OUR JULY CLEARING SALE IS A RECORD BREAKER.

To carry over or not to carry over is the question, and we have decided not to carry over a dollar's worth of Spring and Summer Goods for next season. We put the knife deep into the prices, and the public was not slow in finding it out. This accounts for it that we have sold more goods this month than any previous July in our business experience. With our large stock on hand, our New York buyer keeps on sending us lots of seasonable goods which he secures from manufacturers needing money, sheriffs' sales etc. The stock must be sold to make room for our Fall goods, and here they go. We shall continue this sale until every dollar's worth of Spring and Summer goods is sold.

Low Prices Will Do the Work.

CAROLINA NEWS

Interesting Items from Various Parts of the State.

Glimpses of Life and Progress in the Land of the Sky.

Notes Gathered for the Gazette and Selections from Latest North Carolina Newspapers.

There is to be a \$75,000 cotton mill at Shelby.

The state charters the Standard Gas and Electric company of Raleigh, capital, \$100,000; stockholders, Julian S. Carr, L. A. Carr, E. P. Williamson, B. S. Jerman, J. R. Ferrall and H. W. Jackson.

There was quite a storm at Conover Sunday evening. A cow belonging to F. V. Cline was killed by lightning and the roof of Will Cline's barn was blown off and other damage done to orchards, etc.—Hickory Times-Mercury.

The steel for the great iron bridge on the Richmond and Ridgeway railroad, to span the Roanoke river, is being delivered at Ridgeway, ten miles away. Eighty-pound rail is being put down on this road; 70-pound on sidings.

Beauty Is Blood Deep.
Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets—beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.

It is now thought that Mr. J. S. Waldroop, who was bitten on the face on Sunday evening about a month ago, by some poisonous insect, was the victim of the "kissing bug." A strange looking bug was found on the porch near where he had been bitten, later in the evening.—Franklin Press.

The Southern railway has decided to build new stock yards at Wilkesboro and that point will be made shipping headquarters for cattle from Ashe, Allegheny, Watauga and other counties. The government has signified its intention of sending an inspector of cattle there.

The Neuse River Manufacturing company was chartered Wednesday, capital, \$100,000. This is the company which will build and operate a 10,000-spindle cotton mill at the falls of the Neuse, near Wake Forest college. The stockholders are: R. H. Battle, J. G. Brown, C. G. Latta, J. S. Chamberlain, W. W. Vass, E. H. Lee, J. A. Jones and V. B. Moore.

From all parts of the city comes the complaint of caterpillars, this insect having seemingly taken possession of the trees all over the place. Whatever efforts that have been made to destroy this pest seem to have availed nothing, the caterpillar simply increasing in numbers and advancing on vegetation everywhere. At present this insect is really a serious pest.—New Bern Journal.

State Veterinarian Cooper Curtice has returned from a tour of inspection of cattle at Concord and Pineville. He found splenic fever at each

place. At Concord ticky cattle from Stanly county communicated the disease and four cows died. At Pineville the disease was communicated by cattle from Anson county and seven died, while three are now sick.—Times-Visitor.

Adjutant General Royster was here this morning on his way to Camp William E. Shipp to see the Second regiment under canvas. He said that in the fall he would complete the Third regiment by adding four companies. It now numbers only eight. When asked if the trouble in regard to the Asheville companies was adjusted he replied that he thought it would adjust itself.—Raleigh Cor. Charlotte Observer.

Mrs. Nancy C. Summers, near Brown mountain, who was bitten by a mad dog some time ago, died on last Friday. She suffered a great deal; could not eat nor drink after she commenced having fits. Something remarkable was that at the sight of food and water she would go into fits. A cow bitten by the same dog also died. Thirteen dogs have been killed within the last few days.—Walnut Cove Argus.

