Mr. John M. Motz will establish an ice factory in Lincolnton. The Journal says the machinery has been ordered and the plant will have a capacity of forty tons per day.

The recepits of the Masonic fair at Wilmington netted \$6,000 or \$7,000. The first Masonic temple in the state has been built at Wilmington at a cost of \$50,000, and the fair was held to accumulate funds to liquidate the floating debt on this temple.

The North Carolna ducking grounds are much frequented by parties from the north. A yacht containing a number of Philadelphia gunners reached Norfolk last Sunday, bringing with them 400 geese and ducks, 300 diamond blacks and three deer.

It appears that after all the convicts have not picked all the cotton crop on the leased farms. It is said that 100 bales remain unpicked on the Northampton farm. The lease expires December 31, and the cotton remaining is the property of the land owner. The fact is that the state, like some farmers, planted more cotton than it can pick.

In the supreme court the appeal of Jefferson, the murderer of Captain Calvin Barnes, near Wilson, has been argued. 'There is a new point in the case, this being as to whether proof of the dying declaration of Barnes to his little son, "Have Jefferson arrested," is competent. The attorney general contended that it was, on the ground of motive on Jefferson's part to murder Barnes.

The wholesale grocery store of Vaughan, Hemphill & Co. of this place was destroyed by fire Saturday night. The loss is about \$12,000, with insurance to the amount of \$5,000. It is not known how the fire originated, but it is supposed that some thoughtless boys caused it by shooting Roman candles. The firm will probably open for business in the near future and erect a large brick building in the spring. The burned building belonged to J. S. Blair, and his loss is \$1,300 with no insurance.-North Wilkesboro Corespondence Raleigh Post.

the run of things tried before a magistrate in Cline's township last Monday. Three leading citizens were indicted under a certain section of the code for breaking into St. Peter's Lutheran church. They took a glass out of the window, entered the church and opened the door for the purpose of admitting the preacher and having divine services. They were bound over to the superior ourt in a bond of \$100 each. The church was locked by members of the Missouri synod and the men indicted belonged to the Tennessee synod .- Newton Enterprise.

The surveyors of the Black Diamond railway reached Franklin Saturday and are now camping near J. S. Sloan's place beyond theb ridge. Captain Kirk was in to see us Monday evening. He informed us that he commenced the survey of the North Carolina division at Bushnell and has worked this way. The twenty-three miles below Bushnell will be surveyed later. The captain says he found it impracticable to follow the old survey, but had to seek higher ground to get above the water line and avoid extreme curves. He gained four miles between Bushnell and Franklin and is highly pleased with the route. He will continue up the opposite side of the river five or six miles, then come down this side and select the better route. He expects to get through by New Year. -Franklin Press.

Mr. B. D. Springs says he has notified Mr. J. P. Crowder, his manager, not to plant over 350 acres in cotton next year and not under 300. This does not sound so interesting until we consider that he has been accustomed to having from 900 to 1,100 acres in the fleecy staple. Every year you can hear about "cutting down," and "cutting down" with a "vengeance." We have already mentioned in these columns the immense quantity of grain Mr. Springs has planted. He has about an hundred head of cattle on hand, having recently added a new variety of large size breed at fancy prices. In a few weeks he expects to add about one hundred steers which he will fatten for the market and for the benefit of the measure. The progressive spirit of this progressive farmer has already had a wonderful influence for good in this section, and the sooner it spreads throughout the length and breadth of this beautiful southland, so soon will there be that happiness and contentment and freedom to our firesides that is characteristic of the independent farmer who plants what he pleases and buys what he pleases .- Rock Hill
