CAROLINA NEWS

Interesting Items from Various Parts of the State.

Glimpses of Life and Progress in the Land of the Sky.

Notes Gathered for the Gazette and Selections from Latest North Carolina Newspapers.

A monument to the confederate dead was unveiled Tuesday at High Point. Captain F. C. Robbins, of Lexington, and Colonel J. S. Carr delivered addresses.

W. C. Bain, a contractor of this place, has a big job, the building of a new hotel at Pinehurst to cost \$100,000, work upon which commences soon. E. E. Bain has the contract for the lumber of which 1,300,000 feet will be required.—Greensboro Record.

A Free Will Baptist preacher was caught in Johnson county the other day by revenue officers. He was at his blockade still, running it at a lively gait. He ought to be given a long term. Such cases do not argue anything against Christianity. They only show that Judases still live.—North Carolina Baptist.

Beauty Is Blood Deep.
Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic, clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets, beauty for ten cents. All drug stores, satisfaction guaranteed, 10c. 25c. 50c.

A pest, known locally as the "army worm," has made its appearance in southern and eastern North Carolina. A sixty acre field of almost full grown corn was destroyed near Rockingham within the short space of six days. The "army worm" is a small, smooth-bodied worm about three-fourths of an inch to one inch in length, and travels very fast. It seems to work very rapidly.

The Danville tobacco syndicate has its agents in all the markets east of here trying to obtain options. An observant man, who has lately visited the leading markets, says that while the agents are boasting that they are rapidly securing options on the warehouses and the business, the warehousemen are very positive in denial of these statements. The warehousemen are greatly stirred up. It is said that this Danville scheme to "corner" the tobacco trade will fail unless the American Tobacco company is backing it.—Raleigh Correspondence Charlotte Observer.

Mr. C. J. Brown, president of the Fayetteville and Albemarle railroad, was in Sanford one day last week. He says six miles of his road has already been completed from Southern Pines, and there is no doubt that it will reach Fayetteville. Bonds will be issued to complete the road. Mr. Brown has issued a handsome booklet showing the advantages of the route of the road. Mr. John Blue, who owns the railroad running from Aberdeen, in this county, to Raeford, Cumberland county, is extending his road from Raeford to form a junction with the Yadkin branch of the Atlantic Coast Line at Hope Mills. The extension will pass through the upper portion of Robeson county and will be about fifteen miles long.—Sanford Express.

MEN AND WOMEN Kidney trouble prevails upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. For pleasing results use Dr. Kilmer's Swamp Root, the great kidney remedy. At druggists. Sample bottle by mail free, also pamphlet. Address, Dr. Kilmer & Co., Binghamton, N. Y.

When David Huntley concluded to marry his wife he called his children to witness the nuptials. Out in the yard, fifty feet from the house, he had driven up a stake, and commanding each to place their hands upon the stake, Uncle Joak Wilkie with his quaint marriage ceremony united the old man to his bride—thus making his children legitimate heirs to his estate, is the story told us, with names of witnesses to the marriage. We are also informed that twenty-three children was the crop he raised.—Rutherford Vindicator.

The state agricultural department's report for the month ending June 30th, based on the returns from over 1,000 correspondents, was summarized today. It shows the acreage of cotton is 83 per cent., and condition 90; acreage of corn 101 1-2, condition 98; acreage of tobacco 105 1-2, condition 91. All these percentages are as compared with last year. The condition of other crops as compared with the average is given as follows: Irish potatoes 85, sweet potatoes 89, mardons 87, gardens 73, apples 83, peaches 45, grapes 85. The yield of wheat is 73 1-2 and oats 61 1-2 per cent. of average.

