## A NAVAL STATION

### Gen. Bates Sails For Jolo to Negotiate for One.

### Will Tell the Sultan That He is Now an American Subject.

### Negotiations for Surrender of Cavite Province Hopeful.

### Its Consummation Will be a Hard Blow to the Insurrection—The Typhoon Ended.

Manila, July 12.—General Bates, in the capacity of agent of the United States, sailed for Jolo this morning to negotiate with the sultan of Jolo on the basis of the future relations of Jolo or Sulu as a naval station. The sultan assumes that Jolo reverts to him, the evacuation of the Spaniards nullifying the treaty of 1878. Bates will explain that the Americans succeeded in the Spaniards in the treaty, assuming its obligations and continuing the annuities it provides for. He will also present to the sultan \$10,000 in Mexican money as an evidence of good will. The administration of Jolo won't be changed. The sultan is expected to fly the American flag continuously and co-operate with the Americans to suppress piracy.

Opinion is general that it will require a comparatively large force to re-establish peace, though Oils still believes 30,000 troops will be sufficient. Negotiations for the surrender of Cavite province are hopeful. Aguinaldo knows what is going on and unless he is able to prevent its consummation the insurrection will receive the hardest blow it has yet received. The typhoon is ended and commerce is resumed. The storm kept everything at a standstill for a week.

## CUBAN GENERAL RODRIGUEZ ASKS A FAVOR OF BROOKE

### Wants Money to Pay Spanish Merchants—May Get an Office.

Havana, July 12.—General Mayia Rodriguez, one of the most bitter anti-Americans in Cuba, visited General Brooke today with Director of Public Works Menocal to obtain an order for \$17,000 to pay the Spanish merchants who had advanced provisions to the Cuban army. Brooke treated Rodriguez cordially and promised to investigate the claim. Rodriguez may be made chief of the rural guards in Havana province. It looks as if his opposition to American control was temporarily suspended and as his influence is very great the leading cause of friction will be removed.

## PEGUIAR SITUATION AT FEVER STRICKEN SANTIAGO

### All American Troops Withdrawn From City—Free Rations.

Santiago, July 12.—A peculiar situation has arisen through the yellow fever epidemic. Thousands of armed Cubans, whose temper is questionable, and who were expected to draw money donated by the United States, will be compelled to wait a month before drawing the money. As all the American troops have been withdrawn from the city the place is practically at the mercy of the Cubans. Free rations are being issued to them.

## SENATOR MORGAN RAISES A STIR

### Says Time Has Come to Cease Following a One-Idea Man.

Washington, July 12.—Senator Morgan has thrown a bombshell into the camp of the southern 16 congressmen by publishing a statement that the time has come to cease to follow fanatics or one-idea men. This statement has caused his colleagues in congress to denounce him and accuse him of treachery. Among the leaders in the assault is ex-Senator Pugh, of Alabama, who warns the party against such advisers and predicts that all such machinations will prove futile.

## EXPRESS TRAIN HELD UP BY ROBBERS IN COLORADO

### Used Dynamite to Wreck Express Car But Got Nothing.

Trinidad, Colo., July 12.—The south-bound passenger train on the Colorado and Southern railway was robbed by four men at a point five miles south of Botson, N. M. The hold-up occurred at 10:30 last night at the same point at which a passenger train was held up last September. The robbers used dynamite with good effect, blowing open the sides of the express car. Officials declare nothing was secured by the robbers. The superintendent left for the scene of the hold-up on a special train, accompanied by officers with horses. He is confident that he will be able to overtake the robbers. There were but few passengers on the train and they were not molested. The robbers fled without any attempt to go through the mail car.

Persons who claim to know say there was a large amount of money in the express safe.

## SHOT BY ROBBERS. A Georgia Merchant Probably Fatally Wounded.

Americus, Ga., July 14.—H. H. Singletary, representative from Schley county, was shot last night by two white tramps at his home in Laurens, and will probably not recover from his wounds. His store was being robbed and when he started toward it, he was met by the robbers who commenced shooting at him, striking him three times. Then they escaped. Singletary is yet alive, but his chance of recovery is small.

## TO OUST GEN. WHEELER.

### Anti-Imperialists Move to Unseat Him in Congress.

Birmingham, Ala., July 12.—The anti-imperialists in Alabama have begun a movement to have the governor declare vacant General Wheeler's seat in congress, so that an election may be held to fill the vacancy. The general's approval of the Philippines war is the cause for this opposition.

## NEW YORK'S DEWEY CELEBRATION.

New York, July 12.—It has been decided on Mayor Van Wyck's suggestion that the Dewey celebration shall not be crowded into one day but shall continue for two days. The first day will be given up to the reception of the admiral down the bay, the big naval parade and review and probably to a general illumination of the harbor, with a parade of illuminated vessels at night. On the second day there will be a monster military parade. There will probably be a big reception or banquet at night.

