by some unknown person. His skull was fractured, and this alone it is thought, will cause death. He has but recently, it is said, returned from the Soldiers Home in Raleigh. Raleigh Post.

Henderson Jones, a worthy colored man, of Warrior, lost his house and its entire contents by fire early yesterday morning. The fire came on them so suddenly that the family barely escaped. It is feared that the fire was of incendiary origin, as they had had no fire in the house since early in the evening before when they prepared their supper. When they awoke the roof was falling in. It is a severe loss to the man, as he had no insurance. —Lenoir News.

Moonshiners poured in here today to attend federal court. One of the problems to city people is where the moonshiners sleep while here. It is said they stay in open lots, sleeping in wagons, etc. Most of them bring some "rations" from home. Lost term a man who had no rations went without food for 3 days, he finally fainted in a corridor of the government building. It seems that he came without a cent of money. There are at this time 120 cases on the criminal and 111 on the warrant docket. —Raleigh Correspondence Charlotte Observer.

The Southern Bell Telephone company (which is really part of the Western Union Telegraph company) in its exceptions to the recent order by the corporation commission reducing and fixing rental rates, says with a great positiveness that the act creating the commission does not give the latter any power over telephone rates, and furthermore provides no means of appeal. In the latter respect the act is, by reason of carelessness in the wording of one section, made applicable only to railroads. Yet two good lawyers drew the act. —Raleigh Correspondence Charlotte Observer.

Secret service agents of the government arrested here today two counterfeiters and seized a quantity of bogus money. The first arrest was made about 1:30 a. m., that of a man named Walter Silvey, at his home in the northern part of the city. A few hours later the detectives arrested Nick Folitz, a Greek, who kept a grocery store near Front street market. At Folitz's store about \$100 in counterfeit coin dollars and half dollars, crucibles, tools and a quantity of base metal were found. In the room occupied by Silvey the detectives found 800 or more bogus nickels and a lot of metal dies, etc. The two men were committed to jail. —Wilmington Correspondence Charlotte Observer.

Yesterday afternoon Mr. and Mrs. Eatman started in their buggy from their home on Saunders hill. The horse had been previously hitched and tied in front of the house. His bridle had either been taken off while he was fastened or he had worked it off against the post. This Mr. Eatman did not notice when he got into the buggy. The horse was rather wild and started down the hill at a rapid rate. Since his bridle was off Mr. Eatman could not check him. Of course, the animal was absolutely unmanageable. He ran as far as the corner of Saunders and North streets, in front of Mrs. G. L. Watson's place when the animal sprang into the gutter. Mrs. Eatman was thrown out and her hip dislocated. Mr. Eatman escaped without any painful injury. The horse broke his backbone and lay helpless on the side of the street. About 7 o'clock last evening Mr. Eatman telephoned to Mayor Powell to send out and have the horse killed and removed. Mayor Powell sent him word that it was too late, his force was gone, but he would send out next morning. Mayor Powell also authorized Mr. Eatman to shoot the horse. This morning Colone Tobias Marshall took his pistol, went to the scene and ended the horse's misery. The animal should have been killed last evening. The fact that he was allowed to remain in the street all night suffering cannot be too strongly condemned. —Raleigh Times-Visitor.
