## UNITY IN THE PARTY

Urged by Democratic  
National Executive  
Committee.

Want to Get the Gold Dem-  
ocrats Back in  
Line.

They Ask Kentucky Demo-  
crats to Support Geo-  
bel Loyally.

McLean Says Much of the Suspicion of  
Disloyalty to Bryan is Un-  
founded.

Chicago, Sept. 18.—Party unity was  
the central idea of the resolution  
adopted at the meeting of the execu-  
tive committee of the democratic na-  
tional committee here today. The  
olive branch was held out to the gold  
democrats, the factionists in Kentucky,  
and the committee decided to maintain  
the national headquarters in Chicago  
with J. G. Johnson, of Kansas, in  
charge.

Johnson was in fact made general  
manager, and will have charge not  
only of the work of the general organ-  
ization but of collecting funds and of  
the campaign press bureau. Johnson  
will be assisted by Sam B. Cook, now  
manager of the ways and means bu-  
reau.

The address of the national commit-  
tee praying for harmony was cast in  
the shape of a resolution offered by  
Vice Chairman Stone and adopted  
unanimously. It expresses confidence  
in the outcome and adds: "That the  
great need now is party unity, and  
thereby a thorough organization. The  
committee appeals therefore to its party  
friends in all states, and especially  
in the states where elections are to  
be held this year, to put aside all local  
differences wherever they exist, and  
support the regular party tickets ear-  
nestly and enthusiastically, keeping al-  
ways in view the great struggle of next  
year, and remembering that in unity  
there is strength, and in division there  
is weakness. Especially do we appeal  
to the Kentucky democracy to give  
loyal support to the regular ticket of  
that state, headed by Goebel, and  
thereby make sure of democratic victory  
and the return of Senator Black-  
burn to the senate."

The only incident out of the common  
was the tilt between McLean and  
George Fred Williams over the holding  
of the mass state convention this week  
to choose the national delegates. Wil-  
liams said this was done to insure silver  
men being sent whereupon McLean  
retorted that he didn't have much con-  
fidence in democrats so much afraid of  
themselves that did not dare to hold  
their convention at the usual time, and  
that much of the suspicion of disloyalty  
to Bryan and the Chicago platform was  
unfounded.

Bryan's absence caused comment but  
all the speakers were outspoken for  
him.

**INDICTMENT AGAINST  
FRENCH CONSPIRATORS**

The Accusation Read in the Senate is  
Very Long.

Paris, Sept. 18.—The senate sitting as  
the high court of justice, met this af-  
ternoon for the purpose of hearing the  
indictment against Deroulede, Guerin,  
and twenty others charged with con-  
spiring against the state. The accusa-  
tion, which is very long, related the  
objects of the leagues in the conspiracy  
and gave an account of the efforts  
made to advance their cause against  
the existence of the government, and of  
dealings of the accused with the Duke  
of Orleans. None of the accused were  
present. After the indictment was  
read, the senate held a secret session.

**GUNS AT CELEBRATION**

Gov. Tyler Listens to Appeals to Send  
Troops to Warrenton.

Richmond, Va., Sept. 18.—The negroes  
have arranged for a celebration of the  
anniversary of the emancipation pro-  
clamation by a great gathering at War-  
renton, Va., next Friday, and in con-  
sequence there is some fear among the  
people of the city. A telegraphic re-  
quest was received by Governor Tyler  
today for one hundred muskets and a  
piece of artillery from the mayor of  
Warrenton.

The Washington Zouaves, a colored  
company, a few days ago requested  
Governor Tyler to allow them to enter  
Virginia bearing their arms, and when  
refused are reported to have denounced  
the governor. The governor has wired  
the adjutant general to have the guns  
sent to them, and also to have a com-

## MONTEREY WILL ASSIST CHARLESTON

Gunboat and Landing Party  
Will also Help Reduce  
Insurgent Works.

Manila, Sept. 18.—The monitor Mon-  
terey and the gunboat Concord sailed  
for Subig bay this morning to assist  
the cruiser Charleston to reduce the in-  
surgent works there. The Zafiro went  
also with a landing party of 300 marines.  
Colonel Denby and Prof. Worcester,  
of the Philippine commission, sailed  
for home today. Attaches of the com-  
mission will remain as the commission-  
ers expect to return to complete their  
work when peaceful relations with the  
Filipinos have been re-established.  
Col. Denby and Prof. Worcester have  
collected much valuable material  
which will aid in providing a perman-  
ent government. The commission will  
submit an exhaustive report to con-  
gress.

