BIG STORM AT BUFFALO

Western New York Swept by a Fierce Gale.

Much Damage to Property and Some Lives Lost.

Twenty Men Caught in the Ruins of a Factory.

Grand Stand on the Base Ball Grounds at Lockport Destroyed—Two Men Killed at Tonawanda.

Buffalo, May 29.—A terrific storm swept over western New York this afternoon, doing great damage to property. A factory wall and a ninety-foot chimney were blown down here. Twenty men were caught in the debris and two were fatally injured. The grand stand at the baseball grounds at Lockport was blown down and one man was fatally injured.

Tonawanda, N. Y., May 29.—A fierce storm struck this city at 4 o'clock this afternoon. North Tonawanda suffered the most severely. Several buildings were wrecked and many chimneys blown down and trees and telephone poles overthrown in the streets. Two men were killed. Outlying towns near here report considerable damage. Fears are entertained for shipping on Lake Erie.

THE RETURN OF DREYFUS.

Will be Carefully Guarded While on Ship Board.

London, May 29.—The correspondent of the Daily Telegraph at Cayenne, capital of French Guiana, telegraphs the substance of an interview he has had with M. L. Moutet, governor general of the colony, as to the policy of the retransportation of Dreyfus to France. The governor general said: "The question has been already thoroughly considered. I have received the minutest instructions relating to his removal from the Ile Du Salut, which will be personally supervised by myself and M. Daniel, governor of the Ile Du Salut. No persons but the state officials and the regular warders will be permitted to witness his departure, which will take place in the roads of Ile Royale, without touching at Cayenne. "While on ship he will be invisible to the crew, the jailors alone administering to him. I have received by the latest government courier a sealed dispatch with orders to open it only in the event of revision. What arrangements there are for disembarkation in France I do not know."

THE BIG LABOR FIGHT IN DENMARK.

Stockholm, May 29.—The combination and lockout in Denmark has developed into the most serious labor trouble ever known in the peninsula. Since the building-trades employers last week announced that they would meet the strike of the joiners with a general lockout, both sides have organized for an offensive and defensive fight. According to today's despatches from Copenhagen 40,000 men are now out of work, an increase of more than 10,000 within a week.

FAMINE SUFFERERS IN RUSSIA.

London, May 29.—The Rev. Mr. Francis, pastor of the British-American church in St. Petersburg, writes to the papers a pitiful appeal for help for 5,000,000 famine sufferers in the eastern provinces of Russia, where he is now working as chairman of the relief committee. He gives distressing details of the sufferings of the people. He says that 22,000,000 is requisite to keep the starving people alive during the three months to the next harvest.

NEGROES DESEBTING WILMINGTON

Norfolk, Va., May 29.—Negroes continue to desert Wilmington, N. C., for new homes in the north, and the employment agencies are doing a land office business. Today thirty families passed through here on their way north.

A REBUKE TO INGALLS

By Rev. G. D. Olden for the Ex-Senator's Advice to Negroes.

Topeka, Kan., May 29.—Rev. G. D. Olden, a leader among the negroes of the west, today issued an address to the negroes of the country in which he scathingly rebukes former Senator Ingalls for his recent blood and thunder advice to the negroes of the south. Rev. Mr. Olden says:

"Ingalls has overlooked or been blind to the fact that the negro race in all its oppression has always been found inoffensive and never known to resort to any measure which might result in the destruction of life and property as a means of redressing the wrongs inflicted on him by the dominant race. Ingalls appears to be ignorant of the fact that in all strikes in this country which have resulted in the loss of life and destruction of millions of dollars worth of property, the negro has never been the inaugurator of a single one. Why Ingalls advised the negroes to resort to sword and torch, in my opinion, is because he desired the extermination of the race, which would surely follow if his advice were carried out, or to see that every opportunity which tended to advance the interest of the negro socially and politically was forever buried so deep that the blast of the political trumpet could never resurrect him. Ingalls says the negro wears heavier chains in liberty than those he wore in servitude. No man living today who knows anything about the negro's condition in slavery would for a moment consider such a statement, which is devoid of all common sense."

