## GOEBEL DEFEATED

Such are the Latest Indications from Kentucky.

Nash Wins by Over Twenty Thousand Plurality in Ohio.

Nebraska Has a 15,000 Fusion Majority.

Republicans Carry Iowa by Probably More Than 60,000.

New York Republican, But Tammany Has its Usual Success.

The Democrats Carry Everything in Maryland.

THE MACHINE WINS THE FIGHT IN NEW ORLEANS—MASSACHUSETTS' REPUBLICAN MAJORITY. 67,000—CROKER DEFEATS MAZET IN NEW YORK.

Louisville, Nov. 7.—At a late hour tonight about one-fifth of the counties of the state have been heard from, the indications pointing to the election of Goebel by a small majority. The result, however, is still in doubt. The Post, democratic organ, which opposed Goebel, claims Taylor's election by ten thousand but so far there are no returns to justify this. Sixteen counties heard from show republican gains, but not enough to justify the claims of Taylor's election, unless he gains more rapidly elsewhere.

The election was conducted with the most intense bitterness by all parties, and returns are delayed on account of wrangling and scratching.

Wild and disgraceful scenes were enacted in this city and Lexington tonight, and there was the most intense excitement everywhere. In Lexington particularly there were several fights with the police and a party of 100 negroes attempted to carry off an election booth, but were frustrated. The polls were not opened promptly, and the town of Athens lost its box and ballots and therefore could not hold an election. Hundreds of extra policemen were on duty throughout the state and business was almost completely suspended.

CLAIMS TAYLOR'S ELECTION. Louisville, Nov. 7.—11:30 P. M.—Later returns show increased republican gains. Chairman Long claims Taylor will be elected.

Lexington, Ky., Nov. 7.—Complete returns from three counties in the First district give Goebel 1,664, one county in the Second 1,242. Four in the Third give Goebel a majority of 2,026. Four counties in the Fourth Taylor 100. In the Sixth one county complete gives Goebel 1,200. In the Seventh two counties give Goebel 1,020. In the Eighth three counties give Taylor 520. In the Ninth two counties give Taylor 169. In the Tenth one county gives Goebel 204. In the Eleventh three counties give Taylor 1,479. The republicans are hopeful and betting can be had at even money.

Louisville, Nov. 8.—At 1 a. m. Taylor is apparently elected. Four hundred and fifty-six precincts out of 1,834 give Goebel 29,842, Taylor 20,798, Brown 2,276. These precincts cover Goebel's strongholds and figures from eastern counties are expected to reverse the above majority. In the Eleventh district for instance, an adverse vote of 10,000 is expected. The Goebel people are losing confidence while the republicans are jubilant. The democrats now claim the state by 5,000 and the republicans by 20,000. Goebel loses Louisville by from 1,500 to 2,500.

NASH WINS IN OHIO. HIS PLEURALITY OVER 20,000—JONES' BIG VOTE.

Columbus, Nov. 7.—Returns from 400 precincts, outside of Cincinnati, Cleve-

land and Toledo, show an average gain of five to each precinct. This justifies Chairman Dick to claim 50,000 majority for Nash.

Columbus, Nov. 8.—Returns in the state election received up to midnight show that there are large republican gains in rural counties, with a leading out in the republican vote in several cities. The indications are that Nash, republican, has been elected governor by a plurality of 30,000. Judge Nash, nursing on the returns from precincts in Franklin, his home county, said early in the evening that if the ratio of republican gains continues he will carry his county by two thousand. The democrats carried the county two years ago by 1,349. The republican county committee has issued a statement that Nash will carry the county, but gives no figures. The Cleveland Plain Dealer in a despatch from its Columbus correspondent says that Charles Sauer, chairman of the democratic committee in Cuyahoga county, concedes the county to Jones, non-partisan candidate for governor. The republicans still claim the county for Nash.

A despatch to the republican state chairman, Dick, from Steubenville says Gill, republican candidate for congress in the Sixteenth district, runs 700 ahead of his ticket in that, his home, city. The district is largely republican, and Gill's election is certain.