**FRANK CRAIG WHIPPED  
BY TOMMY RYAN**

"Harlem Coffee Cooler" Badly Beaten  
in Ten Rounds.

New York, Sept. 18.—Frank Craig,  
otherwise known as the "Harlem Coffee  
Cooler," who has been fighting with  
some success in England for the past  
five years, was effectually stopped by  
Tommy Ryan, of Syracuse, at the Con-  
ey Island club tonight.

The end came in the tenth round  
when Referee Siler saved the "cool-  
er" from further beating, which had  
already cut his face into ribbons, and  
placed him in a helpless condition.  
Craig was game enough to take his  
medicine from a man who outclassed  
him in science and landed blows that  
told heavily. It was Ryan's first im-  
portant fight in the middleweight class  
and he fulfilled all expectations. He  
was very fast, wasted few blows, and  
put great power into his smashes.

## SETTLE'S POSITION

Believes Whites and  
Blacks Would be  
Disfranchised.

Favors Educational Test  
Applying to Both Races  
Alike.

That is Why He is Agreeable  
to the Proposed  
Amendment.

The Grandfather Clause Unconstitu-  
tional and Its "Protection" of  
White Illiteracy Only a Sham.

Hon. Thomas Settle, former repre-  
sentative in congress from the Fifth  
district of this state, is in Asheville.  
Mr. Settle has been quoted as in fa-  
vor of the constitutional amendment,  
limiting the suffrage. The Gazette is  
able today to state that the newspapers  
that have published alleged interviews  
with Mr. Settle to this effect have in-  
terted only part of the truth. Mr. Set-  
tle is in favor of the amendment for a  
reason these newspapers cannot pub-  
lish and at the same time make from  
Mr. Settle's position the kind of po-  
litical capital they want. Few per-  
sons in this state or anywhere else of  
intelligence, sufficient to read the fifth  
section of the proposed amendment—  
the lineal descent clause, which is  
used as a "blind" to deceive illiterate  
white voters—and also the fifteenth  
amendment of the United States con-  
stitution, are ignorant of the fact that  
the fifth section is unconstitutional,  
and that the effect of the amendment,  
if passed, would be TO PLACE  
THE UNEDUCATED WHITES AND  
BLACKS IN THE SAME BOAT, dis-  
franchising both. This is the view of  
Hon. Thomas Settle. For the reason  
that he is in favor of the fourth sec-  
tion of the amendment, which makes  
no discrimination between the races,  
but is an educational qualification for  
ALL voters, and is therefore constitu-  
tional, and the additional reason that  
he regards the fifth section, that at-  
tempts to discriminate between the  
races, granting privileges to one that  
withholds from the other, as in viola-  
tion of the constitution of the United  
States, making it therefore a null and  
void portion of the amendment, he has  
declared himself in favor of the mea-  
sure. Mr. Settle expresses himself as  
follows:

"I am in favor of the amendment,  
because I favor an educational qualifi-  
cation. I believe the result of the  
amendment will be to eliminate igno-  
rant and vicious voters, both white and  
black. The fifth section of the law is  
unconstitutional and will be thrown  
out. I have no doubt of that. This  
will leave the fourth section of the  
amendment in force, and no illiterate  
person can then vote, whatever his  
race or color."

Mr. Settle went somewhat farther  
than this, in a conversation yesterday,  
and said that in his opinion "the effect  
of the amendment, as applied to il-  
literate of both races, will be more  
strongly felt by the whites than by ne-  
groes, for the reason that the negroes  
are largely residents of towns, where  
the facilities for obtaining an educa-  
on are good, while the illiterate whites are  
mostly farmers, living in localities  
where it is difficult to obtain an edu-  
cation."

**SUSPECTED CASE OF  
SMALL POX IN VOLUNTEERS**

co While Investigation is Made.

San Francisco, Sept. 18.—The Thirty-  
first infantry, scheduled to sail for  
Manila today, has been held because of  
a suspected case of smallpox. Private  
White is the victim and the regiment is  
being carefully searched for further  
symptoms of the disease.