M'KINLEY PETITIONED TO PERMIT A REVIEW

Of Volunteers From the Philippines at St. Louis in August.

Washington, May 29.—A strong effort is being made to induce President McKinley to have a grand review of all the volunteers now serving in the Philippines at St. Paul, Minn., during the president's contemplated visit in August. There are many objections to the chief being the belief that the soldiers should be sent home as soon as possible after their arrival from Manila. The probability is that the parade will not be held.

PHOENIX WITHDRAWS

The Big Insurance Company Wires Instructions

The Phoenix Insurance company of London, yesterday afternoon wired their Asheville agents: "We do not see our way clear to continue business under the Craig law, and you will please cease writing for this company on the 31st day of May."

A prominent insurance man, in discussing the insurance matter with the Gazette, said the companies did not object to the law because it would have the effect of making them amenable to the state courts, but that the companies did not believe they could owe fealty to two different sovereigns at the same time. This was an inconsistency they did not propose to tamper with.

For some time it was believed that the companies of the Southeastern Tariff association would continue to do business in the state but the Phoenix, of London, belongs to the association mentioned.

SOLICITOR WEBB SUED.

Former Solicitor McCall Declares Him to be a Usurper.

R. S. McCall, former solicitor of the county criminal circuit court, yesterday brought suit for recovery of the office against Solicitor Charles A. Webb. Lusk and Frank Carter.

The allegations of the complainant declare the present solicitor to be usurper, and a claim is made for both the office and the fees.

Notice of the action was served on Solicitor Webb by Deputy Sheriff F. M. Jones during the afternoon.

CUBANS YIELDING

Many of the Soldiers Accept American Money.

Opponents of Gomez Unable to Hold Them in Line.

Belief That the "Backbone of the Strike" is Broken.

Payment Begins Today at Places Throughout the Island Outside of Havana.

Havana, May 29.—The payment of the Cuban soldiers continued today, one hundred and fourteen accepting payment and surrendering their arms. It looks now as if the opponents of Gomez and the Americans will not be able to hold the men in line to refuse the American offer. The change is partly attributed to the appearance of the soldiers who had been paid with the money among their comrades and friends, thereby inducing them also to accept payment. Tomorrow payment begins at other places. The American officials believe the "backbone of the strike is broken."

DECORATION DAY WILL BE OBSERVED IN CUBA.

First Observance of this Day in History of the Island.

Santiago, May 29.—Decoration Day will be observed here tomorrow for the first time in the history of Cuba. Flags will be half masted, and the graves of the American soldiers at Las Guasimas and the sailors at Guantamamo will be decorated. Services will also be conducted at the graves of the victims of the Virginias massacre. Prominent Cubans are desirous of having the day officially recognized for honoring the Cuban dead.

MEMORIAL DAY.

Indications that That Day Will be Generally Observed.

The Memorial day program arranged by the G. A. R. is an unusually elaborate one and it is expected that the occasion will be generally observed. A number of ladies will suggest suitable decorations for the Vance monument and other places. Members of the G. A. R. would be glad if every one who attends will take a bunch of flowers for the graves. A number of confederate veterans will take part in decorating the graves and will have confederate flags for their dead. All the soldiers of the Spanish war are expected to attend in uniform as the graves of their dead will be decorated. Addresses will be made by Captain T. W. Patton and Hon. James M. Moody. The speaking will take place at Newton academy and will commence at 2:30 p. m.

Major W. W. Rollins of the invitation committee received a telegram from Hon. Richmond Pearson yesterday which stated: "Regret unavoidable absence from your patriotic service tomorrow."

The Asheville and Baltimore Street Railway company will operate special cars to accommodate those who attend the memorial services.
