been sold to Herbert Carl and others of New York city. Mining operations will be commenced at once.

The surveyors at work for the North Carolina Power company, at the "Narrows," are now engaged in getting the depth of the water at that point and the amount of volume that rushes through per minute. The dam to be constructed there is to be of iron.—Lexington

The board of aldermen of Lincolnton have reduced the price of liquor license from \$1,250 per year to \$300. No applications were filed for license, as those who proposed to apply had decided to postpone action until next meeting, their plans not having been fully matured.

The dam erected near Mrs. Ballard's and Mark Fisher's that used to overflow the banks of the stream that goes through the business part of the city, will work well. Others will soon be built on every branch in our town. Everyone should encourage both these enterprising citizens for their preventatives to keep sickness from such a fair town as Saluda.—Saluda Cor. Hendersonville Times.

The Brevard Telephone Exchange is nearly ready to begin business. Their switchboard has arrived, the twenty-seven phones ordered are nearly all in position and wiring the town is nearly completed. The company will have completed all their first order for phones in use when the exchange opens for business. Of course this is the minimum and the business will constantly increase as the town grows. Waterworks ought to attract the attention of our business men next.—Brevard News.

**SWAMP-ROOT.** Is not recommended for everything, but if you have kidney, liver or bladder trouble it will be found just the remedy you need. At druggists in 50 cents and dollar sizes. You may have a sample bottle of this wonderful new discovery by mail free, also pamphlet telling all about it. Address, Dr. Kilmer & Co., Binghamton, N. Y.

The Transylvania railroad received a welcome addition to their rolling stock last week in the way of a new locomotive and two new passenger coaches. The new proprietors of this road are systematically at work putting their property into first-class shape, having spent several thousand dollars already in track repairs; and this policy may be expected to characterize all their future movements. It was a lucky day that brought the Toxaway people to this section.—Hendersonville Times.

The first excursion train from the south Wednesday brought a swarm of people into the mountains, five sections being required to transport them. Something like three hundred persons debarked here, of which number about seventy-five went on to Brevard, the Transylvania road filling a flat car with their baggage. Of the others some went into the country; the rest had to take what accommodations they could find. It has for some weeks been the subject of discussion by our people where the excursion people were going to find shelter.—Hendersonville Times.

The probability of the Seaboard Air Line coming into Greensboro grows brighter. Some of the prominent officials of that company are expected here soon to look over the ground. The business men of Greensboro will be seen and talked with and if the outlook is at all encouraging the Southern may expect to have new neighbors. The route is not of course yet definitely settled, but it will likely be that referred to some time ago—from Pittsboro via Haw River, Burlington and Gibsonville to Greensboro, thus taking in all the cotton factories along the line.—Greensboro Record.

The state board of education has entered into contract with K. S. Finch of Charlotte whereby he is given an option on the state swamp lands, at 50

"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, never gripe—they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and healthy appetite. Paragon Pharmacy.

cents an acre, his contract begins February 11, 1900, and extends for one year. These lands have been surveyed, aggregate 369,380 A. 2 acres. The contract also includes all the unsurveyed lands belonging to the state, amounting to about 183,397 acres; also, all the other lands which the state may own in the counties of Camden, Currituck, Pasquotank, Perquimans, Chowan, Gates, Hertford, Bertie, Washington; Dare, Onslow, New Hanover, Columbus, Brunswick, Bladen, Robeson and Richmond or any other county in the state of North Carolina. The state obligates to sell to Mr. Finch any part of these lands—not less than 1,000 acres—upon the payment of 50 cents an acre, at any time within one year from February 11, 1900.

The postponed annual meeting of the Industrial and Immigration association will be held at Greensboro on Monday night, August 21.

A large force of hands have been employed this week in moving some heavy machinery from the depot to the new Pee Dee mill. The moving of such heavy machinery, especially up and down the very steep hills between the two points, is a big undertaking, if not a hazardous one. But they have prepared for it. They have a large wagon, which they had made to order, with a strength capacity of 20,000 pounds, almost equal to a flat car. It has very broad tires. They hitch nine mules to this wagon and they have been sailing several times. They have been making good headway, however, and no accidents have happened so far. Some of the heaviest machinery moved was three large boilers about thirty feet long, and a "full grown" driving wheel. This wheel is 19 feet in diameter, 3 feet 5 inches wide across the face, and weighs 28,000 pounds. It was cast in six sections, each half making a flat car load.

Pee Dee mill No. 2 is rapidly assuming the proportion of a village, a large number of residence houses already being completed and the work goes on.—Rockingham Anglo-Saxon.

The North Carolina rolling exposition car is here putting in new material and refitting prior to its southern tour this winter. Among other things the management is having painted eighteen escutcheons for ornamenting the interior of the rolling museum of the state's resources. Desiring to give the state the benefit of the best advertising, the managers requested Mr. T. K. Bruner, perhaps the best posted man in the state in such matters, to prepare a number of these escutcheons, and he furnished them under each of the following heads: Forests, gold mines, iron mines, building stones, fisheries, tobacco, corn, wheat, oats, Irish potatoes, sweet potatoes, cotton, apples, peaches, butter, poultry, farm products, rice.

United States Marshal Millikan, of Greensboro has just learned of the plight of G. H. Priddy, a deputy marshal from Stokes county. Priddy is one of the men that went over to Smith's settlement in Stokes county two weeks ago, roused all the Smiths from peaceful slumber and took from the settlement Jim Taylor and Will Smith. There fore, the tribe of Smiths think that he is persona non grata and other unpleasant things, which they express differently. On Monday Priddy went over into this same neighborhood to get John Phillips, who is also supposed to have violated the internal revenue law. He found Phillips, who fled. Priddy pursued, cheerfully firing his pistol at Phillips "to make him stop." Finally Phillips was overhauled and brought to Madison, in Rockingham county. Just as he was about to be tried a warrant was served on Priddy for shooting at Phillips, and the former was brought before the mayor and bound over to the court. In his letter about the matter Priddy says that the crowd seemed to be against him, and two men went to Priddy, who was under guard, and urged him to run, saying they would "take care of Priddy." Judge Adams will be engaged to take the case from the state to the federal courts.—Raleigh Cor. Charlotte Observer.

#### MOUNTAIN RESORTS.

It is estimated that there are about two hundred more visitors at Saluda than have ever been there at any previous time. The cheap excursion rates will open the 16th of August, then the town authorities will take a census of all Saluda's mixed-up crowd of boarders and visitors.

The Mt. Mitchell hotel is filled with guests; also the cottages have a large number of people.

Colonel William Rice, once owner of the Carolina Troy property at Balfour, two miles north of Hendersonville, has bought the Chestnut Hill cottage and farm from the Gower estate. He will become a resident of Transylvania county and will improve his purchase.

Mr. Collier, from Asheville, a professional landscape gardener, has the grounds of the Wheeler house at Hendersonville and will put them in first-class shape.

Contractor Chunn, from Hendersonville, has charge of the addition and repairs that will be made at Oak Hall, Tryon.

One minute Cough Cure quickly cures obstinate summer coughs and colds. I consider it a most wonderful medicine, quick and safe.—W. W. Merton, Mayhew, Wis. Paragon Pharmacy.

## PIMPLES

"My wife had pimples on her face, but she has been taking CASCARETS and they have all disappeared. I had been troubled with constipation for some time, but after taking the first Cascarets I have had no trouble with this ailment. We cannot speak too highly of Cascarets."
