FILIPINOS MAKE ANOTHER STAND

Are Concentrating at Mangataram, South of Bayombong.

A Party Finds Dagupan Occupied by Americans.

Enough Rails Found to Repair Railroad.

Governor of Province of Neva Ecija Surrenders.

SAYS HE HAS BECOME TIRED OF THE REBELLION—A SKIRMISH ALONG THE SOUTH LINE YESTERDAY—ROADS IN BETTER CONDITION AND TROOPS CAN BE FORWARDED EASIER.

Manila, Monday, Nov. 20.—General MacArthur reports that the insurgents are concentrating at Mangataram to south of Bayombong. He says he is prepared to attack the rebels wherever they are found.

A reconnoitering party sent out by General MacArthur entered Dagupan this afternoon. They found the town in possession of the American troops belonging to General Wheaton's column. The insurgents had deserted the town four days ago and the Americans occupying the place arrived there yesterday.

The reconnoitering party followed the line of the railroad and found sufficient rails along the line to repair a break made by the rebels. No considerable force of rebels was met anywhere.

PROBABLY IN THE MOUNTAINS. General MacArthur thinks the insurgents have fled to the mountains in the provinces of Zambales and Bataan.

The governor of the province of Neva Ecija surrendered himself at Cabantuan yesterday, having become tired of the rebellion.

There was a skirmish along the south line today. The condition of the roads is improving and it is now possible to forward troops from San Jose.

OFFICERS AND CREW OF WRECKED CHARLESTON ARRIVE IN MANILA.

Manila, Tuesday, Nov. 21.—The gunboat Helena arrived here this morning with the officers and crew of the wrecked cruiser, Charleston. All are well.

WOOD'S NAME FOR GOVERNOR PLEASES CUBANS

Papers Throughout Province of Santiago de Cuba United.

Santiago de Cuba, Nov. 20.—Since the appearance of the statement that General Wood would be appointed governor, Cuban newspapers throughout this province have expressed their approval. They say the proposal to make Wood governor is the most significant act of President McKinley toward the realization of Cuban ideals.

HOT SPRINGS NEWS.

The New Race Course—Golf Tournament.

Hot Springs, N. C., Nov. 20.—Owing to the unfinished condition of the race-track the card of entries for Saturday's races was not made up, and only one heat was run, that being a quarter-mile between the Mountain Park Stables' Grey Eagle and Little Joe, from Eastern Tennessee, Grey Eagle winning with ease. The Association hopes to have the track completed in another week.

Capt. B. A. Newland, of Atlanta, Ga. who for the past two months has been traveling through the South in the interest of the Philadelphia Export Exposition, has been engaged by the Mountain Park Hotel, as their traveling representative Mr. Newland will travel throughout the North and West, talking up the Mountain Park and distributing its literature.

A golf tournament, 18 holes, handicaps, was played on Saturday afternoon, with the following entries: Mr. and Mrs. W. C. Denny, Mr. and Mrs. A. Falkner, Mrs. Denny, Mr. and Mrs. J. T. MacJ. Alex. Hayden, Miss Kerr, J. T. MacDowell, L. G. MacDowell, E. E. Aycock and J. B. Rumbough. The prize, a cup, was won by Mr. J. T. MacDowell, one of the proprietors of the Hotel Magnolia, of St. Augustine, Fla., who is now on his way to Florida to open his popular hotel for the winter season. The Mountain Park Hotel is receiving a new coat of paint, and presents a very striking outline against the mountains, looking from the station platform. G. H. MILLS.

WILL NOT ANTAGONIZE PLANS OF NORTHWEST

Commission to Examine Feasibility of National Southern Park Will Only be Asked For.

Washington, Nov. 20.—Congress will be asked to favor the request of the south for the establishment of a national park in the southern Alleghenies, probably in the Blue Ridge or Smoky mountains of Western North Carolina. A preliminary convention will meet Wednesday at the Battery Park hotel in Asheville to take steps to bring the subject before congress.

The plan will in no way antagonize the plans of the people of the northwest to establish a similar park in the forest regions of Minnesota. All that will be asked of congress at the present is that they appoint a commission to examine the property and feasibility of preserving the forest regions near the border line of North Carolina and Tennessee.

PROMINENT PERSONS ARRESTED IN VENEZUELA

Implicated by Letters Found on Supporter of Gen. Hernandez.

Caracas, Venezuela, Nov. 20.—In consequence of compromising correspondence found on the person of a prominent supporter of the revolutionist, General Hernandez, who was arrested here, many prominent persons have been arrested, including the ex-minister of education. The latter is charged with attempting to negotiate with General Hernandez in behalf of ex-President Andrade for the sale of a large quantity of arms.

The American minister will tomorrow recognize the government of General Castro.

DENIES ASPIRATIONS FOR AD INTERIM SENATOR

Bryan Not Speculating on the Successor of Haywood.

