## BIG STORM IN NEW YORK

### Damage in Several Towns in Eastern Part of State.

### Buildings Struck by Light- ning in Kingston and Eddyville.

### One Man Killed and Nineteen Rendered Uncon- scious.

### Washouts on the Railroads—Casual- ties Reported in a Number of Cities.

Kingston, N. Y., Aug. 2.—A terrific  
electric storm, accompanied by high  
winds, passed over this city this after-  
noon. It caused much ruin in the city  
and vicinity. A number of washouts of  
railroads are reported. In the city a  
number of trees were prostrated, crush-  
ing houses and chimneys. The flag  
pole of the Cornell Steamboat com-  
pany's building was shattered by light-  
ning.

The Van Etten mansion was struck  
and totally burned. The occupants  
were shocked.  
A building at Eddyville, wherein a  
score of men employed in a local ship-  
yard, took refuge from the rain, was  
struck. One man was killed and an-  
other seriously injured. The remainder  
were rendered unconscious.  
A number of other towns and cities in  
the state were visited by the storm and  
much damage was done by lightning.  
Several casualties are reported.

## STEEPLES BLOWN DOWN AND THEATRES UNROOFED

Elizabeth, N. J., Aug. 2.—A tornado,  
swept the southwestern corner of this  
city this afternoon. It moved along a  
path a thousand feet wide, and  
bowed down three church steeples. It  
swept a portion of the roofs off two  
theatres, twisted one house off its  
foundation and uprooted trees. It laid  
bare the bones of a skeleton in one  
grave yard. It did about \$150,000 dam-  
ages. No lives were lost and no one  
was injured.

## MUCH DAMAGE DONE IN WASHINGTON

Washington, Aug. 2.—This city was  
visited by a severe storm this evening.  
Many houses were unroofed, including  
the smallpox hospital. The Buckeye  
tree planted by President R. B. Hayes  
was blown down. Capitol Hill suffered  
more severely than any other portion  
of the city.

## REMOVING THE BODIES OF JOHN BROWN RAIDERS

New York, Aug. 2.—A special from  
Washington says: Captain E. P. Hall  
and Dr. E. S. Feathers tonight, both of  
this city, have returned from Harper's  
Ferry, where they have been exhuming  
the bodies of seven of John Brown's  
raiders. The bodies have been sent to  
North Elba, N. Y., where they will be  
buried near the grave of their leader,  
with whom they fought and died.  
Of the other three raiders who were  
killed at Harper's Ferry, the remains of  
one, Watson Brown, were recovered  
and buried near John Brown's body in  
1882. Where the other two are no one  
can tell. They were taken from Har-  
per's Ferry after the fight and were  
used in a medical college for anatomical  
purposes. A fragment of the bear skin  
overcoat, in which, according to tradi-  
tion, Oliver Brown was buried, was  
found in one of the graves, and two  
lead pencils dropped from it when it  
was taken up.

## HOSPITAL SHIP ARRIVES; A TRANSPORT DEPARTS

San Francisco, Aug. 2.—The hospital  
ship Relief, laden with sick and dis-  
abled soldiers from the Philippines  
passed through the Golden Gate this  
morning, and anchored at quarantine  
station. No one will be allowed to land  
until she is examined by the govern-  
ment quarantine officers today. It is  
reported to have on board over 350 in-  
valids, representing every regiment in  
the field.  
The transport Indiana sailed for Man-  
ila, having on board 800 recruits for  
the various regiments in the Philip-  
pines.

## THE ANTI-GOEBEL 'CONFERENCE'

### Ex-Gov. Brown Scores Gob- bel Election Law—Con- vention Called.

Lexington, Ky., Aug. 2.—The anti-  
Goebel state conference this afternoon  
was largely attended. Great enthusi-  
asm was manifested. Dr. Points was  
chairman and W. H. Folk, of Fayette,  
secretary. While the committee on res-  
olutions were drawing up a report, ex-  
Governor Brown made a forceful  
speech denouncing the Goebel election  
law.