The tenth ward of Columbus, in which Judge Nash resides, gives a net republican gain of 225, indicating that he had polled about one third of the democratic vote in his ward. Twenty-four precincts in Ashtabula county show a republican gain of 315. Twenty-seven precincts in Dayton show a republican gain of 289. One hundred and eighty precincts in Ohio at 10 p. m., outside of Cincinnati, Cleveland and Toledo, show a republican gain of 616, an average gain of 3 1-2 per cent. to a precinct in the country districts.

Columbus, O., Nov. 8.—Returns from all parts of the state indicate that a total of 900,000 votes were cast and that Nash, republican, for governor, will have a plurality of over 20,000. The democrats, however, do not concede this. Both democratic and republican committees at midnight were claiming the election of their state ticket and also a majority of the legislature. McLean carried Cincinnati by about a thousand. Jones made a remarkably strong run and his total hundred thousand. Chairman Dick, of the republican state committee, claims Nash's plurality will reach 40,000.

FUSIONISTS CARRY, NEBRASKA. INDICATIONS THAT THEIR MAJORITY IS ABOUT 70,000.

Omaha, Neb., Nov. 7.—One hundred and sixty-three precincts in the state outside of Douglas county, give Holcomb, fusion, for justice of the supreme court, 17,510, Reese, republican, 17,268. Many remote precincts have not been heard from and are outside the usual channels of communication. The result will probably not be known definitely until tomorrow. From returns at hand indications are that the contest is close. It is believed, however, that the places unheard from will favor the fusionists, and that they will carry the state by small margins.

There was much scratching on county tickets in almost every county, which has also tended to delay the count. The fusionists are charged with holding back reports from some counties for the purpose of doctoring them. The fusionists late tonight are claiming everything in sight but the republicans are confident. The election was conducted quietly throughout the state. Fine weather favored the fusionists and in rural districts they polled their full strength. The probabilities are that few illegal votes were cast.

The chief surprise of the day was the almost solid opposition of the liquor element to Reese, because of his decision when supreme court judge in 1898 which permitted the submission of a prohibitory amendment to the state constitution. Bryan voted at 11 o'clock. Owing to the fact that he was too busy in the campaign to register, he had to get a certificate of a free holder that he was a citizen and voter before being allowed to vote.

FUSIONISTS WIN. Lincoln, Nov. 7.—The fusion committee confidently claim the state by 13,000 to 19,000. They say imperialism was the sole issue.

Lincoln, Nov. 8.—At 1 a. m. Chairman Nash, of the republican committee, conceded the state to the fusionists by from eight to ten thousand.

Lincoln, Neb., Nov. 7.—Late returns increase the ratio of gain for the fusionists. One hundred and twenty-five precincts show a net average gain of seven, which would mean a fusion majority in the state of 15,000. Bryan's home county gives a republican majority of 1,500. The republicans generally concede Reese's defeat.

Omaha, Nov. 7.—11:30 P. M.—Two hundred and twenty-nine precincts' returns show Holcomb received 25,000, Reese 23,882, which is a net fusion gain of 1,997. The situation at midnight is decidedly favorable to the fusionists carrying the state by probably ten thousand. The republican State Journal of Lincoln practically concedes this.

NEW YORK REPUBLICAN. MAZET DEFEATED—ALBANY GOES REPUBLICAN.

New York, Nov. 7.—Tammany Hall has swept New York city by an old-time majority, varying from 50,000 to 60,000. Richard Croker achieved the object nearest his heart and succeeded in de-

feating Assemblyman Mazet for re-election by 307 votes. The assembly is safely republican, and will probably stand 85 to 65.

The democrats carried Kings county, the only contest in doubt being that for register.

The vote is close. The republicans carried Albany for the first time in many years.

REPUBLICAN MAJORITIES.

New York, Nov. 7.—The fight in this state was for the control of the assembly, and the republicans succeeded in maintaining control. The results in the assembly districts throughout the state indicate that the assembly this year will stand republicans 85, democrats 65, a republican majority of 20. The senate stands politically 27 republicans to 23 democrats, so that there will be a republican majority of 24 on joint ballot. In this city justices of the supreme court, sheriff, justices of the city courts and other minor local officers were chosen, and Tammany made a clean sweep, the majorities ranging from 45,000 to 65,000. Judge Barrett, for the Supreme court, who was on both republican and democratic tickets, had an immense majority.