Lincoln, Nov. 20.—The stories sent out from Nebraska recently that Bryan was in consultation with Governor Poynter and eastern democrats as to his accepting the appointment as ad interim senator in case Haywood should die, is emphatically denied by Bryan's private secretary and Governor Poynter.

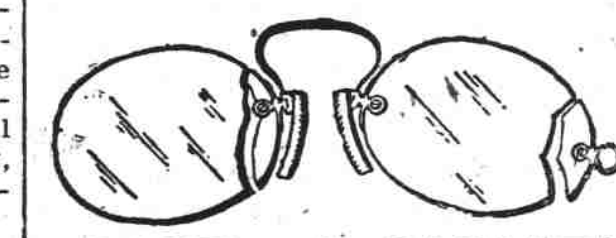

Both say not a single telegram has been received from either Bryan or any eastern democrat, and as a matter of fact Bryan has been in the Ozarks hunting and inaccessible to any telegraph office. Both expressed indignation at the intimation that Bryan would violate common decencies by indulging in speculation as to who shall succeed Haywood before his death.

BRYAN WILL VISIT AUSTIN.

Austin, Tex., Nov. 20.—Private advices received here today from Bryan say he will arrive here next Thursday and remain about six weeks. He will be accompanied by Mrs. Bryan and their daughter. They will be the guests of Governor Hogg. Bryan notified his friends here that he desires a complete rest, and he cannot accept any invitations to make speeches during his stay. He proposes to start on a speech-making tour of New England and the Eastern states about February first.

STATE NORMAL CLOSES.

Greensboro, N. C., Nov. 20.—The State Normal and Industrial college has suspended operations because of the outbreak of typhoid fever. The students who are able to do so left for their homes. Forty remain in the dormitory hospital. There have been about seventy cases of sickness in the college.

IMPERIALISM MILITARISM

And Trusts, the Keynotes of the Democratic Campaign for 1900.

Decided by National Executive Committee.

National Committee Meets in Washington Feb. 22.

Date of National Convention Will be Decided Then.

CHICAGO MEMBERS OF THE COMMITTEE FAVOR HOLDING THEIR NATIONAL CONVENTION BEFORE THE REPUBLICAN NATIONAL CONVENTION—REPORTS ON THE SITUATION IN DIFFERENT STATES.

Chicago, Nov. 20.—Trusts, imperialism and militarism will be the keynote of the democratic campaign of 1900. This was decided by the executive committee of the democratic national committee at a meeting at the Sherman house today. The work of the committee was not finished, and another session will be held tomorrow. Every member was pledged to secrecy and refused to discuss the proceedings.

ORGANIZATION AND ISSUES. It was learned, however, that the committee discussed ways and means of organization for the campaign, talked about issues, considered the results of the recent elections and agreed upon the date of meeting of the national committee, at which will be fixed the time and place for holding the national convention.

While formal action was deferred until tomorrow it was understood that the national committee will meet in Washington February 22.

COMMITTEE REPORTS.

Members of the committee favor holding the national convention prior to the republican convention. The report of the ways and means committee showed \$175,000 has been subscribed to the campaign fund, of which \$147,000 had been collected. Reports on the situation in the different states were presented.

These petitions will be found at the following places, and all men and women who care for the honor and morals of their country are requested to call and sign them:

POSTPONED TO SATURDAY.

University of South Carolina Team Unable to Come Before.

A letter received at Bingham school from the University of South Carolina football team later than the telegram received Saturday says they cannot be here today, but try to arrange matters so they can come Saturday. They have a game at home that date, the 25th, but will try to cancel the date and come to Asheville. The Bingham boys are anxious for them to come, and confidently expect to defeat them, on even terms.

Sergeant Burroughs returned yesterday from Hendersonville where he has spent a week resting.

Corporal Schofield is in Morristown visiting his father and is expected to return to school tomorrow.

LIEUT. WILLIAMS.

Wound Examined by the Aid of X-Rays Sunday.

Lieutenant Will Williams left yesterday for Philadelphia, where he will be given medical treatment by Dr. La Pace, one of the best specialists on head surgery in the world. A number of physicians examined the wound Sunday, which Lieutenant Williams received in an engagement with the Filipinos. The examination was made with an X-ray apparatus and the physicians believe the bullet was fairly well located. The bullet had entered just below the right eye, angled across and to all indications lodged near the lower part of the left jaw. Some of the physicians believe that the bullet can be removed through the back of the neck and that no permanent injury will remain.

DEWEY TRANSFERS HIS HOME TO HIS WIFE

Contributors to the Fund are Indignant and His Picture Hissed.

Washington, Nov. 20.—Much indignation has been aroused over the transfer by Dewey of the home presented him by the American people, to his wife. When the matter was first mooted there were murmurs of dissent and considerable feeling manifested by the contributors to the fund. Within the past few days letters have been received by members of the Dewey fund committee from contributors demanding the return of their contributions if the transfer took place.

