## NEWMAN FIENDS

Names of Men Who  
Butchered Hose to  
be Published.

Announcement Made by a  
Minister in Chi-  
cago.

Detectives Have Been in  
Newman Gathering In-  
formation.

Declared That the Woman Hose Was  
Alleged to Have Outraged Has  
Never Said Crime Was Committed.

Des Moines, Ia., May 31.—"We have  
the names of the men who cut off the  
ears, fingers and other members of the  
body of Sam Hose, the colored man,  
who was burned at the stake in Geor-  
gia, and we shall publish them to the  
world in a pamphlet." This declara-  
tion was made here today by Rev. Mr.  
Episcopal church, Chicago.

Ransom, pastor of Bethel Methodist  
said, "and he secured the names easily."  
"We sent a detective to Georgia," he  
enough as it seems to have been quite  
an honor in that vicinity to have par-  
ticipated in this affair. The detective  
also found the woman Hose was accus-  
ed of having outraged, and she has  
never said such an offense was com-  
mitted against her. We shall print 10,  
000 copies of the pamphlet, giving the  
facts and send it to members of con-  
gress, ministers and others."

**LETTER CARRIERS NOT IMPLI-  
CATED.**  
Washington May 31.—Charles Hedges,  
assistant superintendent of free delivery,  
returned today from Atlanta, Ga., where  
he has been investigating charges  
against three letter carriers to the effect  
that they had taken part in the burn-  
ing of the rapist, Hose. Mr. Hedges  
found that the letter carriers were not  
implicated in the burning in any man-  
ner. They had gone to the place where  
the negro was burned the same after-  
noon, but arrived after it was all over.

## BRUTAL ASSAULT ON A LITTLE CHILD

Negro Assailant Almost  
Killed by Father.

Tarrytown, N. J., May 31.—There  
was talk of a lynching here today when  
it became known that a negro, Charles  
Lester, had brutally assaulted little  
Mary Connellan, the six-year-old  
daughter of Michael Connellan, while  
she was returning from school today.  
Her cries were heard at home. The  
father seized a revolver and started to  
rescue her but the brute had a good  
lead. The father organized a band  
and started in pursuit. One of the pur-  
suers held the negro up at the point of  
a pistol on Miss Heelin Gould's farm.  
When the father came up he was ter-  
rifiedly enraged, pulled out his pistol  
and exclaimed: "Die now, you dog."  
Men struck his arm upward, and the  
shot went into the air. Connellan then  
gave Lester a thorough beating.  
Lester was brought to Tarrytown,  
pleaded guilty and the police hurried  
him to the county jail at White  
Plains for safe keeping. The feelings  
here against the negro is intense. The  
little girl is in a precarious condition  
and it is feared she will die.

## ATLANTA FLOODED WITH COUNTERFEIT COIN

Imitation Almost Perfect—Street Car  
Conductors Victimized.

Atlanta, May 31.—This city is flood-  
ed with counterfeit half dollars and  
dollars. Street car conductors are  
made easy victims. The federal au-  
thorities in the city have been notified  
and every effort is being made to catch  
the counterfeiters. A majority of the  
coins bear the date 1896, but the dates  
run from 1880 to 1896. The imitation is  
almost perfect.

## SPANISH FLAG IN WASHINGTON

Duke de Arcos and Party Ar-  
rive at the Capital.

Washington, May 31.—The Duke and  
Duchess de Arcos, with the attaches of  
the Spanish legation, arrived in Wash-  
ington this evening, and are quartered  
at the Arlington, over which is flying  
the first Spanish flag raised in Wash-  
ington since the retirement of Minister  
Polo on April 21st. The Duke will call  
on Secretary Hay tomorrow. It has  
been arranged to present the duke to  
the president on the same day United  
States Minister Storer is presented to  
the queen regent of Spain.

## THE CUBAN "ARMY."

Yankee Shrewdness Figures It  
Down to Its Politics.

Washington, May 31.—One good rea-  
son why more of the soldiers of the Cu-  
ban army do not come up and get their  
money is because they do not exist. It  
was a spook pay roll that was submit-  
ted to General Brooke and three-fourths  
of the names upon it were  
fictitious. It represented the same  
army that the scouts sent out by Gen-  
eral Miles tried to find and that Ad-  
miral Sampson made preparations to  
transport around the city of Santiago.  
When the emissaries of General Go-  
mez arrived in Washington before the  
war they solemnly assured General  
Miles that their chief had had from 15,000  
to 20,000 able-bodied men under arms  
eager to attack Havana, if the United  
States would only furnish them provi-  
sions and ammunition and clothing,  
and, believing their statements, he  
made his plan of campaign. It was al-  
so asserted that General Garcia had  
from 10,000 to 15,000 in better condition  
than the army of Gomez, but the offi-  
cers sent to instruct General Gomez  
and General Garcia as to the part they  
should perform found that the former  
had only 167 men by actual count and  
the latter about 1,700.