Judge Osgorman, a Tammany democrat, easily defeated Judge Daly, the fusion candidate, for the other judgeship. His majority over Daly will reach 50,000.

The main fight in this city was in the Nineteenth assembly district, Tammany working tooth and nail to cause the defeat of Assemblyman Mazet, who was a candidate for re-election.

ELECTION FRAUDS.

Stories of gross election frauds are current in the city, and there is no doubt a great deal of money was spent in Mazet's district. County Chairman Quigg alleges that 400 fraudulent votes were cast, and it was by that number of votes that Mazet was defeated. The Tammanyites were joyful tonight, and claimed that but for republican intimidation his majority would have been at least one thousand.

The democrats carried Kings county easily. There was a close fight for register, and the republican candidate was elected by a small majority.

Of thirty-five assembly districts in this county Tammany carries 30 and the republicans 5, and republican loss of 3. Of 36 aldermen Tammany elects 30. The next board will have 45 democrats, out of 60 members.

REPUBLICAN SWEEP IN IOWA. SHAW'S PLURALITY ESTIMATED AT 60,000.

Des Moines, Nov. 7.—Returns from all parts of the state indicate that Shaw, republican, for governor, is elected by a plurality estimated at 60,000 and probably more. The republicans gained on an average of nineteen in each precinct. The chairman of the democratic state committee concedes the election of Shaw by 40,000 over White, fusionists. The republicans have overwhelmingly carried the legislature, insuring the election of a United States senator.

MARYLAND DEMOCRATIC. SMITH'S MAJORITY ABOUT TEN THOUSAND.

Baltimore, Nov. 7.—J. W. Smith, democrat, is elected governor by a majority of about ten thousand. With him goes the entire democratic city ticket and three legislative districts. The democratic state chairman claims 12,000 majority, while the republican leaders concede 10,000. One hundred and twenty out of 308 precincts have been heard from and these show immense democratic gains. There is no doubt the next house of representatives will be heavily democratic, but the senate is yet in doubt.

NEW JERSEY REPUBLICAN. A MAJORITY IN BOTH THE SENATE AND ASSEMBLY.

Trenton, N. J., Nov. 7.—The republicans carry the state by substantial majorities and will have a majority in the senate and assembly. The contest in the state was an unusually warm one, and to some extent was on

national issues, the democrats using all their energies in the hope of decreasing the republican majority in the state senate. They wanted to reduce this to one if possible, and many republican leaders feared the democrats would succeed. This had an important bearing, as the state senators elected now hold over and will assist in electing a successor to Senator Sewell two years hence.

Trenton, N. J., Nov. 7.—Returns from all parts of the state show that the republicans have carried the state by a substantial majority. The next senate will stand fourteen republicans and seven democrats; the assembly forty-one republicans and nineteen democrats. This insures the election of a successor to United States Senator Sewell in 1901.

PENNSYLVANIA'S VOTE.

Philadelphia, Nov. 7.—The vote throughout the state is light. The republicans carry the state by reduced majorities. Barrett, for state treasurer runs behind the ticket.

Philadelphia, Nov. 7.—The vote in the city and state was light. The republicans were successful throughout the state with but slightly decreased majorities. Barnett, candidate for state treasurer, ran slightly behind his ticket, but Chairman Reeder claims his majority will not be less than 170,000. His majority in this city may reach 65,000. The day was quiet, the voting without incident. Voters approved the plan to increase the city debt by \$12,000,000 to improve the water supply.

VIRGINIA AS USUAL.

Richmond, Va., Nov. 7.—The election throughout the state excited little interest. The vote was light, and the democrats swept the state.

Richmond, Va., Nov. 7.—The next legislature will probably stand regular democrats 115, opposition 25. A strong fight was made in only ten or twelve districts, all hitherto strongly democratic. In each case the republican and independent candidates won.

MASSACHUSETTS' BIG MAJORITY.

