KENTUCKY'S FATAL FEUD

Situation at Manchester More Strained Than Ever.

Peaceable Citizens Leaving Town for Places of Safety.

Ambuscade Planned to Murder Jim and Wiley Baker.

Plot Thwarted by Troops With a Gatling Gun—Little Prospect in Sight for Peace.

Manchester, Ky., June 12.—The situation in the Baker-Howard feud today was more strained than ever before. The Whites and Howards virtually own the town and the majority of the citizens are leaving for places of safety. Judge Cook, who granted the Bakers a change of venue, is likely to be killed.

When the soldiers left here yesterday with Jim Baker and Wiley Baker, the Howards planned to kill them on the way, and about thirty concealed themselves on the road. The troops got wind of the affair, and before reaching the place of ambuscade trained the gatling gun on the Howards' hiding place, preventing the shooting. The Bakers were gotten safely to Barboursville and lodged in jail.

The Bakers are now without a leader, but one who has a reputation as a fighter, may return from Indiana and lead the Bakers, who are greatly infuriated over the killing of Tom on Saturday. As the civil authorities of Clay county are parties to the feud there seems to be no hope of a settlement until the material for marksmanship fails.

ALMOST A LYNCHING IN CONNECTICUT

Negro Assaulted While in the Hands of Officers, But Finally Jailed.

Bridgeport, Conn., June 12.—The lynching fever took possession of a crowd here today on the occasion of the trial of William Morrison, a negro, who on Saturday assaulted an aged white woman. Morrison was assured fair treatment, but on leaving the court room after pleading guilty he was struck a terrible blow by Roberts, a nephew of his victim.

The sheriff told the constable to look out for the prisoner and grabbed Roberts. The crowd, which numbered over 600, began to close in around the officers, and cries of "lynch him" and "kill him" were heard. Roberts was struggling to get away and Morrison was pleading with the constable not to let the crowd get at him. After a struggle Morrison was landed in the jail in this city.

JEFFRIES CHALLENGE ACCEPTED BY SHARKEY

Arrangements for the Match Likely to Be Made Today.

New York, June 12.—Unless something unforeseen happens the match between Jeffries and Sharkey will be arranged on Wednesday. If the fight is clinched, the chances are it will come off at Coney Island some time next fall. O'Rourke, for Sharkey, today sent a reply to Jeffries' challenge, accepting the proposition.

HEAVY LOSS OF LIFE IN WISCONSIN

Storm Reports Say Two Hundred are Killed.

Wires Down.

Minneapolis, June 12.—A heavy storm is reported to have swept over New Richmond, Wis., and other towns nearby. One report places the killed at 200, but the wires are down and it is impossible to verify the report, though it is not believed the death list will be very large.

GERMANY'S REVOLT.

Why Emperor William Is Not in Favor of the Arbitration Plan.

London, June 12.—The correspondent of the Daily News at The Hague says: "I learn that Dr. Zorn, the German delegate, spoke on Friday against arbitration. When I asked him for a copy of his speech, I got a point blank refusal. Dr. Zorn saying: 'All that I can tell you is that Friday's sitting was extremely interesting and that I presented Germany's objections to the scheme for a permanent arbitration tribunal.'"

Notwithstanding this I am able to send a full analysis of his speech. He spoke slowly and with difficulty in French. He asserted that he was instructed to say that Germany could not accept the principle of permanent arbitration embodied in Sir Julian Pauncefote's draft. She objected, firstly, on principle, and, secondly, on grounds of expediency.

He then proceeded to argue that it was derogatory to a monarch's sovereignty and to a nation's independence. Arbitration agreed upon between two nations for a narrowly defined object was one thing, and arbitration binding a nation for the unknowable future was quite another. A king, holding his title by divine right, could not think of divesting himself of an essential part of his sovereignty, the right to shape the nation's course at a critical time.

Emperor William, Dr. Zorn said, would not pledge himself to bow to the decisions of judges not appointed by him on cases that had not yet arisen. These were the objections of principle. The objections of expediency were on the score of expense and the possibility that the tribunal, under the rendering of iniquitous decisions, might bring the principle of arbitration into discredit.

Dr. Zorn concluded his speech amid painful silence. Sir Julian Pauncefote, replying, said he thought the objections of the German delegate showed a view of statecraft, which many might consider not altogether modern. "As to the doubts expressed regarding the fitness of the judges, I have no doubt," said Sir Julian, "that every state would take pride in nominating its best men."

I understand that Dr. Zorn's instructions were sent under a misapprehension, as some of his objections would only apply to the older schemes superseded by the British draft.