When Admiral Sampson met General  
Garcia to arrange for the transporta-  
tion of his army from the west side of  
Santiago to the east side, where he  
could co-operate with General Shafter,  
General Garcia officially notified him  
that he had about 8,000 men, and boats  
for that number were provided, but  
fewer than 1,900 appeared, including  
women and camp followers.

Everybody who has had anything to  
do with the Cuban army has had the  
same experience. It took the Cuban  
assembly a long time to make up a roll  
of 40,000 men, and it was their intention  
to furnish repeaters enough to rep-  
resent the entire number. But they soon  
found the Yankees were too smart for  
them; that the arrangements for iden-  
tification would make fraud practically  
impossible. That is the reason why  
they did not want to give up their  
arms. They have not 40,000 muskets in  
all Cuba.

## GOMEZ VERY ILL.

Havana, May 31.—Gen. Gomez, who  
has been ill for some time, became much  
worse today, and is confined to his bed  
with a high fever and congestion of the  
lungs. The doctors say he is suffering  
from acute malarial grippe. His con-  
dition is thought to be serious.

## LIEUT. GILMORE HEARD FROM.

Washington, May 31.—The following  
dispatch was received today:  
"Manila, May 31.—Secretary of the  
Navy, Washington: An escaped Span-  
ish prisoner reports seeing Gilmore  
and some sailors and they were well.  
Gilmore is allowed a horse. (Signed)  
Barker."

## TARVIN'S BOOM

As Running Mate  
With William J.  
Bryan

Meeting of the Bimetallic  
Convention in Louis-  
ville.

Altgeld Advocates Initia-  
tive and Refer-  
endum.

And Municipal Ownership of Monop-  
olie.—Bryan Attends Tarvin  
Banquet.

Louisville, Ky., May 31.—The third  
annual convention of the Ohio Valley  
League of Bimetallic clubs began to-  
day. Nearly a thousand delegates from  
Ohio, Kentucky, Illinois and Indiana  
were present.

The boom of Judge Tarvin, of Covin-  
ton, president of the league, for vice  
president, was fairly launched today. It  
is stated, however, that the conven-  
tion will not endorse any candidate.  
Responding to the welcome Tarvin  
came out emphatically for free silver  
as the main plank, supplemented by  
an anti-trust plank.

Ex-Governor Altgeld addressed the  
convention this evening. He strongly  
advocated the system of initiative and  
referendum as a solution of the trust  
question and municipal ownership of  
all monopolies that it is possible for  
the government to control.

Bryan arrived tonight. He made no  
speeches en route or on his arrival here  
but was obliged to shake hands with  
thousands assembled at the depot. His  
visit tonight was solely to be present  
at the banquet tendered to Judge Tar-  
vin. He will return Friday to attend  
the dollar banquet, which will mark  
the closing of the bimetallic convention.  
The Tarvin banquet tonight was at-  
tended by two hundred persons. Bryan  
replied to the toast, "The Demo-  
cratic Party."

## THE PEACE PROPOSALS

England's and the United  
States' Plans Introduced  
to the Conference.

The Hague, May 31.—The arbitration  
and mediation proposals of England  
and the United States to the peace con-  
ference were formally introduced this  
afternoon. A select committee was ap-  
pointed to consider the matter. The  
American proposal do not differ mat-  
terially from the English, the chief  
difference being that they provide for  
one instead of two members from each  
country to compose a tribunal of arbi-  
tration, these members to be chosen by  
a majority of the supreme court judges  
of each nation.

## CHARGED WITH ASSAULT ON A CHILD.

Richmond, May 31.—Pleasant Wood-  
son, colored, was arrested at Farmville  
today for a criminal assault on his  
stepdaughter, 11 years old, last Monday.  
Woodson was remanded for the grand  
jury. The girl told a revolting story.

## NICARAGUAN CANAL REPORT SUBMITTED

The Childs Route Adopted by  
the Commission.