Boston, Nov. 7.—The republicans carried the state by about 67,000.

Boston, Nov. 7.—W. M. Crane, republican, is elected governor by a majority of 64,884, over R. T. Paine, democrat. The total vote of Crane is 168,772; Paine, 103,888. Boston, which last year went republican by 1,897, now gives Paine a majority of 6,196.

BOSS RULE IN NEW ORLEANS.

New Orleans, Nov. 7.—Mayor Flower, candidate for re-election as representative of the citizen's league and independent, was defeated today by Paul Capdeville, regular democrat, by 7,500. Flower was elected in 1896 by 11,800. The democrats carried every ward and elected all city officers and every member of the city council.

SOUTH DAKOTA REPUBLICAN.

Pierre, S. D., Nov. 7.—Scattering returns show the election of the republican candidates for judges. The republicans gained in the larger cities while the vote in the populist strongholds is light.

ONE SIDED IN MISSISSIPPI.

Jackson, Miss., Nov. 7.—The democrats swept the state by 40,000 with little opposition.

New York, Nov. 7.—The World and Tribune say Kentucky is republican, and that the fusionists have carried Nebraska.

Of Prof. John M. McCandless, Chemist of the Atlanta Board of Health—Published in the Atlanta Constitution.

Dr. J. F. Alexander, President Board of Health Atlanta, Ga.

Dear Sir—In view of the recent agitation on the subject of adulteration of flour, I have deemed it of importance to investigate the subject.

I myself took in the open market a dozen samples of flour.

I have deemed it best not to report the names of all the brands found to be adulterated. I give below, however a very complete analysis of two well known brands of flour, one pure and the other adulterated.

These brands are PILLSBURY'S BEST and (the name is omitted). Under the microscope, with the magnification of 850 diameters (the omitted name) shows numerous granules of corn starch; "PILLSBURY'S BEST shows none."

## STILL HOLDING LADY SMITH

A Message From Gen. Buller Regarding the Situation There.

A Cessation of Hostilities Since Last Friday.

Before That the British Made Some Successes.

The White Flag Treacherously Used by the Boers

THEY WERE SEVERELY PUNISHED FOR THE TREACHERY—BOERS NEAR KIMBERLEY BLOW UP A VAST QUANTITY OF DYNAMITE.

London, Nov. 7.—The war office received a despatch today from General Buller, dated Capetown, November 7, 12:55 p. m., regarding the situation at Lady Smith, giving the contents of a message from the general at Estcourt through the governor of Natal. The message says that since Friday there has been a cessation of hostilities and that Joubert refused to grant General White's request for permission for the non-combatants and the wounded to go south, but agreed to allow them to go to a camp four miles from Lady Smith. The message further states that the latter offer was refused by the people, and only the sick and wounded and a few inhabitants were moved yesterday. The message tells of shells bursting in a hospital and hotel, but causing no casualties, and says that thus far only one Kaffir has been killed by Boer shells.

ATTACK ON THE BOERS. On Friday, the message says, Colonel Brocklehurst drove the Boers back a considerable distance and disabled one gun; that in a fight near Bulwain eight British were killed and twenty wounded, and that 98 of the wounded at Dundee have arrived and are doing well. It adds: "Our position is now believed to be safe here."

In view of General Buller's telegram the early reports of a great British victory at Lady Smith are discredited.

BOMBARDING MAPEKING. Capetown, Nov. 5.—(Delayed.)—A despatch from Mafeking, dated October 26, says that the Boers bombarded the camp and town 36 hours. They threw three hundred shells and did not cease firing until the evening of October 25. The results of the bombardment are not stated.

CLOSING AROUND KIMBERLEY. Hope town, Cape Colony, Nov. 7.—A despatch received here from Kimberley, dated November 1, says: "Apparently the Boer reinforcements from Mafeking have arrived as the burghers are more numerous and closer all around Kimberley. About 1,200 made a demonstration three miles eastward at Premier mine today, and opened fire on DeBeer's carts, but no damage was done. The explosion of the dynamite magazine caused by the Boers firing on the place was terrific. The huts contained thirty-five tons of dynamite. All