The correspondent of the Morning Post at The Hague asserts that at last Friday's meeting Dr. Zorn opposed the arbitration scheme, but adds that negotiations are proceeding between The Hague and Berlin.

WON'T NOMINATE U. S. SENATORS

State Democratic Committee Says it Hasn't the Power.

Richmond, Va., June 12.—The state democratic committee, by a vote of 37 to 11, refused the petition of the Reform league for a convention to nominate a United States senator. The resolutions declared that the committee did not have the right of selection of senators, and if they had the right, they did not believe it would be to the interest of the party and didn't believe there was a general demand for a change.

RAILWAY BANDITS AGAIN SURROUNDED

They Will Be Starved Out and Then, Probably, Shot.

Buffalo, June 12.—George Curry and the two Roberts brothers, three of the Union Pacific bandits, are standing off thirty officers who have them surrounded on a mountain forty miles south of here. The robbers made a dash for liberty yesterday but were driven back. It is believed one was shot. The robbers seem to be safely caught and 200 of the man-hunters are gathering at the place. The bandits will be starved out, then shot, as they are not expected to surrender, knowing they will be lynched if they do.

KILLED A NEGRO AND WAS ACQUITTED

The Colored Man Fired the First Shot During a Dispute.

Social Circle, Ga., June 12.—James O. Gresham shot and killed Simon Neal, colored, at Whitney, Ga., three and a half miles north of here today. A dispute arose between Gresham and the negro and Gresham hit Neal with a whip. Neal quickly pulled a revolver and opened fire. Gresham sprang from his buggy and fired five successive shots, three of which took effect, and the negro died in five minutes. The verdict of the coroner's jury acquitted Gresham.

AMERICAN METHODS.

Another instance of the rapidity with which American methods are taking hold in Havana is cited by the Times in Cuba, which says: "Col. Black, who is charged with the task of cleaning Havana and keeping it clean, a few days ago saw something suspicious in the pay roll of a foreman of his department, called Lino Coca. Yesterday the colonel had this person spotted, and when the men were paid it was found that Coca had thirty-two names on his pay roll and had only twenty men to pay. It was a case of stuffed pay roll, and the result of the matter was that Police Sergeant Peniche, assisted by Officers Cuesta, Gonzalez, and Perez Cantillo arrested the foreman, and rounded up the twenty men as witnesses.

LAWTON TO ATTACK

Locating the Insurgents for Today's Assault.

Gen. del Pilar's Secretary Takes Refuge in Our Camps.

Gives Important Information That Is Credited.

Describes the Position at Which the Insurgent Forces Are to Make a Stand.

Manila, June 12.—This afternoon General Lawton took the gunboat Helena and went southward of Las Pinas for the purpose of locating the position of the insurgents, against whom he will advance tomorrow.

The secretary of General Pio del Pilar deserted Saturday and fled to the American lines. He informed General Otis that the rebels would abandon Las Pinas and Paranique and take a stand on the Seapote river, where their strongest position is located. The information is apparently true. Last year the Filipinos killed 800 Spaniards at Seapote.

Nearly 600 Americans suffered from heat exhaustion in the recent operations.

PART OF A HUMAN BODY.

It Fitted a Portion Discovered Near New York Last Sunday.

New York, June 12.—Two miles and a quarter from the place in the narrows where a part of a human body was found Saturday, a portion of a corpse was taken out of the water by men who were unloading a steamer at the dock at the foot of Forty-second street, Brooklyn, today. The portion of the corpse found was from the middle of the chest line to a few inches below the knees. The part recovered fitted to the upper line of the division and extended to the head at the bridge of the nose. The chin and mouth were ununited and on the lip was a sandy moustache of medium length. The top of the skull, including the right ear, was cut off. The left ear was intact. The right arm was missing, severed from the shoulder. Like the first part of the body found, the newly found part was without covering or wrapping of any kind.

PORTO RICAN FRANCHISES.

Washington, June 12.—The war department is considering the advisability of embarking upon the judicious distribution of municipal franchises in Porto Rico. These are franchises for the construction of urban trolley roads, electric and gas lighting systems and such public works. As for the border franchises for steam railroads and telegraphs, it has been concluded not to allow any of these at this time. Contrary to an impression that prevails to some extent, the Foraker resolution forbidding the allotment of franchises, applies only to Cuba, and not to Porto Rico.

POLAR EXPEDITION SAILS.

Christiana, June 12.—The Stella Polare, with the Duke of Abruzzi, the nephew of the king of Italy, and his polar expedition on board, sailed at 11:30 this morning from this port. The expedition was given an enthusiastic farewell by the crowds assembled and saluted by the forts.
