MISS COLE, Manager.

CITY NEWS.

Eugene Carroll has taken a position with H. Taylor Rogers.

Master Willie Wadsworth is on the force of telegraph boys.

There will be a meeting of St. Mary's Guild in the Sunday school room of Trinity church this afternoon at four o'clock.

Thomas L. Dockery, Madison county, was the only recruit accepted here yesterday. He will leave to join his regiment, the Twenty-ninth, at Fort McPherson, today.

All young ladies who have at any time been students at the State Normal College, Greensboro, are requested to meet at the home of Miss Frances Suttle, College street, this morning at 10:30 o'clock.

Isaac and August Blomberg, who have been visiting Mr. and Mrs. L. Blomberg on Bailey street, for two weeks, returned to their home in Savannah yesterday accompanied by Misses Dora and Freda Blomberg.

In the County Circuit court yesterday a verdict of guilty was given in the case of State against Posey Parham and J. T. McCarron, for an affray. Thomas Jones, colored, was found guilty of a larceny charge.

After the dance at the Casino last evening a duet was sung by Herbert H. Dalton and John Baird. The selection made a decided "hit." Mr. Dalton, who is traveling for the Richmond stove works, has a remarkably fine barytone voice.

About three hundred people are in Asheville from Shelby. They came in yesterday on an excursion train and will remain until 5 o'clock this afternoon. Concerts and dances were given at Look-out Park and Swannanoa Casino for the excursionists, and both were well attended.

There will be a trolley ride this evening on the Inter-Mountain company's line. The party will leave court square at 9 o'clock and go to the pavilion at the river end of the line, where there will be christening exercises over the new pavilion. There will be a watermelon feast during the evening.

GOING TO HAYWOOD.

Matt. Rankin, the Notorious Colored Woman, to Leave.

Mat Rankin, the notorious colored woman, about whom so much has been said and written, again concluded to leave town. Every officer in the city knows Mat Rankin as well as he does his beat. For several years she was a terror to the community in which she lived, but wound up a checkered career by becoming a convert and joining the church. Then for a time she lived a consistent and commendable life, the old haunts and the police court knew her no more, and the police felt that life had become less burdensome. There came a day, however, when Mat turned over a new leaf and about half of the house and yard in which she was living. The police force was notified of the fall from grace, and after much effort she was locked up. Yesterday Judge Brown, of the police court, decided that if Mat would leave she would not be required to serve out a term to which she was recently sentenced. She will go to Haywood county today and it is safe to say that every member of the police force will heave a sigh of relief.

A CALLED MEETING.

Will be Held Friday Evening by Clerk's Association.

A meeting of the Retail Clerks' association was held last evening. It was decided to have a called meeting Friday evening to attend to some special business. The meeting will be an important one and a full attendance is desired.

A few complaints have been made recently regarding merchants who, it is said, have failed to close their places of business promptly on the hours agreed upon. In all instances the merchants have promised to give no further cause for complaint.

F. H. KENNEDY

Will Go to Georgia Today on Mining Business.

F. H. Kennedy, of this city, leaves this morning for Dahlonega, Ga., to be gone perhaps several weeks. He goes in the interest of some eastern parties, who have mining property in that locality. It looks as though Lumpkin county, Ga., was going to have an old time "boom." A new railroad is projected to run from Dahlonega to some point on the Southern, probably Gainsville. Mr. Kennedy has a letter from one of the promoters of the road, which says that the railroad is an assured success.

OFFICERS ELECTED

At a meeting of the board of deacons and teachers of the First Baptist church Sunday school the officers of the school were re-elected. The officers are: Superintendent—J. H. Tucker. Treasurer—J. R. Patterson. Secretary—E. B. Stradley. Librarian—Joseph Suttle.

HOW TO TELL A BAD EGG.

A cunning device for detecting the quality of eggs is offered for sale by E. L. Brown. The egg is placed on top of a pasteboard box and its reflection in a looking glass inside the box tells the story. If it is too old and depraved to be respectable its reflection is as black as its character. If it is young and innocent its picture is light and transparent.

—Toed chloroform has been used as an anaesthetic in Prof. Shorburg's clinic in the Julius hospital at Wurzburg, Bavaria, in over 14,000 cases without a single unpleasant result. The advantages claimed for this preparation of chloroform are the quickness of its action, its comparative freedom from danger, and the absence from the nausea and depression so common with other anaesthetics.

We have in our Odorous Refrigerators now.

"THE SIGN OF THE BOOK."

Summer
in a
Hammock.

Not whether you want one, but the kind you want. If we must have the weather of the tropics, let us have it ease, too. Summer with the doze, with the swinging repose that one can fully enjoy only in a hammock. Note the harmonious blending of colors in our line. The prices are right.