## DEWEY ARRIVES AT SUEZ.

Suez, July 12.—The cruiser Olympia, with Admiral Dewey on board, arrived today. Dewey said his health was very good. He appeared to be in excellent condition.

After passing through the canal the Olympia will call at Trieste. Thereafter the admiral's plans are uncertain. Possibly he will go to Gibraltar, and thence to New York.

Music, Skating, Dancing at the Casino tonight. Excellent Orchestra.

All in Your Eye.

Is a saying expressive of imaginary trouble. It is more probable that the real trouble will be all in the eyes. This is an age of defective eyes, but not so much one of serious eye trouble as before the extensive use of glasses. Statistics show that blindness has decreased over 60 percent since the advent of glasses for the correction of complicated optical defects. We give them a scientific examination free of charge.

## ALGER WILL STICK TILL END OF YEAR

### Denies He Will Leave Cabinet Until Year's Report is Submitted.

Washington, July 12.—Your correspondent had a talk with Secretary Alger today regarding his resignation. The secretary denied emphatically that he would leave the cabinet this year, or until his reports of the year's work of his department were submitted. He added that if he resigned then he would do so on account of personal reasons entirely, chiefly on account of his health. It seems to be a settled fact that while certain leading republicans won't be asked for a resignation, but will be allowed to leave the cabinet quietly at the end of the year.

New York, July 12.—General Greene, who has been mentioned as the most probable successor of Alger as secretary of war, refused to talk about the matter today, neither affirming nor denying the report. Senator Platt said he did not see why any one should be talking of a successor to Alger as there was no evidence that Alger was going to resign other than mere talk in Washington.

## INJUNCTION AGAINST SEABOARD-ROANOKE

### Preventing Re-Shipment of Rails Intended for Atlantic Seaboard.

Norfolk, July 12.—In the hustings court at Portsmouth today Judge Watts issued a temporary injunction in the case of the Atlantic Seaboard company against the Pennsylvania Steel company and the Seaboard and Roanoke railroad company. The Atlantic Seaboard company alleges it is engaged in the construction of the Carolina Northern railway; that on February 16 it entered into a contract with the Pennsylvania Steel company for the purchase of 3,800 tons of steel rails at \$18 per ton, and that at various times the rails were shipped to Portsmouth and were delivered to the Seaboard and Roanoke railway to be shipped to Lumberton, N. C. On July 6 the Steel company notified the plaintiff that it cancelled the contract, and at the same time ordered the Seaboard and Roanoke to reship to Sparrow's Point any rails at that time in its possession. An injunction was granted until further orders restraining the Seaboard and Roanoke from reshipping the rails or delivering them to the Pennsylvania Steel company, and that company is restrained from taking further steps to cancel the contract.

## TROOPS FROM MANILA REACH SAN FRANCISCO

### Big Reception Accorded to First Oregon Regiment.

San Francisco, July 12.—The first volunteers to return from Manila is the First Oregon regiment, which arrived today on the transports Newport and Ohio. The men were given a big reception. They said the volunteers had been eager to come home ever since the news of the peace with Spain, and the only thing that made their stay tolerable was the desire to uphold the dignity of the flag.

## HATFIELD PLACED IN JAIL

Charleston, W. Va., July 12.—Governor Atkinson and his private secretary returned today from Hatfield county. They brought to Huntington Elias Hatfield, who killed Sheriff H. E. Ellis at Gray ten days ago. Hatfield surrendered to the governor and was promised protection from mob violence and a fair trial. The governor met no trouble in taking Hatfield to jail.

## FOR BANTAM CHAMPIONSHIP.

New York, July 12.—The final steps in clinching the match for the bantam championship between Terry McGovern and "Pedlar" Palmer were taken today when McGovern's manager signed the articles already drawn up. The fight will be at the West Chester club on September 1, for a purse of \$10,000, with proportionate increase from gate receipts.

## CAPTAIN DIES OF THE FEVER.

Washington, July 12.—The adjutant general today received a despatch from Colonel Comba at Santiago, near Santiago, announcing the death of Captain Thomas M. Woodruff, adjutant of the Fifth Infantry. He died of yellow fever last night. Woodruff was a West Point graduate, appointed from the District of Columbia.

## JOHN SHERMAN'S ILLNESS.

Mansfield, Ohio, July 12.—Hon. John Sherman's condition is improved. He takes a ride daily. Since the illness of three weeks ago he has rapidly improved. There is no truth in the report of another attack.

The best stoves for the money at Mrs. L. A. Johnson's. They are O. K.

