CAROLINA NEWS.

During a thunderstorm in Greensboro recently lightning struck and burned a cottage.

Lightning struck a shock of wheat belonging to Dr. Jones one day this week, consuming it entirely.—High Point Enterprise.

C. W. Burton, the census taker, tells the News that in his rounds he has found one lady that gathered in 400 dozen eggs the past year, and that her biggest find was 104 eggs in one nest.—Thomasville News.

The Greensboro Record says that a man arrived there the other day with his family of twenty-two children. Two wagons were required to haul them away from the depot.

The oldest dog perhaps in the county died last week. This was an old fice belonging to Pink Williams. He was about 21 years old.—Jubilee Cor. Lexington Dispatch.

An office of the Southern Express company has been opened at the depot and Brevard will now have the advantages which follow direct express connections.—Brevard News.

A very accommodating man is Mr. Long. Some time ago his wife got a divorce from him with the privilege of marrying again. This second ceremony was performed the fore part of this week, here former husband procuring the license for the contracting parties.—Webster Herald.

An old colored man of this place named Basil Manly, has been a mail carrier in this county for the last twenty-eight years, during which time he has traveled nearly 45,000 miles. He made his last trip on last Saturday, as some one else now has the contract on his old route.—Pittsboro Record.

Mr. J. H. Catoe, of Buford township, has a turkey gobbler which drove a guinea hen from her nest a few weeks ago and hatched the eggs himself and now has charge of a fine brood of guineas and is bringing them up in the way they should go.—Monroe Enquirer.

The Franklin opened its doors to the traveling public July 1 and we are credibly informed had 14 pay guests in the first 24 hours. So far it has been lighted with lamps, the engine for driving the dynamo having been broken in transit. The water supply is at present secured from the Lankford well, with a tank and temporary piping, but the water works will soon be in operation and the engine in running order.—Brevard News.

Robert Morehead was this morning trying to make a large Jersey bull go in his stall at Fairview dairy, of which George Wakefield is proprietor, when the animal became obstreperous. Morehead got a pitchfork and made at him, but the bull was equal to the occasion and in a moment had the man down and with his huge horns gored him in the right leg and cut a hole in his chest before he could be driven away. Dr. Turner was summoned at once, but the man has never regained consciousness, and it is thought he will die. Once this afternoon he had a sinking spell and it was thought he was dead, but he revived.—Greensboro Record.

WHITE MAN TURNED YELLOW.
Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky, when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by all druggists.

A GOOD TOOTH POWDER.
By Harriet Hubbard Ayer.

Here is a formula for a charcoal tooth powder, which you will find good for cleaning the teeth:
Arecia nut charcoal, 5 ounces; cuttlefish bone, 2 ounces; raw aren nuts (pounded), 1 ounce. Pound, mix and sift. Two or three drops of oil of clove or of cassia may be added.
For a liquid dentifrice nothing is better than the old formula of Dr. Botot:
Green anise, 64 grams; cinnamon, 16 grams; cloves, 1 gram; pyrethrum, 4 grams; cochineal, 5 grams; cream of tartar, 5 grams; myrrh, 2 grams; essence of peppermint, 4 grams; alcohol (at 80 per cent.), 2,000 grams. Bruise the cream of tartar, cochineal and myrrh together, then add the other ingredients. Macerate for eight days and filter, then it is ready for use.

Danger In Drink

Beer and whiskey have a destructive and poisonous effect upon the Kidneys and Bladder. It is well known to scientists that these vital organs are diseased in all men and women who drink habitually or occasionally. First thing they know, there is a pain in the small of the back. The face is pale or very high colored. The eyes sunken. The urine is discolored or has a sediment. There is frequent desire to urinate, especially at night, and in passing water there is a scalding and burning sensation. If you suffer from a single one of these symptoms and want to avoid fatal consequences, take a course of treatment with

Dr. David Kennedy's Favorite Remedy,

which will speedily correct the bad effects of intoxicating drinks, and prevent those awful headaches. It will restore the tone and vigor which the liquors have destroyed, and establish a perfectly healthy condition of all Urinary Organs. It will also purify and enrich the blood, thus curing Rheumatism, Eczema, Scrofula and Salt Rheum. A single dose works wonders.

J. N. Ganss, living near Wappingers Falls, N.Y., declares he was saved from an awful death by Dr. David Kennedy's Favorite Remedy. His kidneys were in a dreadful shape, one-quarter of his urine being blood. For two years he was confined to his house and bed with terrible pains in back and head. Today he is healthy and strong because he took Favorite Remedy.

A large bottle is sold by druggists for \$1. or six bottles for \$5.
TRIAL BOTTLE FREE. Send your name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N.Y., mentioning this paper. You will receive by return mail, absolutely free, a trial bottle of Favorite Remedy, and a pamphlet containing valuable medical advice, such as everybody needs.
TRY THIS TEST. Put some urine in a glass tumbler and let it stand 24 hours. A sediment at the bottom or a milky, cloudy appearance indicates that the kidneys are in a dangerous condition, and that Favorite Remedy is badly needed. Healthy urine is clear and does not stain linen.

WHO MAY WITH THE SHREWD HOURS STRIVE?

Who may with the shrewd hours strive?
Too thrifty dealers they
That with the one hand blandly give,
With the other take away.
And glitters there some falling flake,
Some dust of gold, between
The hands that give and hands that take
Slipped noiseless and unseen.
Ah, comedy of bargainings!
Whose gain of years we found
A little silt of golden things
Forgotten on the ground.
—Arthur Colton in Ainslie's Magazine.
