RIOTING IN BROOKLYN

Mob Attacked a Gar and Nearly Killed Motorman.

Crowd Dispersed by Police, and Ring Leaders Arrested.

Cars Held Up at Other Places and Windows Smashed.

Cars Ran on About Schedule Time, and Strikers Realize the Failure of Their Plans.

Brooklyn, July 17.—Viewing the performance on the various trolley lines today from an impartial standpoint there can be no doubt that the strike is a complete failure, and it is only a matter of a few days when it will be a thing of the past. The Rapid Transit company operated almost all of its lines today and with but few exceptions maintained their schedules which were in operation previous to the strike. Many of the strikers realize that the strike is a failure and have made application for reinstatement. Those who are out are growing more desperate at all the prospects of failure, and tonight serious rioting occurred at many points.

The most serious rioting occurred this evening at Green Point, where an angry mob of several hundred men attacked the cross town car with rocks and all sorts of missiles, completely wrecking it. The motorman was dragged from the car and stabbed twice. While he lay prostrate on the ground a striker rushed up with a heavy paving stone with which he was about to dash on the brains of the motorman when a detective appeared and rescued the man at the point of a pistol. A reserve force of sixty police arrived on the scene and charged on the mob, using their long clubs freely, clubbing right and left. Many heads were cracked and the rioters lost no time in dispersing. Four of the ring leaders were arrested. The motorman was removed to the hospital, and his condition is serious.

Cars were held up at many places, their windows smashed and the motormen and conductors dragged from their cars and maltreated, their assistants escaping under the cover of darkness. The police say the rioting tonight was the most serious since the strike began. The company announces that cars will be run on all lines except the cross town line until midnight. Cars on the cross town line stopped running at 7:30, because of the tough districts through which the line runs, and fears of serious trouble.

BRYAN WILL SPEAK AT CHICAGO.

Chicago, July 17.—Wm. Jennings Bryan will speak on the results of industrial and financial conditions at a conference on trusts to be held in Chicago, September 13 to 16 inclusive, under the auspices of the Civic federation. He has been appointed by the governor of Nebraska as one of the delegates to represent that state at the conference.

CLERKS WILL ADMIT GIRLS.

Kansas City, Mo., July 14.—The retail clerks' national protective association, in convention here, has voted to admit girls over sixteen years of age to membership. The convention also adopted a resolution declaring that women giving equivalent services should receive the same wages as men. The convention decided upon Buffalo, N. Y., as the next meeting place.

SHIP AND CARGO OF OIL DESTROYED

She Was Valued at \$200,000—One Man Burned.

Halifax, July 17.—The Standard Oil company's steamer *Maverick*, which arrived Saturday from New York, with a cargo of oil was burned this evening. The fire was caused by a burst in the pumping pipe. In five minutes the ship was in flames. An hour later one of the tanks exploded. The ship was cut away from the wharf and drifted two hundred yards from the shore, where she touched bottom, and went over on her beam ends. The oil poured out of her on the harbor making a sea of flames. The vessel is a complete wreck. She was valued at \$200,000. One of the crew was badly burned.

TWO LOUISIANIANS SHOT FROM AMBUSH

Both Assassins Made Their Escape and Remain Uncaptured.

New Orleans, July 17.—Charles Bossier, a prominent citizen of St. Tammany parish, was shot from ambush Saturday night near the parish line of Tangipahoa and died yesterday. He was riding with two friends at the time when the assassin opened fire, bringing down Bossier at the first round. His friends exchanged fire with the assassin who, however, escaped in the darkness. William Smith, a farmer living near Ruston, while returning from his father's funeral was shot from ambush while entering his house. The bullet pierced his brain and caused instant death. No trace of his assassins could be found.

EDITORS ABUSED EACH OTHER THROUGH PAPERS

Terminated in a Shooting Fray, and One Dead.

