## FIGHTING RESUMED

Several Encounters With Filipinos Yesterday.

A Typhoon Raging and the Rainy Season Has Begun.

Suppression of a Spanish Newspaper in Manila.

Troops Arrive From San Francisco—Departure of Volunteers Delayed by the Storm.

Manila, Tuesday Evening, May 23.—Major Bell of the Fourth cavalry, made a reconnaissance at Santa Rita, west of Bacolor today. He encountered considerable resistance from the enemy and had several men wounded. There was also a brush with the enemy at Marquina and later at Passy, where a line of insurgent skirmishers, who were shielding a force of trench diggers, attacked General Owenshine's lines, but were repulsed by a battalion of the First Idaho Infantry and two companies of the Twelfth Infantry. The Americans had two men killed and two wounded.

A typhoon is raging and the rainy season has begun. Recent events have not brought about any change in the American military policy.

Two battalions of the Sixth artillery and 260 marines have arrived from San Francisco. The railway tracks have been repaired and the first train reached San Fernando this morning.

The Spanish newspaper Oceana has been suppressed by the military authorities and its editor arrested for publishing objectionable articles.

Brigadier General Williston, who is here in command of the troops of the Sixth artillery, will succeed General Hughes as provost marshal of Manila. General Hughes having been assigned to duty in the Visayan Islands.

The departure of the First California infantry for home has been prevented by a typhoon.

**OTIS RECOMMENDS PROMOTIONS.**  
Washington, May 23.—Otis cables as follows:  
"Manila, May 23.—Adjutant General, Washington: On the urgent recommendation of Lawton I recommend Colonel Owen Summers to be brigadier general, volunteer brevet, for conspicuous gallantry at Massan, Bulacan ridge, San Isidro; Captain J. S. Case, major of volunteers, brevet, for distinguished services and gallantry at the above places while acting as a division engineer officer. (Signed) Otis."

Colonel Summers is colonel of the Second Oregon volunteers and commanded the advance brigade of General Lawton's division in the attack on San Isidro.

## FILIPINO CONGRESSMAN SURRENDERS TO OTIS

**Says Aguinaldo Fears Luna, Who Is Absolute Dictator.**  
Manila, May 23.—Filipino Congressman Rosario, a prominent resident of Manila, and formerly Aguineldo's commissary general, together with an insurgent captain, called upon General Otis today, and said they wished to surrender themselves and their property. The surrender was arranged by the chaplain of the Fourteenth regiment, who formerly knew Rosario. Since the insurrection began to weaken Rosario has been closely watched by officials at Tarlac because it was known he corresponded in cipher with Luna. Rosario only escaped by persuading Luna to send him to Manila on a secret mission to collect funds. Accompanied by an insurgent captain and several families Rosario, by traveling at night, succeeded in passing the lines of both armies, arriving at Manila yesterday.

Rosario says Aguinaldo fears Luna, who is an absolute dictator, and all the leaders are suspicious of each other, fearing treachery. He declares the recent meeting of the Filipino congress was held for the purpose of forming a

## THE PHILIPPINE POLICY UPHELD

**Maryland Division Sons of Union Veterans Pass Resolutions.**  
Washington, May 23.—The Maryland division Sons of Veterans, at a meeting today, unanimously adopted resolutions upholding the Philippine policy of the administration, urging President McKinley to take every means to subdue the insurrection. One resolution deplored and denounced the publication and distribution among the soldiers in the Philippines of tracts and papers calculated to breed dissatisfaction and discontent among the soldiers.

A resolution was also adopted protesting against devoting Decoration day to out-of-door sports and expressing the opinion that the day should be held sacred in memory of those who died to preserve the union.