## FOUR MEN WOUNDED IN A STREET DUEL

Difficulty Between Char-  
lottesville Men Ends  
Seriously.

Richmond, Va., Sept. 18.—Four men  
were wounded in a street duel which  
occurred in Charlottesville this after-  
noon. Only one of the participants  
were hurt, the others being bystanders.  
The difficulty began early in the day  
when Isaac S. Hall, a member of the  
police force, and J. Frank Kelly, su-  
perintendent of the Alermarie Telephone  
company, had a quarrel.  
Later as Kelly was out driving with  
C. S. Joseph, Hall stopped the vehicle  
and renewed the quarrel. After several  
rough words both men drew pistols  
and the firing began. Hall was serious-  
ly wounded and Joseph was probably  
fatally wounded.

**GOVERNMENT SHOULD  
PROVIDE HOME FOR NEGRO**

Thus Says Gen. Butler in a Letter to a  
New Yorker.

Greenville, S. C., Sept. 18.—General  
Butler has written a letter on the race  
question in which he takes the position  
that the government should provide a  
home in Central or South America for  
the negro race. The letter is addressed  
to a New Yorker who recently asked  
Butler some questions as to the race  
situation. Speaking of the proposed  
emigration, Butler says: "To my  
mind it behooves the government to  
carry out the proposition of President  
Lincoln and provide a home in Central  
or South America, or elsewhere, to  
which the negro may be induced to em-  
igrate and set up for himself. It  
would be infinitely better for the ne-  
gro, who can never reach the full  
measure of American manhood and  
citizenship with his environments of  
race prejudice and ostracism."

**GEN. ALGER WITHDRAWS  
FROM SENATORIAL RACE**

Gives Business Reasons for His Action  
—Thanks His Friends.

Detroit, Sept. 18.—General R. A. Alger  
gave out a letter today in which he an-  
nounces his withdrawal from his candi-  
dacy for United States senator. It is as  
follows:  
"Dear Mr. Judson: After careful con-  
sideration I have decided not to be a  
candidate for the United States senate.  
My reasons for this determination are  
personal and of a business nature. I  
fully appreciate and thank you and my  
many other friends who have offered  
support, and hope to be able in future  
to show my gratitude for all that has  
been done for me by the people of our  
state. I am, dear sir, sincerely yours,  
(signed) R. A. Alger." TO:lt. xzffiff

had perished with seven men.

Thursday night also the schooner  
Anler was swamped off the Burin

eight men, must have foundered, as  
wreckage bearing her name was picked  
up.

There were several other drownings

besides the fourteen already re-  
ported. The coast is strewn with

Caracas, Sept. 18.—The cruiser Det-  
roit has arrived at La Guayra. The  
situation is unchanged. All the gov-

**WAS IT AN ACCIDENT?**

Philadelphia, Sept. 18.—Harry Hubbs,  
aged twelve, shot his ten-year-old  
brother, Charles, this evening, inflict-  
ing a wound in the stomach which  
caused his death. Whether the boys  
were quarrelling or not the police do  
not know. They were at their father's  
news stand at Franklin and Vine  
streets when the shooting occurred.  
Harry said he had been handling a re-  
volver which went off accidentally.

**ALABAMA SENATE RACE.**

Montgomery, Ala., Sept. 18.—Ex-  
Governor and Congressman Oates to-  
day announced his candidacy for the  
senate to succeed Morgan. Governor  
Johnston and Congressman Bankhead  
are also candidates and the race prom-  
ises to be interesting.

**ACCIDENTALLY SHOT.**

Special to the Gazette.  
Rutherfordton, N. C., Sept. 18.—A  
man by the name of Justice, from  
Henderson county, met with a very  
painful accident several miles above  
here Saturday night. He had stopped  
to camp, and as he was getting out  
of his wagon his pistol, which was in  
his inside coat pocket, accidentally  
discharged, the ball entering his thigh.  
At last accounts the man was suffer-  
ing very much and the ball had not  
been located.

**DENTIST INJURED BY EXPLOSION.**

Special to the Gazette.  
Rutherfordton, Sept. 18.—Dr. L. G.  
Reid, the dentist, last night was work-  
ing on his vulcanizer when it very  
suddenly exploded, making several ug-  
ly gashes on his face and breast, and  
it is thought his eyes are also badly in-  
jured. He is very sick.
