But anyway, we are going to offer such splendid values this week that you can well afford to buy an umbrella and a new pair of rubbers, if need be, to take advantage of them. Remember that our values are perfectly genuine and real, and that we have the goods we advertise, and want to sell them. We don't try to sell you something else. You know what you want and you will find it here.

## CAROLINA NEWS.

Rain has fallen here every day since June came in, except on the 19th, when a slight sprinkle could be seen on the mountains.—Franklin Press.

While a fire was being started with kerosene Monday in Greensboro the can burst and as a result the 11-year-old daughter of Mr. Silas Bolden was burned to death.

Today at noon a carrier pigeon was shot at Morrisville. The pigeon was perched on the church steeple when it was shot. A silver ring, bearing the number 47,866 was found on the bird.—Raleigh Times-Visitor.

There are now 300 prisoners, 80 of them federal, in the prison here," says Manager Arendell to the Raleigh Times-Visitor. "The heavy rains did some damage on the brick yard and will necessitate remoulding some 50,000 or 100,000 brick. The shirt factory is turning out 100 dozen shirts a day."

The agricultural department has sent to Paris a supplemental exhibit of rubies and rhodolites. They were procured from Alfred M. Smith & Co., of New York, who sent them to the state, there being sixty very fine specimens, both cut and uncut. Smith & Co. have bought 50,000 acres of land in Macon county, on which they are mining for rubies, rhodolite and sapphires.

### WAYNESVILLE NOTES.

Democratic Regulars Showing White Feather—Personal Notes.

Waynesville, June 28.—The chairman of the democratic executive committee is notifying the delegates who attended the county convention here on April 30, that there will be a meeting at the court house next Monday to consider and adjust differences. The regulars hope to make concessions which will be satisfactory to the insurgents. But this looks so much like "taking water" that the scheme will doubtless fail. The more the regulars talk the further away the bolters are driven. Had the ring leaders have "toted fair" in their convention, perhaps all might have been well with them.

News reaches here that at the democratic primary in Cataloochee township, before the April convention, A. J. Collins received every vote in the township save three, and yet Cataloochee was cast solid for Kirkpatrick for representative on the first ballot in the nominating convention. And yet the bosses say Kirkpatrick was fairly nominated.

Mr. J. P. Lowe, of Atlanta, is in the city.

Mr. Sam White of Mebane is spending a few days in town.

Congressman Richmond Pearson and Hon. John G. Grant will address the citizens of Clyde next Wednesday, July 4. A treat is in store for all who hear these gentlemen, and they will surely have a rousing crowd. Mr. Pearson never fails to attract the people.

Mrs. B. Andrews, Mrs. E. E. Gayles and Mr. J. W. Jenkins are some of the recent arrivals at the Kenmore.

Mr. R. E. Osborne has tendered his resignation as a candidate for county commissioner. The committee have not yet taken any action.

### TO DRESS PROPERLY.

Easy for Women if the Proprieties are Observed.

For a ball the essential quality for a gown is its freshness. The only difference between the dress at a ball and an informal dance is in the degree of elegance.

For large dinners women reserve their finest gowns. They are subject to closer inspection and risk no defacement as at dances.

Gloves are removed at table and resumed in the drawing-room or not, as one pleases.

Delicate, diaphanous materials are most becoming to young faces.

Young girls make a distinction in their dress for little dinners by wearing lace or chiffon sleeves with their low-necked gowns.

A hostess shows good taste in dressing somewhat more simply than her guests.

It is a reversal of the proprieties when a mother dresses her daughters in a more expensive style than herself.

In the street elaborate dressing is in bad taste.

For church a woman's dress, while suitable to her station, should be so inconspicuous as to prove no distraction to her fellow worshippers, and never suggest even by its tastefulness that it has occupied her thoughts over-much.

### A PRUNE DESSERT.

Take one quart of prunes, stir until soft and mash through colander; half a box of gelatine; put in bowl, cover with cold water, let it soak for about five minutes; take a pint and a half of the mashed prunes, add to the gelatine, with three tablespoonfuls of sugar; put on the stove, and let boil for five minutes; pour into jelly moulds and serve with cream.