Resolutions were adopted endorsing  
the Chicago platform, declaring Brown  
to be the true exponent of democratic  
principles and calling for his renomina-  
tion. The resolutions further set forth  
that a convention of the democracy of Ken-  
tucky will be held in Lexington on  
Wednesday, the 16th of August, for the  
purpose of declaring principles and  
nominating candidates to be voted for  
in the November elections.  
The resolution also provides for an  
efficient democratic form of party gov-  
ernment, in accordance with the prin-  
ciples of home rule. The resolutions  
adopted, the conference adjourned.

## KENTUCKY PROHIBITIONISTS. DENOUNCE GOEBEL LAW

### Another State Ticket Nominated at Convention Yesterday.

Louisville, Aug. 2.—The prohibition-  
ists held a state convention today. The  
platform adopted declares for the re-  
peal of the Goebel election law, for com-  
plete prohibition, denounces the repub-  
lican state administration, and declares  
for woman's suffrage. The following  
ticket was nominated: O. T. Wallace,  
for governor; William H. Siegler, for  
lieutenant governor.

a Mormon gunsmith, this morning went  
over to the house of Levi Dawson, col-  
ored, and told him that during the  
night some one killed his wife. Glazier  
was arrested for the crime. The cor-  
oner's jury rendered a verdict that she  
came to her death from wounds inflicted  
by her husband.

## RAILWAY MACHINISTS STRIKE.

Port Huron, Mich., Aug. 2.—The ma-  
chinists of the Grand Trunk's shops  
struck today. This action is the cul-  
mination of trouble which began when  
yesterday J. C. Gehring, foreman, set  
non-union men at work. The machin-  
ists notified him that unless the non-  
union men were removed they would  
strike, but the non-union men were set  
to work again today. Every branch of  
the International Machinists' association  
and Amalgamated Association of Engi-  
neers who have been in the employ of  
the Grand Trunk have been notified,  
and the strike will extend today over  
the entire system.

### Carrabelle on the Gulf Coast Wrecked by a Ter- rific Storm.

### Reported Loss of a Steamship --Much Anxiety for Peo- ple at Gulf Resorts.

Jacksonville, Fla., Aug. 2.—The town  
of Carrabelle, on the Gulf of Mexico,  
was almost completely destroyed by a  
terrific wind and rain storm yesterday.  
Many boats in the harbor were wrecked.

It is reported that the steamer Cres-  
cent was lost between Appalachicola  
and Carrabelle, and seven drowned.  
Several persons are reported drowned at  
St. Mark's.  
A number of houses were destroyed  
at St. Theresa, and a passenger train  
wrecked on the Tallahassee Gulf road.  
No one was injured. The wires are  
down and traffic at the gulf ports is  
suspended. The rain fell in torrents,  
washing away bridges.  
Much anxiety is felt for the safety  
of the people at the gulf resorts.

## CUBAN EDITOR PUT IN JAIL

### The Guacamayo, a Libellous Spanish Sheet, Sus- pended.

Havana, Aug. 2.—Following General  
Ludlow's example Governor Rivera to-  
day suspended the Guacamayo, a libel-  
lous Spanish sheet, and arrested the ed-  
itor, Jose Martos. The magistrate sen-  
tenced Martos to ten days imprisonment  
at hard labor. Later he will have to  
stand trial on other charges brought  
against him.  
Ex-Police Inspector Hernandez hav-  
ing apologized to Chief of Police Car-  
denas has been released.

## YELLOW FEVER.

One case of yellow fever developed in  
the navy yard yesterday. The victim  
is a marine.  
Senora Liobregat, widow of a Spaniard  
who was lynched at San Antonio  
de los Baños last June, has filed a claim  
with General Brooke for \$35,000 indem-  
nity.

## GARCIA CRITICIZES LUDLOW.

Washington, Aug. 2.—Carlos Garcia,  
son of the late General Garcia, criticized  
in an interview today the action of  
General Ludlow in suppressing the Re-  
publican. He declared this was a  
Spanish custom which had been rightly  
denounced in the United States. He  
added that the civil law in Cuba is am-  
ple to punish people who commit libel.  
There can be no independence without  
free speech and a free press. What  
would the people of the United States  
say, he asked, if the authorities should  
suppress a newspaper for abusing, just-  
ly or unjustly, the administration. They  
would not tolerate it.