## THE PARIS SAFE AT FALMOUTH

### Towed Into Port Last Evening—Her Damage Less Than Supposed.

Falmouth, July 12.—The American liner Paris arrived here this evening in tow and anchored in the harbor. The threatening change in the weather altered the plan of towing her here tomorrow. The task of getting her clear of the Manacles was ticklish but was accomplished successfully. It is ascertained that the steamer is less damaged than supposed. The largest hole in her hull is only three feet square, and the vessel is not seriously strained. Steam was raised in one of her boilers this evening to help the pumping.

## KENTUCKY REPUBLICAN CONVENTION OPENED

### Speeches Endorsing Administration—Taylor Still Leading.

Louisville, July 12.—The republican state convention met this afternoon. Nothing was done today beyond organizing and the making of speeches. Endorsement of the administration, state and national, was the keynote of all addresses. The failure of Governor Bradley to attend was the disappointment of the day, as it was hoped he would bring the negro delegates, who are warmly attached to him, into line for Taylor. Notwithstanding this opposition Taylor looks tonight to be an easy winner, as his forces are well in hand and willing to do his bidding.

## BASEBALL GAMES YESTERDAY

## POSTOFFICE AT ARDEN ROBBED.

### About \$600 Secured by the Men Who Committed the Deed.

The postoffice at Arden was robbed Tuesday night, the persons who committed the deed, securing about \$600, principally in large bills. Postmaster Sumner had gone to his safe about 11 o'clock to make the deposit for the night, and was just in the act of placing the money in the proper place when he was attacked from behind. He was struck on the head with some weapon and fell unconscious. After looting the safe the robbers escaped through an upper window.

Mr. Sumner was found a few minutes after the assault by his brother, I. L. Sumner, and soon recovered from the blow. It is not known who committed the robbery. The Asheville police and Sheriff Lee have been notified.

A remarkable freew of lightning occurred at East Brookfield, Mass., the other day, when a sudden shock restored its old time vigor the left arm of Bill Forbes, which had been useless for thirty years on account of rheumatism. While he was sitting at the window a thunder shower came up and with it were two sharp flashes of lightning. Mr. Forbes felt a sharp pricking of his flesh and tingling in his bones and with a jerk his left arm shot violently forward from its cramped position. The shock was over in a flash and Mr. Forbes felt his left arm bristle with the vitality and tingle with vigor. To his delight he found he could use the arm as well as ever.

Excellent Orchestra, largest ball room, largest rink, at the Casino tonight.

## TO LEVY ON GUATEMALA

### England and Germany Will Seize Its Custom Houses.

### Warships Said to Have Been Dispatched for This Purpose.

### Report That Guatemala May Appeal to Us for Protection.

### An Outcome of the Revolution Brewing in the Central American Republic.

New Orleans, July 12.—The disturbed condition of affairs in Guatemala, which presages revolution, are intensified, according to reports which reached here today, by the threatened interference of England and Germany, growing out of Guatemala's repudiation of bonds held abroad. It is reported that two German and two English warships have been ordered to Guatemala to demand immediate settlement, and if refused to seize the custom houses and pay the bondholders out of the customs. The Guatemalans announce that they will appeal to the United States for protection.

Despatches from San Francisco on the 11th state that mail advices from Guatemala confirm the reports of an approaching crisis in the Central American republic. That the dissatisfaction will lead to a revolution against the administration of President Cabrera seems hardly likely, in view of the fact that there is no money in the country to organize against anything approaching a formidable insurrection. Uprisings in the city are, however, expected, and while they may not result in Cabrera's downfall, they will cause great loss to invested capital. It is by no means unlikely that foreign governments, especially the United States and Germany, and possibly England, may be called upon to interfere, if they have not been requested to do so already.

## ORDERS FOR A WARSHIP TO BE MADE READY

### Unknown Mission of the Cruiser Philadelphia

Washington, July 12.—Orders have been sent to the commandant of the Mare Island navy yard to have the cruiser Philadelphia made ready for sea service without delay. The reason for this step could not be learned, but it is believed that important duty awaits the cruiser.

## TELEGRAPHIC BRIEFS

A Minnesota and Michigan lumber syndicate has bought 50,000 acres of the best timber land in Washington state for \$500,000.

The Third avenue railroad company of New York will erect a power house on Nineteenth avenue and Two Hundred and Sixteenth street, to cost \$1,000,000.

E. W. Clark, government agent in charge of the Behring sea seal islands, says that, owing to the pelagic killing of seals, the seal life is not one tenth as great as formerly.

A national park or forestry reserve association for the governmental preservation of over 7,000,000 acres of land in Northern Minnesota will be formed in Chicago this month.

An outlay of \$245,000 will be made in repaving the Raleigh, formerly of Dewey's fleet.