Washington, May 31.—The Nicar-  
aguan canal commission submitted its  
report to President McKinley today. It  
goes into minute details in respect to  
all questions in connection with the  
construction of the canal and says, af-  
ter mature deliberation, that the route  
from Brito to Lake Nicaragua, known  
as the Childs' route, was adopted and  
estimated for, and the Lul route from  
Lake Nicaragua to Greytown. The  
commission estimates the cost at  
\$118,113,790. It is understood on the re-  
assembling of congress the president  
will submit a report.

## ARRESTING THE LYNCHERS OF THE HUMPHREYS

Gov. Sayers Determined to Punish the  
Mob of Murderers.

Austin, Tex., May 31.—Governor Sayers  
is determined to bring every mem-  
ber of the mob who lynched James  
Humphreys and his two sons in Hen-  
derson county a few nights ago to jus-  
tice. He received a telegram today  
from Assistant Attorney General Mor-  
ris, whom he sent to the scene of the  
crime, stating that he was conducting  
a thorough investigation into the af-  
fair. Eight members of the mob are  
already in custody and warrants have  
been issued for the arrest of the others.  
Investigation shows that Hum-  
phreys and his sons were reputable  
farmers and that they were innocent of  
any offense. They had incurred the  
hatred of several of their neighbors and  
this was the only basis for the triple  
lynching.

## SIX PERSONS DROWNED IN THE MAUMEE

Crew of a Steamer Saw the Victims  
Struggling in the Water.

Toledo, May 31.—Six unidentified per-  
sons were drowned in the Maumee river  
tonight. It is thought they were three  
men and three women. A crew of the  
steamer State of New York heard cries  
for help, and when a search light was  
flashed three persons were seen strug-  
gling in the water. Shortly before the  
accident a small boat with three cou-  
ples was seen near the vicinity of the  
accident.

## RAVAGED BY STORMS

Wind and Hail Cut a  
Wide Swath in  
Wisconsin.

Houses and Barns Demol-  
ished and People  
Injured.

Destruction by a Tornado at  
Night in Ne-  
braska

A Family of Four Persons Injured in  
the Demolition of Their  
Residence.

Kenosha, Wis., May 31.—A terrific  
wind, hail and rain storm, accompanied  
by lightning, laid waste a strip a mile  
wide across the entire country today.  
A number of houses and barns were  
demolished and several people injured.  
Considerable live stock was killed.  
News of the destruction is coming in  
slowly from many places along the  
track of the storm, but so far no report  
has reached here of loss of life.  
Sioux City, Ia., May 31.—Details of  
the tornado Tuesday night in Nebraska  
are being received. At Dixon, the Pool  
family, consisting of four persons, was  
injured by the demolition of their resi-  
dence. A number of houses were de-  
stroyed.

Lincoln, Ill., May 31.—A cyclone this  
morning worked great havoc at Law-  
dale, north of here. The Chicago and  
Alton station was lifted from its  
foundations and stores and residences  
were partly wrecked. Large trees were  
uprooted. There were no casualties.

**A YOUNG WOMAN KILLED.**  
Minneapolis, Ia., May 31.—A cyclone  
passed through this section of Mills  
county tonight damaging property to  
the extent of \$40,000. The house of a  
farmer named Roberburg was demol-  
ished. His daughter was instantly kil-  
led and himself, wife and five other  
children were injured.

## WILL THE NEWARK GO TO SAMOA?

Germany Requests That She  
Shall Not Be Sent.

Washington, May 31.—On account of  
representations made to Secretary  
Hay by the German ambassador it is  
uncertain whether the cruiser Newark  
will be sent to Samoa to relieve the  
Philadelphia. It is understood the  
statement made by the ambassador was  
informal and practically amounted to a  
suggestion that no orders be issued to  
the Newark to proceed to Apia or be  
transmitted to that vessel on her ar-  
rival at Valparaiso. The German am-  
bassador has expressed the belief that  
the present satisfactory conditions at  
Samoa might be changed should the  
United States send another vessel  
there. This is a somewhat inconsistent  
attitude on the part of Germany as she  
has two warships at Samoa while Eng-  
land has the same number. The New-  
ark is expected to arrive at Valparaiso  
tomorrow.

## MASTERTON'S SLAYER DEAD.

New York, May 31.—Plumb, who on  
May 2d shot and killed Alexander Mas-  
terton, in the Arlington apartment  
house, died tonight at Bellevue hospital,  
presumably of erysipelas.