Elijah Joyner says that he and he alone killed Robert Turnage and robbed his store at Dongola, Pitt county, some three months ago and then burned the building to hide his crime. "I did it solely to get money," he added, "for God knows I had nothing ag'in Mr. Bob." This confession was made yesterday morning in the county jail to Mr. W. J. Turnage, brother of the murdered man, and Mr. Theodore L. Turnage, his uncle and owner of the store that was robbed and burned.—Raleigh News and Observer.

THE KEELEY INSTITUTE GREENSBORO, N. C.
For the treatment of THE LIQUOR, OPIUM, MORPHINE and other Drug Addictions. The Tobacco Habit, Nerve Exhaustion

Prof. Thaddeus Peck of Stratford, Conn. gave an exhibition of the use of chemicals in extinguishing fires in Stratford last Saturday night. A crowd of boys played a trick on him and, instead of the newly discovered chemical preparation, kerosene oil had been substituted, and he was using oil in his efforts to subdue the flames. When the professor discovered the trick a small-sized riot started. The fire company was called and it took the combined efforts of all the special constables sworn in to preserve the peace and to quell the disturbance.—Lexington Dispatch.

Mr. A. C. Boggs, Catawba's member of the house of representatives, has become a convert to Prof. Meig's plan of greasing the public roads. At least he believes the theory is sufficiently plausible to justify experimenting on a small scale. He advocates buying a few barrels of oil, either out of the county funds or by private subscription and applying it to the muddiest roads that can be found, and see what the effect would be. If it makes them as hard and durable as the professor claims it will, then there will be no longer any excuse or palliation for having bad roads any longer in Catawba. Oil, in spite of the Standard Oil trust, is cheap. All that would be necessary would be to put the road beds in the most desirable shape, dump the oil on, according to the professor's prescription and the oil would do the balance. The roads would become as hard as cement, and water would wet them no deeper than it does the feathers on a duck's back. It is a fascinating theory and like Mr. Boggs, we are inclined to think there is more in it than the public at first were willing to admit. At any rate, let's give it a trial. We are willing to chip in a few nickels, either in the shape of a tax or to a private subscription paper, for the purpose of buying a few barrels of oil. We would just like to see what kind of a conglomeration Pennsylvania coal oil and good old Catawba Dutch mud would make.—Newton-Enterprise.

BUCKLEN'S ARNICA SALVE.

Pretty Good Fishing.
A sportsman known to Forest and Stream was once on the beach at the outlet of a creek in New York state looking for shore birds when he saw a colored boy who was fishing for perch, lay down his pole at the call of his mother to do some errand.

The sportsman put his gun aside and took the cane pole and fished, adding a dozen perch to the boy's string and then sneaked off. Presently a second sportsman, happening that way, asked the boy the usual question and received this answer: "Yess'r, dey's good fishin heah. Wen I step to run to de sto' fo' to get some caynmeal fo' mami, de perch dey come outen de creek an' jes' string deyselfes awn my string. I don' onstan it, but dey's jes' as good fo' breakfas' 's if dey was cotched awn a hook."

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments. Paragon Pharmacy.

Places to Hire.
Quite a profitable business is done in some large English towns by lending turtles to restaurants. They are permitted to remain in the windows for a few days and are then taken to different parts of the city as advertisements for other eating houses.

The creatures known as ocean hydras have no heart, no lungs, no liver, no brains, no nervous system, no organs save mouth and skin.

Ladies' \$3.00 Oxfords, now \$1.75. G. A. Mears.

What you want is not temporary relief from piles, but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles, and they stay cured. Paragon Pharmacy.

Ladies' \$1.50 Oxfords, 95 cents. G. A. Mears.

A Neglected Point.
"There is a marvelous amount of good advice in Hamlet's speech to the players," remarked the student.
"Yes," answered Mr. Stonington Barnes, "but it doesn't go far enough in a practical way. But of course Hamlet couldn't be expected to see far enough ahead to advise players when there wasn't likely to be much money in the Shakespearean drama."—Washington Star.

You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of Dr. DeWitt's Dyspepsia Cure digests food without aid from the stomach, and is made to cure. Paragon Pharmacy.