## NATIONAL ANTI-TRUST CONFERENCE TO BE CALLED

**Governor Sayers Gives Notice of His Intention—Its Object.**  
Dallas, Tex., May 23.—Governor Sayers announced to friends in Austin and Dallas tonight that he will in a few days issue a formal call for a national anti-trust conference, and will send invitations to governors and attorney generals of all states to attend as credited delegates. Governor Sayers at first contemplated a conference limited to southern and western states, but the anti-trust issue appears to have grown so great throughout the country, in his opinion, that he has concluded it will be better to thoroughly nationalize, instead of sectionalize the conference. He said that an approximate uniformity of state law and state policy is an absolute essential in bringing about the eradication of the trust operations. This, he believed, can be accomplished by a patient, intelligent comparing of views of all the governors and attorney generals. The meeting is to assemble in St. Louis about the 5th of September.

## NO BANQUET TO CREW OF THE NEW ORLEANS

**Except on Ship Board—Feared it Would Cause Race Trouble**  
New Orleans, May 23.—The committee of citizens having charge of the banquet to be given to the crew of the New Orleans abandoned today the idea of giving it in a hotel in this city, because of the very bitter opposition that sprang up to having negroes and whites at dinner together. The proposition threatened to stir up race trouble and the committee decided to have the dinner aboard ship and invited no one to it, because of the presence of negroes.

Captain Longnecker refused to separate the races and thus brought about the affair, whereas Captain Maynard, of the Nashville, who preceded him here, although he had several negroes in the crew, managed diplomatically to keep the negroes out of sight.

Several prominent negroes of New Orleans asked Captain Longnecker some days ago to be allowed to entertain the negro members of the crew, and permission was granted them. It is regarded as somewhat strange that a similar proposition of white citizens for a separation of white and negro sailors was refused.

## SALEM COLLEGE COMMENCEMENT.

**Special to the Gazette.**  
Winston, N. C., May 23.—Tonight was the seniors' second evening in connection with the Salem Female college commencement. The essays were interspersed with excellent vocal and instrumental music. The young ladies had these subjects: "The Czar's Peace Proposition," "Is War Doomed?" "Its Relation to Religion," "From Silhouette to Snapshot," "Greek and Roman omes," "Medieval Homes," "Modern Homes," "The Ideal Home," "North Carolina from Seaboard to

**You wear glasses? Yes, but do you wear the right kind? Just as well take one medicine for all diseases of the human system, as use one certain glass for all eye defects.**

## DEWEY AT HONG KONG.

**Hong Kong, May 23.**—The cruiser Olympia with Admiral Dewey on board arrived today from Manila. She was saluted by the ships of all nationalities. Admiral Dewey is in bad health, being too ill to attend the Queen's birthday dinner. The Olympia is going to dock here and will remain ten days in the port.

## PROMISED MISSION WORK AMONG NEGRO CHILDREN

**Georgia Kindergarten League Asks for Funds From the North.**  
Atlanta, Ga., May 23.—The Kindergarten League of Georgia pledged the people of Boston and the east to undertake the work of morally training the negro children of the south as soon as means and money for this mission is supplied. This pledge was made last night by telegraph and a message was read before a Boston audience by ex-Governor Northern.

But the fulfillment of the pledge is being doubted in Georgia, as it may be but fair to say that some of the ladies who signed the telegram state positively that they have not yet solved the complicated problem as to the manner in which moral training is to be given negro children. Several signers say they will not personally teach the negro children, because thereby they would degrade themselves, and they could not think of such a thing.

## PRESBYTERIAN ASSEMBLIES EXCHANGE GREETINGS

**The Southern Assembly to Establish Schools—Bible to Be Text Book.**  
Richmond, Va., May 23.—The southern Presbyterian general assembly, now in session here, received a telegram today from the elders of the northern assembly now in session at Minneapolis saying: "In the name of our common Master, greetings. We pray in your behalf; pray for us." The elders of the southern assembly replied: "We greet you as members of our body in Christ; may God bless you always."

The assembly tonight decided to adopt the recommendation of its committee on education to establish denominational schools where the bible shall be the text book and which shall be distinctively Christian.