## FILIPINO SUES FOR LIBEL.

Hong Kong, Aug. 2.—The New York  
Journal correspondent cables: A big  
sensation has been caused here by the  
fact that Isabelo Artacho, who is Agui-  
naldo's rival and who advised his coun-  
trymen to submit to the United States,  
has sued Howard Bray, chief adviser of  
the Filipino junta, for \$50,000 damages  
for libel. The article in which the libel  
appears was in the June number of  
the London Review of Reviews. It at-  
tacked Artacho fiercely and defied  
Aguinaldo.  
The suit will expose the operations of  
Bray and show the villainous tactics of  
the Filipinos. Consul General Wild-  
man is gratified that the doings of  
Bray and his associates will be brought  
to light. Leading members of the junta  
are moving to Macao.

## THE YELLOW FEVER SCARE.

Danville Register.  
It would be amusing if it were not so  
alarming to note the vehemence with  
which the cities and towns adjacent to  
the scene of the yellow fever outbreak  
at Soldier's Home protest that there is  
no cause for apprehension, when the  
very papers that make the announce-  
ment are full of stories breathing alarm  
in every line. There is cause enough for  
alarm, but coolness and philosophic resig-  
nation to the situation are the sens-  
ible attitudes. Some in every city and  
town in the state have loved ones shut  
in by the relentless quarantine, but it  
is wise that they should be, and fret-  
ting or worry will not mollify the sit-  
uation.

## REBEL DEFEAT IN VENEZUELA.

LaGuayra, Venezuela, Aug. 2.—The  
revolutionists which have been operat-  
ing in the Andes mountains were de-  
feated by the government forces yester-  
day under command of General Fernan-  
do. The rebels were completely  
dispersed and Commander General Cas-  
tro compelled to flee into Colombia for  
safety.

## THE FAMILY FEUDS! IN KENTUCKY

### Gov. Bradley Makes a State- ment--Blames Leg- islature.

Lexington, Ky., Aug. 2.—Governor  
Bradley gave out a statement today in  
which he vigorously defends his course  
in the troubles in Clay county and de-  
nounces the democratic legislature for  
its refusal to enact laws with which the  
governor could take the necessary steps  
to suppress the feud. He says:  
"In the first message to the general  
assembly attention was called to the  
mob spirit abroad and the legislature  
was asked for an appropriate remedy  
but the recommendation was unheeded.  
Some time ago through the public press  
the governor stated that a remedy for  
the Clay county and other similar trou-  
bles was to be found in legislation, but  
up to this time he has, with one or two  
exceptions, failed to hear a suggestion  
from members of that body or to re-  
ceive any assurance of their co-operation."

"Under the circumstances, I have not  
up to this time felt that an extra session  
of the legislature would accomplish any  
good result, but would simply entail  
large expense on the state. From the  
time I came into office to this moment I  
have steadily and faithfully labored to  
maintain the peace of commonwealth."

## MARYLAND DEMOCRATS NAME A TICKET.

### Smith Nominated for Governor by Ac- clamation.

Baltimore, Aug. 2.—The democratic  
state convention, held at Ford's opera  
house today nominated the following  
ticket: Governor, John Walter Smith,  
of Worcester county; attorney general,  
Isidor Rayner, of Baltimore; comptrol-  
ler, Joshua W. Herring, of Carroll coun-  
ty. The nominations were made by ac-  
clamation. Edwin Warfield, Mr.  
Smith's opponent withdrawing.

## APPEAL FOR PROTECTION FOR MORMON ELDERS

### Reward of \$500 for Arrest of Members of Lynching Mob.

Chattanooga, Aug. 2.—President Rich,  
of the Southern States Mission Church  
of Christ, Latter Day Saints, will go to  
Atlanta at an early date to call on  
Governor Chandler and demand pro-  
tection for Mormon elders who are pre-  
serving in the state. Rich today offered a  
reward of \$500 for the apprehension and  
arrest of any member or members of  
the Georgia mob who assaulted the  
Mormon elders.