Few people here can understand why the transfer should be made to Mrs. Dewey, who has an income larger than the Admiral's salary. With the announcement today of the formal transfer the storm has broken. Tonight at the Biographic exhibition, the pictures of McKinley, Bryan, Sampson and Schley were cheered while Dewey's was hissed.

The recording of the transfer of the house has revived the story of an alleged romance in which Dewey is said to have participated in Washington previous to his departure to assume command of the Asiatic station and a breach of promise suit is vaguely hinted at.

MOB ATTACKS JUSTICE OF THE PEACE IN VIRGINIA

He Kills One of Them and Wounds Three Others.

Norfolk, Va., Nov. 20.—A mob surrounded the house of Justice of the Peace Fleming at 3 o'clock this morning with the avowed purpose of lynching him. Fleming is out on bail on the charge of killing Clarence Snyder, whom he shot several days ago while gunning on his farm in Princess Anne county.

Fleming hearing the mob approaching got his Winchester and opened fire, killing R. B. Gilmore, one of the mob, and wounding three. The mob riddled the house and then fled precipitately, leaving Gilmore's dead body lying on the porch of the house. The coroner's jury found the killing of Gilmore justifiable.

BIRTHDAY PARTY.

Was Given Yesterday Complimentary to Mary Webster.

A most enjoyable occasion yesterday was a birthday party given by Mrs. C. N. Webster at her home on North Main street in honor of little Mary her four-year-old daughter. A large number of little folk were present and had a good time generally. The little miss in whose honor the party was given was beautifully attired in Japanese costume and her presents were numerous and beautiful. The table was tastefully decorated with fruits and flowers and well laden with good things.

The birthday cake was a thing of beauty and each child cut for the doll that was beside. George Shuford, Jr., was the lucky one. The mothers chaperoned the little ones and enjoyed a treat in the nature of a lecture by a talented lady friend.

OFFICIAL NEWS STILL LACKING

Rumors of Shortness of Provisions and Ammunition at Kimberly.

Preparations for a Forced March to its Relief.

A General British Advance Northward Probable.

General Joubert Moving Southward and Clash is Likely.

SPECIAL TRAINS EVERY HOUR FROM DURBAN TAKING BRITISH TROOPS TO PIETERMARITZBURG AND ESTCOURT—BOER OFFICIALS TREATED BRITISH PRISONERS ALMOST WITH RESPECT.

London, Tuesday, Nov. 21.—Again there is no official news of the military operations in South Africa and nothing of much importance has been received from other sources. Interest is divided between Lord Methuen's advance to the relief of Kimberly and the mutual advance of General Joubert and General Clerey in Natal. General Methuen's preparation for a forced march is interpreted as indicating that General Buller has knowledge of a shortness of ammunition or provisions at Kimberly, which necessitates the speediest relief of that place.

CLASH PROBABLE.

Respecting the pending events in Natal very little is known, and in view of the contradictory reports in reference to Lady Smith itself it is impossible to attach great consequence to the modified despatches. The concentration of troops at Estcourt for a northerly advance seems to be steadily proceeding, and if General Joubert is moving south, as stated, a clash must soon occur.

TROOP TRAINS MOVING.

Durban Nov 17 (Delayed in transmission).—Troops are constantly arriving here. A special train leaves every hour to convey them to Pietermaritzburg and Estcourt.

PRISONERS' TREATMENT.

Refugees who arrived from Pretoria say the Boer officials there received the British prisoners, captured at Nicholson's Nek, with bared heads and courteous consideration. The spectators on the streets saluted them respectfully.

JEFFRIES AND CORBETT MEET NEXT SEPTEMBER

The Champion Thinks He Can Wait as Long as That.

New York, Nov. 20.—The managers of Jeffries and Corbett will meet tomorrow to arrange the match between these pugilists. According to the present plan the encounter will not be decided until next September. Jeffries is going to visit his folks at Los Angeles after the holidays. He will work his way west, showing on the road until next September. Jeffries says he thinks himself entitled to name when and where he will fight.

He admits September is a long way off, but in view of the fact that Fitzsimmons and Corbett only fought on one in two years, he says he thinks he shouldn't be criticised. He regards Corbett as a tough proposition. He says he is shifty and clever and a great ring general, and while he may not punch as hard as Fitz or Sharkey he knows the game like a book.

THE STATE OF TRADE

Has warranted us in adding to our usual Holiday line an additional lot of gold and silver articles in more expensive goods than we have carried before in several years. We hope his change will meet with the approval of the public and desire the pleasure of showing you our holiday stock which will be ready about the first of December.

In the meantime we wish to again call your attention to the silver novelties we are closing out at a sacrifice.
