

Hans Andersen has a story of a buffalo that scorned the snow flakes. "Puff," he snorted, "I can blow you away with a breath, what can you do to me?" But the flakes kept falling, falling, until the buffalo was almost buried, and the hunter slipped along the snow crust and made him an easy prey.

There's another hunter who hunts to kill, who makes many a man his victim because of a folly like that of the buffalo in Andersen's fable. It's a little thing to have that uneasy feeling in the stomach after eating. Sour risings and belching are also reckoned little things. Yet these little things are among the minor marks of a disordered condition of the stomach and organs of nutrition and digestion.

Of themselves they may not kill, but if despised they may open a pathway to some deadly disease.

Don't neglect the first symptoms of indigestion or "stomach trouble." The timely use of Dr. Pierce's Golden Medical Discovery may avert a more serious danger. It will surely cure any disease of the stomach and organs of digestion and nutrition, excepting cancer.

Mr. Ned Nelson, the celebrated Irish comedian and mimic of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it, till last week, while playing at B. F. Keith's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Doctor Pierce's Pleasant Pellets are a specific for biliousness.

**Wallack on the Ballet.** The late Lester Wallack once told a story of his still more famous father, James W., that as either an actor or a manager he could never tolerate the ballet, even where it was seemingly necessary according to custom as part of an entertainment or in the opera.

One day there came to him a friend, a man about town, who said, "My dear Wallack, it is very curious that you do not see the beauties of imagination shown by the poses of the ballet." Going on in this strain the visitor at last wore out the patience of the actor-manager, who replied:

"Look here, it is bad enough to stand these absurdities in an opera; but, though I can comprehend people sinning their joys, I am hanged if I can their dancing their griefs."—San Francisco Argonaut.

**FARMERS provide yourself with Pain-Killer** at this season of the year, when cholera morbus, dysentery, diarrhoea, etc., may disable your hands—use it in every case of the kind, but be sure that you trust to no other remedy but the old, long tried Perry Davis Pain-Killer which never failed. **A CARD OF THANKS.** I wish to say that I feel under last obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction. We feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Doty, Des Moines, Ia. For sale by C. A. Rysor.

Starvation never yet cured dyspepsia. Persons with indigestion are already half starved. They need plenty of wholesome food. Kodol Dyspepsia Cure digests what you eat so the body can be nourished while the worn-out organs are being reconstructed. It is the only preparation known that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good. Dr. T. C. Smith

**YESTERDAY'S QUOTATIONS ON NEW YORK EXCHANGE AND CHICAGO GRAIN MARKET.**

**Minnesota Crop Situation Growing Worse—Stocks Weak.**

Highest, Lowest and Closing Quotations for Active Stocks by Special Telegraph From the Various Exchanges.

Reported by Murphy & Co., Brokers, 11 Church Street, Asheville.

New York, June 16.—All grangers with the exception of the Atchison, which showed little strength, lost heavily. Missouri Pacific was very weak and weak bull account in Southern Pacific unloaded a great deal of stock. Sugar, after holding fairly firm, gave way in sympathy with rest of market, and steel stocks were very weak, especially T. C. & I. on account of labor troubles. The close was a little better, but very depressed. London must have sold at least 40,000 shares and probably more not easily traced. The bank statement was not considered a good one.

New York, June 16.—Northern Pacific weak; dividend disappointing. A further \$7 cut in structural iron. Iron trade news still pessimistic. Baltimore and Ohio directors will not return till late this year.

St. Paul, June 16.—Crop situation growing worse daily, as it is discovered that much of the drouth-stricken grain failed to respond and it dead. Rains have fallen during the week, but have been of little benefit.

Exchange brokers expect not more than \$10,000,000 further will be shipped to Europe. Trade authorities expect higher wheat prices in view of crop outlook and Chinese difficulty. No increase in L. & N. dividends expected. Bradstreet's report shows lower prices for products with no change in business position. Dunn's report shows good business in the west and south.