## ARMS SEIZED AT HONG KONG.

Hong Kong, Aug. 2.—Six different  
consignments of arms have been seized  
by the authorities during the past week.  
The shipments all consisted of rifles and  
ammunition, and it is believed they  
were to be sent to the Philippines and  
forwarded to Aguinaldo's army. The  
arms consisted of rifles of the latest  
models and a large quantity of smoke-  
less powder.  
Consul General Wildman has been  
keeping a close watch on all persons  
who are suspected of smuggling arms  
to the Filipino insurgents. He recently  
frustrated an attempt at Macao to ship  
a large consignment of arms to the  
Philippines.

## SITUATION IMPROVING

### No New Cases and No Deaths at Sol- diers' Home.

### Most Encouraging Outlook Since the Fever Began.

### Quarantine Maintained by Citizens Armed With Winchesters.

### Car Loads of Provisions Passed Through the Line, But No Fresh Produce.

Newport News, Aug. 2.—The state-  
ment of Governor Woodfin, of the Sol-  
diers' home, this evening in regard to  
the yellow fever is more encouraging  
than at any time since the fever was  
discovered. He says there are no new  
cases and no deaths. It was reported  
this afternoon that another case had  
been found at Phoebus, but it is stated  
authoritatively that the case has not  
been diagnosed as yellow fever. Major  
Vickery, of the Soldiers' home hospital  
staff, states that the fever cases are  
favorable, and only two now under  
treatment are liable to prove fatal.  
Late tonight a statement was made  
from trustworthy sources that two more  
cases are under quarantine.

The report sent out from Norfolk by  
certain papers to the effect that there  
were six new cases of fever and two  
deaths in Phoebus last night was with-  
out foundation. Surgeon General Wy-  
man arrived at Old Point this morning  
and spent most of the day at the Sol-  
diers' home.  
This evening a car load of provisions  
was allowed to pass through quaran-  
tine for the soldiers' home. Ten car  
loads passed through for Hampton. All  
the farmers are shut out of this city  
and there is little fresh produce to be  
had.

Several hundred citizens have volun-  
teered their services on the quarantine  
line tonight, and the best known and  
most influential citizens are doing  
guard duty at close intervals armed  
with Winchester rifles. It is realized  
that only the vigilance of the citizens  
and the management of the board of  
health prevents the passage of the  
quarantine by way of Richmond and  
any man who tries to steal across the  
lines will be shot without hesitation.

## REMOVAL OF THE TROOPS.

Washington, Aug. 2.—Owing to the  
difficulty experienced in removing  
troops from Fort Monroe to the Dela-  
ware coast General Merritt accepted  
the request of Surgeon General Wy-  
man and the garrison at Fort Monroe  
will be sent to some place farther north  
than Battery Point, Delaware. The lo-  
cation has not yet been fixed.  
It was intended that the troops  
should be conveyed by the Pennsylv-  
ania railroad's transport from Fort  
Monroe to Cape Charles and by the  
Pennsylvania railroad to Battery Point,  
but the Norfolk authorities notified the  
Pennsylvania officials that the trans-  
port used for the purpose would not be  
allowed to enter Norfolk for five days,  
cutting off communication by railroad  
between Cape Charles and Norfolk.  
Government transports will probably  
be utilized.

## NASHVILLE SAILS.

Norfolk, Aug. 2.—The gunboat Nash-  
ville sailed from Norfolk this morning,  
destination withheld. It is believed that  
she is upon an important mission. Rep-  
airs upon her have been rushed at the  
yard.

## THE SHAMROCK SAILS.

Greenock, Aug. 2.—The Shamrock  
sailed this morning accompanied by  
the steam yacht Erin for New York. A  
large crowd witnessed the departure  
and enthusiastically cheered.