New Orleans, July 17.—A shooting affray occurred today between Alphonse Mulvey and W. B. Roberts. Mulvey was killed. The two men were joint editors of a sensational paper named the *Headlight*. It recently suspended and terminated the *Thunderbolt*. The two former partners quarreled and abused each other in their papers, with the result that occurred today.

GOV OF TENNESSEE WILL ATTEND.

Austin, Tex., July 17.—Governor Sayers and Attorney General Smith have received a number of letters from governors and attorney generals relating to the proposed anti-trust conference to be held in St. Louis September 20. Governor Benton McMillin, of Tennessee, writes that he will attend and says: "While I believe that the tariff which was enacted by the republican party is the main prop on which the trust rests and that therefore the federal government is the most potent agent in creating and sustaining trusts by this virtuous legislation, there are certain steps that the states can take, and I think that whatever can be done by the federal government or state within the bounds of the constitution should be done which tends to deluge the country."

Assistant Attorney General Vance, of the state of Washington, Attorney General Horace M. Oren, of Michigan, and Attorney General Nolan, of Montana, said they hoped to be present at the conference.

GORMAN WILL NOT ATTEND.

Baltimore, July 17.—Senator Gorman will not attend the meeting of the democratic committee at Chicago Thursday. His health precludes his participation in any political gatherings. He will be represented by Colonel Bangman, of Frederick, Md.

Our \$5.00 men's shoes now \$3.00. G. A. Mears.

45 Patton Ave.

N. Y. Office, 636 Broadway.

WANT ORDER RESCINDED

Provinces of Santiago and Puerte Principe Stirred Up.

Havana, July 17.—Despatches from Puerto Principe indicate that great dissatisfaction was caused there by the order from Washington attaching Puerto Principe to the province of Santiago. Hatred between the two provinces is very strong. For years the cattle raisers in Puerto Principe have alleged that raiders from Santiago have stolen their cattle. Meetings are being held to protest against the order and government employes threaten to resign if it is not rescinded.

If today's registration of Spaniards in Havana can be taken for an example only a few of them will seek to retain their nationality under the provisions of the treaty of Paris. There were only fourteen registered here.

YELLOW FEVER OUT OF SANTIAGO AND CAMPS

According to General Wood's Statement—One Death Yesterday.

Santiago, July 15.—No new cases of yellow fever in this city or in the camps were reported today. The last case was that of a hospital nurse who claimed to be an immune. Two employes of the Barber Asphalt company were attacked Saturday. One soldier died today. General Wood claims that the epidemic has been stamped out, but he will not remove the troops or his headquarters from the mountain until November.

MEDAL FOR HELEN GOULD

Toledo, Ohio, July 16.—During the war with Spain, Miss Helen Gould, of New York, furnished a number of coats for the soldiers in Cuba, part of which were received by the Sixth Ohio regiment of this city. The boys fully appreciated the gift of Miss Gould and they at once decided to show their regard for her. The corporals of each company commanded the raising of funds among the men, with the money a magnificent medal to be bought and presented to a volunteer. The design on the side of which will be engraved, "Presented to Miss Helen Gould by the enlisted men of the Sixth Ohio," and "in recognition of the patriotism of an American woman."

On the other side of the medal will appear a miniature tent showing the coats instead of the usual bare floor tent. The boys started the fund in Cuba but the officers did not hear of it until today.

GAS FROM AIR AND WATER.

Portland, Ind., July 17.—The claims of George Huff that he can make a gas for lighting and fuel purposes, which for the former exceeds electric light in brilliancy and for the latter will be as cheap as natural gas is again attracting attention.

When Huff first made his claim people scientifically inclined believed it was a trick and talked of calcium carbide, acids and compounds. The inventor went on perfecting his apparatus and has applied for a patent.

WILL WIN IF THEY CAN.

Southampton, July 17.—It transpires that a new boom, even larger than the present one, is being constructed for the cup challenger Shamrock, in the belief that the lighter air in America will enable her to carry a considerably greater expanse of canvas than during her trial race with the *Britannia*.