## GREAT CRUSH OF PEOPLE AT THE PEACE JUBILEE

**President and Wife Almost Swallowed Up in the Immense Crowd.**  
Washington, May 23.—Mr. and Mrs. McKinley, Mr. and Mrs. Hay, Postmaster General and Mrs. Smith, Secretary Hitchcock and General Corbin while en route tonight to the white house lot to witness the fireworks display near the Washington monument in connection with the peace jubilee, came very near being swallowed up in the crowd. They required the service of a platoon of mounted police to make way for their carriages and a platoon on foot to keep the crowd away. The crush was so severe that many rumors of accidents were afloat but it is believed that no one was seriously hurt.

## AID TO PAY A STATE DEBT.

**Harrisburg, Pa., May 23.**—The statement of Henry Frick yesterday that the capital stock of the new Carnegie company will be \$250,000,000 has caused great interest at the state department here where the application for the charter is on file. Under the new bonus act this immense concern will increase the state revenues almost a million dollars as a consideration for the granting of the charter. This amount must be paid before the charter is issued. Last week the Bethlehem Steel company increased its capital stock to \$15,000,000, and a check for \$50,000 accompanied the certificate of increase. If the era of industrial expansion should continue, Governor Stone will have no trouble whatever wiping out the floating debt of the state.

## RELIEF FOR CUBAN SHIPPING.

**Washington, May 23.**—At the cabinet meeting today, Secretary Gage brought up the question of a flag for Cuban shipping. About \$6,000,000 worth of Cuban shipping is tied up and prevented from engaging in international trade because it has no flag to sail under. The owners have repeatedly asked for relief. The whole matter was referred to Secretary Gage for solution, if one can be found. The question represents many complications and is recognized that a great injustice is being done Cuban owners of ships under the existing state of affairs. Secretary Gage will confer with the bureau of navigation regarding the matter.

## SKELTONS UNEARTHED.

**Mackinaw City, Mich., May 22.**—Harry Lazell, mill clerk on the Grand Rapids and Indiana railroad, and Richard Neal, of this place, while digging for relics at the site of old Fort Mackinac, unearthed six complete skeletons. Four of them were lying with their heads toward the east, but the fifth was lying toward the west, with the head resting on the feet of one of the others. This is possibly the burying place of some of the victims of the massacre which took place 130 years ago.

## THE ROUGH RIDERS' REUNION.

**Chicago, May 23.**—Lieutenant W. H. Weakley, who is in Texas arranging for the presence of the rough riders of that state at the reunion in Chicago next fall, is expected to arrive in Chicago in a few days. The first annual reunion of that famous body of soldiers has been arranged to take place here October 7, 8, 9, 10 and 11, and it is now proposed to put the men under the same organization as that which ruled them at Santiago. An armory or suitable parade grounds will be secured, where the regular camp will be established, with Colonel Theodore Roosevelt in command.

## GOMEZ'S INFLUENCE

**Exerted to Induce the Cubans to Accept Money.**  
**Brooke's Order for Payment of Soldiers to Be Issued To-day.**  
**Havana Paper Says the Money Will Go Back Untouched.**  
**Brooke Expects Majority Will Lay Down Their Arms—Gomez Coming to United States.**

Havana, May 23.—Interest in the disarmament question is waning. Reconcentrado, the only paper discussing the matter, says the money appropriated will go back to the United States untouched. Brooke expects that a majority of the soldiers will appear at the designated days to take the money Brooke's order regarding the payment of the soldiers will be issued tomorrow. Gomez called a meeting of the generals this afternoon and urged them to do their utmost to influence the men to accept the money.

**GOMEZ TO VISIT WASHINGTON.**  
Washington, May 23.—It is stated that Gomez will visit Washington shortly. The date has not been fixed, and Senor Quesada, who represented the Cubans here before the war with Spain, says he is unable to give any particulars regarding Gomez's trip.
