and a greater part of the old board refused to be re-elected.

The suavia in modo of the new mayor has made him very popular with the boys, who are greatly pleased with the honor bestowed upon him.

Mr. J. F. Hays, the manager of the Transylvania railroad company, has opened his offices in the Cooper building, and will in future make this his head office for the conduct of the business of the Texaway company as well as the railroad business.

The Epworth school is making extensive preparations for their closing exercises, which will this year be the best entertainment of the kind ever given in Brevard. The school has become a very important feature toward progress in the town and great hopes are entertained by the citizens of a bright future for the institution.

DISCOVERED BY A WOMAN.

Another great discovery has been made, and that too, by a lady in this county. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz, of Shelby, N. C. Trial bottles free at T. C. Smith's and W. C. Cunningham's drug stores, and at Pei-han's Pharmacy. Regular size 50c and \$1.00. Every bottle guaranteed.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be balanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tabules, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tabules will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have said, "Say, John, what are you doing to look so healthy?"

A MYSTERIOUS BURIAL.

Virginia, Ill., May 2.—While removing the remains of Richard Walker from the Robinson cemetery near Sugar Grove to Walnut Ridge at this place the body of a young woman was found at the former place. The body was scarcely two feet underground and had been there a night or two. It was thought it had been buried hurriedly and from appearances had been there about two years. There have been no disappearances in this section within that time and it is thought the body was placed there by parties from a distance, as the cemetery is in an out of the way place.

When Thackeray Was Not Elected.

It is almost starting to be reminded, as we are by Mrs. Ritchie's introduction to "The Virginians," that at one period the novelist earnestly desired to enter the house of commons. Nay, he actually stood for the city of Oxford, coming in as the bottom of the poll. "A very good thing, too," says Toby, member of parliament, who is supposed to know something of the house.

In 1857, when he made the attempt, he was 46 years old, far too advanced in life to make his mark at Westminster. He would have been lost in a crowd of mediocrities, would have been nowhere in the race with the glib, blatant Bashmead Artlets of the day. He did not get in, but when, addressing the electors after the election, he declared, he undertook to "retire and take my place with my pen and ink at my desk." The result was "The Virginians," published in November of this same year, worth a whole session full of speeches addressed to Mr. Speaker.

The March of the Waiters.

The old St. Nicholas hotel, that flourished in New York, on Broadway, near Spring street, put on more style than any house of the time. The waiters' march was an evolution of which any military command in the country might have been proud. In those days the head waiter was a master of tactics. When the guests were seated, he snapped his fingers, and in marched the waiters with trays loaded with eatables. Keeping perfect step, each marched to his designated table and paused until the head waiter snapped his fingers twice, when down went the trays with a rattle. At a signal of three snaps covers were removed and dishes arranged for the comfort and convenience of the guests. The army then posed stately until four snaps, when it right about wheeled and retreated to the kitchen.

The Word.

"Do you mean to tell me," said the unfortunate litigant, "that the whole property in dispute has been wasted in costs?" "I said it had been absorbed, my friend, not wasted," replied the lawyer, who got the most of it.—Chicago Tribune.
