Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into blood disease, Swift's Specific is the only known cure for Scrofula, because

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable.

The disease next attacked the over and we feared she

MBS. RUTH BERKELEY,

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

is the only remedy equal to such deepseated diseases; it goes down to the taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

SOME RASH VOWS.

Efforts to Keep Them Have Led to Insanity and Death.

If there is no limit to human folly, there is equally no limit to human perverseness, and many of the vows that rash people make are as foolish as they are perverse.

The most recent of these foolish makers of vows is a native of Brussels who has sworn that he will make a tour of the world walking backward. It is to be hoped that his fate will be happier than that of the man who swore that he would never rest until he could walk on the ceiling like a fly, and who lost his reason without gaining his wish.

There was "method in the madness" of the great French painter, Ziem, who vowed that he would never leave his studio until a certain important picture was finished. He gave instructions that he should be locked in his studio and that the door should not be opened under any conditions, his meals to be handed to him through a hole in the door. Thus he worked for months during the crisis that ended in Napoleon's famous coup d'etat and his accession to the throne, of which Ziem knew nothing until his picture was completed and his door unlocked.

Another French artist, Gericauld, was equally determined to allow no distrac- since the previous night.-Argonaus. tion to interfere with the painting of his great picture, "The Wreck of the Medusa." He had his head shaved and vowed that he would never allow his hair to grow until his work was done. This wow he religiously kept in spite of strong temptation to break it, and the reward of his heroism was the most perfect macy. painting of his life.

A story is told of a great chess enthusiast who was so annoyed at his failure to solve an apparently simple problem that he vowed he would neither sleep nor eat until the solution was found. He shut himself up in a disused room and was found four days later by his relatives may be better for you if you are .- Galterribly emaciated and out of his mind. He spent a year in a lunatic asylum as

the result of his rash vow, and the problem remains unsolved.

Woman appears to be at the root of many of these eccentric vows; for it was a hatred of the sex that impelled a once well known lawyer to swear that he would never speak to a woman again as long as he lived. Nothing would induce him to see a lady client, and he would never conduct a case in which a woman appeared as a witness. He never employed a female servant and deliberately "cut" all his lady acquaintances. The inevitable result was that the men deserted him, his practice dwindled and be died, alone and unattended, in a squalid attic room.-Cincinnati Enquirer.

Budding womanhood! What glorious possibilities! What halfhidden dangers! What a time for tender sympathy! At puberty nature generally makes some attempt to establish physical regularities, but

when nature fails to assert itself, developments result which injure the health and impair the constitution of the maiden. The first Lord Lytton was certainly daft. One morning while he was entertaining a large company at his country seat the guests were assembled at break fast in the great hall, when their host came in in an old dressing gown, poured out a cup of tea and disappeared without uttering a word to any one. Arthur Russell expressed his surprise to his next neighbor, who said:

Complexion and Hair Specialists,

The brilliant complexions of women in the more exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 78 Fifth Avenue, New York, themselves connected with some of the most noted and honored families in the metropolis, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.

Five Toilet Treasures.

The Misses BELL'S **OOMPLEXION TONIO**

is an external application, the presence of which on the face cannot be detected. It is perfectly harmless even to the most delicate skin. It is a sure and quick cure for all roughness and eruptions. It acts on the skin as a tonic, producing a naturally pure complexion. Cosmetics merely hide blemishes. The Tonic gets rid of them.

It removes pimples, freckles, black-heads, moth patches, liver spots, eczema, redness, oiliness and all discolorations and imperfections of the skin. Price, \$1

The Misses BELL'S

HAIR TONIO

cures dandruff and prevents any return of it; stops that maddening itching of the scalp and makes the hair strong, soft and lustrous. It is especially help-ful to persons whose hair is thin, dry and liable to fall out. The tonic cleanses the skin about the roots of the hair; will soon cover bald spots with a handsome growth. Price, #1 a bottle.

The Misses BELL'S **COMPLEXION SOAP**

is made from the pure oil of lambs' wool. It is healing and gratifying to the skin, keeping it at all times in a clean and healthy state. This Soap is daintily scented, and is a most welcome aid to the toilet of fastidious women. The utmost care is taken in selecting materials and scrupulous cleanliness in the laboratory insures the purity of the product. Price, 25 cents per cake, large four-ounce size.

The Misses BELL'S CAPILLA-RENOVA

for restoring prematurely gray locks to their original color. It is not a dye nor a stain. It is a colorless liquid that is applied to the roots of the hair and leaves no telltale signs on the scalp or forehead.

Neither does it change the color of the hair all at once. Only dyes do that, and they wash off. But Capilla-Renova will not wash off. Price, \$1.50 per bottle

The Misses BELL'S SKIN FOCD

is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic, and, in mild cases of roughness, redness, pimples, etc., is a cure in itself. It clears the pores of the skin of all impurities and feeds it by building up the texture and making the flesh beneath it solid and firm. Price, 75 cents per jar.

A trial size sample of any one of above preparations at our parlors in New York City; or by mail to any address in plan wrapper upon receipt of 25 cents in stamps or silver to cover actual cost of postage and packing. Trial size samples can be secured from our New York office only. Our agents will not supply them. Correspondence cordially solicited. Address