Ladies Tan Oxfords, solid leather, 85 cents. G. A. Mears.

ALASKAN BOUNDARY QUESTION IS SERIOUS

The Washington Authorities Have Given Up Hope of Settlement.

Washington, July 17.—No action will be taken in regard to the question of postponing the meeting of the British-American joint commission until Senator Fairbanks returns from Alaska. He is expected this week. Upon his arrival he will confer with Secretary Hay and others. It is believed that the conference will be followed by the announcement that the meeting of the joint high commission has been indefinitely postponed. Washington authorities have practically given up the hope of settlement of the boundary question. It was said today that no troops will be sent to Pyramid Harbor unless the Canadians take aggressive action, but troops will be held in readiness for service in Alaska. The situation is grave, with American miners on one side in a state of irritation and Canadian constabulary on the other in a very aggressive mood.

COLORADO SOUTHERN BANDITS' TRAIL FOUND

One Killed and Another Wounded in Brush With Sheriff.

Las Vegas, N. M., July 17.—A United States marshal and posse struck the trail of the Colorado southern train robbers near Cimarron Sunday. They overtook the bandits who number three in all, in the mountains. The robbers refused to surrender and in the fight which ensued the sheriff was killed and two of the posse badly wounded. One of the robbers was killed and another wounded.

WILL WALK AROUND THE WORLD.

Chicago, July 17.—Alfred Moller and Hans Trebin, of this city, started on a tramp around the world. They will go as sailors from New York to Copenhagen, tramp across Europe and Egypt to India and hire out as sailors from China to San Francisco or Seattle.

GEN. OTIS CONDEMNED

Correspondents at Manila Issue Round Robin.

Charge That Otis Has Made False Reports to Washington.

Will be Recalled if an Investigation is Made.

Matter Will be Discussed at Next Cabinet Meeting—Officials Do Not Regard it Seriously.

Washington, July 17.—If the opinions expressed today by prominent government officials in regard to the Round Robin of newspaper correspondents at Manila, in which they practically accuse General Otis of misrepresenting the situation in the Philippines in his official despatches, are endorsed by President McKinley, action will be taken to ascertain whether the charges are true.

According to Adjutant General Corbin the administration cannot make an investigation of the charges of the correspondents without so seriously reflecting on the reputation for truthfulness of General Otis that his recall will be necessary.

There was a disposition among officials, including the cabinet officers, not to treat the Round Robin seriously. They declared they could not understand why General Otis should make statements of a confidential character for the benefit of the president and secretary of war which he knew to be untrue. The matter will be talked over at a cabinet meeting, but it is not believed that any action will be taken.

ST. PAUL BANK CLOSED.

Closed in 1897, After Hard Run, But Reorganized.

St. Paul, Minn., July 17.—The Germania state bank, capitalized at \$200,000 was closed today by State Examiner Pope. After sustaining a heavy run two and a half years ago, the bank closed in January, 1897. However, with the addition of new capital the institution reorganized. While business may not have been so large as formerly it was not known to be in a bad condition, and the closing of the bank today was a surprise to the general public. The last statement showed total deposits of about half a million, cash on hand \$61,000, total assets, \$820,000.

WON'T OPPOSE ADMINISTRATION.

Washington, July 17.—Mr. Lyons, register of the treasury; ex-Representative Cheatham, recorder of deeds, and John P. Green, United States stamp agent, three of the leading colored men of the administration, had a consultation with the president today regarding matters of interest to their race. During the course of the consultation the effort of certain colored men to array the colored race against the administration on account of the Philippine policy was mentioned and Lyons assured the president that in his opinion it would amount to little.

BICYCLE TRUST FAILED.

Anderson, Ind., July 17.—The \$30,000 bicycle trust, which has been a but completed, has gone to pieces, according to information received here. The eastern bankers' floating the concern withdrew because of a hitch in the final consolidation.