A Morganton special to the Charlotte Observer says a strange fatality seems to attend the Houston family of that place. Early in May three members of the family died of smallpox, these being the only deaths from the disease in Morganton. Two other members of the family were recently discharged from the pest house cured. Saturday morning one of these, a young man, Sandy Houston, shot his sister-in-law, the widow of a brother who had died of smallpox. The woman has since died. Both parties claim that the shooting was accidental but the neighbors say that a violent quarrel was in progress when the shooting occurred. Young

Houston is in jail awaiting an investigation.
Isaac Brown, a fifteen-year-old boy was drowned last Monday at noon while bathing in the pool at the rock quarry near the Monroe cotton mill. The unfortunate boy, with several companions attempted to swim across the pool, which is not over sixty feet across but not being a good swimmer Isaac could not keep afloat, and finding that he was sinking he called for help. Wriston Sheppard, a boy about Isaac's age, went to rescue him, but was seized by a drowning boy and had a very narrow escape, for he was carried under the water for some distance before he could loose the hold Isaac had upon his neck.—Monroe Enquirer.

Fayetteville is said to be considerably above tide water, yet this is not literally true. In one of our artesian wells, that of Captain Ray, on Green street, the tide ebbs and flows regular with the state of the moon. At high tide the well overflows with a considerable stream; at low tide the stream is a mere dribble, though it never does entirely cease its flow. This well is something over 200 feet in depth, which is just about our elevation above the sea, so that the bottom of the well is about on a level with the surface of the sea. Is there some subterranean connection between the sea and the body of water which lies under Fayetteville at a depth of 200 feet? That is a question for the scientists.—Fayetteville Observer.

Who said there was no profit in sheep raising? In a note received Monday night, Rev. E. F. Jones writes us from Watauga county as follows: "Mr. Phillip Greer, near Zionville, N. C., had twenty-two head of sheep last fall. They were of good stock and he treated them well. From the twenty-two he sold \$40 worth of wool. A few days ago he sold twenty-five head, for which he received \$107, and now has twenty of his best sheep left. One lamb weighing 134 pounds at five months old, he sold for five cents per pound, or \$6.70. Good for a North Carolina lamb." Mr. Jones writes these lambs go to northern cities.—Gastonia Gazette.

BUCKLEN'S ARNICA SALVE.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by T. C. Smith, W. C. Carmichael, and Pelham's pharmacy.

THE SHOOTING AT MARSHALL.
Special to the Gazette.
Marshall, N. C., July 10.—An unfortunate shooting took place in our town last Saturday night about twelve o'clock, in which Tom Biglow, colored, of Asheville, while resisting arrest from Policeman Barnes, was shot and almost instantly killed by Barnes. Biglow had been disorderly and was placed under arrest, when, without warning, he threw the policeman down and jerked his billy away from him and threatened to kill him, whereupon Barnes shot three shots at him, the third shot taking effect. The shooting was done on the depot platform, and Biglow, after being shot, ran to the end of the switch, about one hundred yards, and there fell on his face and died instantly. Barnes immediately gave himself up to the sheriff. An inquest was held over the remains of Biglow yesterday but no verdict was given. Barnes claims the killing was done in self defence, which was the opinion of several. J. E. H.

CASTORIA.
The Kind You Have Always Bought.
Dr. J. C. Williams' Signature
NOT PRACTICING HIS OWN PREACHING.
By Rev. N. Keff Smith, D. D.
Recently we have had a series of meetings in our town, in a sister denomination. The preacher, from a Kentucky town, preached a magnificent sermon against Sabbath desecration and, among other things, condemned the open drug stores and restaurants; and yet this same brother, in his closing farewell remarks on Sabbath evening, said "I will be speeding away home tonight while you are sleeping." He left at 10:30 p. m. He advertised the fact that he would violate the Sabbath, and so what he condemned in other people. I think he would better quit preaching against Sabbath desecration, or mend his own way.—Elizabethtown (Ky.) Christian Observer.

LADEES CAN WEAR SHOES.
One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery. Allen's Foot-Ease is a certain cure for ingrowing nails, sweating feet, aching feet. Trial package FREE.
