SHENANDOAH IN AN UPROAR

Town at the Mercy of Mobs of Striking Foreigners Yesterday.

Ten Reading Mines Forced to Shut Down.

Sheriff's Posse Fires on a Disorderly Crowd.

Two Hundred Special Deputies Sworn in and Troops Called For.

STRIKERS THREATEN TO MAKE A SIMILAR DEMONSTRATION AT MAHANAOY CITY, WHERE SOME OF THE MINES ARE STILL OPERATING—PROBABLY LAST TON MINED IN THE UPPER COAL REGIONS.

Shenandoah, Pa., Sept. 21.—A thousand desperate and determined foreigners inaugurated a reign of terror here today and created a semi-panic. They assembled at various points in the suburbs and with yells, clubs and stones terrified every miner on his way to work. Miners in trolley and railroad cars were sought out and brow-beaten or assaulted and sent home. The police were powerless. No one was seriously injured. The whole town was soon completely at the mercy of the mob. It compelled two of the Reading collieries, which were working short handed, to shut down. The mob visited a number of other collieries, drove out the breaker boys and compelled the surface men to blow whistles, which brought the miners out of the mines, and when the miners came to the surface drove them off.

The city was in an uproar during the greater part of the day. Ten of the Reading collieries were tied up. Some of the strikers say the same proceedings will be inaugurated tomorrow at Mahanoy City, where seven collieries are in operation.

The sheriff and twenty deputies arrived on the scene at 5 o'clock this evening, just as the miners were coming out of the Indian Ridge and West Shenandoah collieries. The strikers began intimidating and assaulting the men but when the sheriff commanded the strikers to disperse they did so. Half a dozen shots were fired in the air as the strikers retreated. Later the sheriff was reinforced by two hundred deputies armed with Winchesters and revolvers. He established a picket about the town and telegraphed the governor for state troops. He was told to preserve order during the night and a conference will be held tomorrow.

There are numerous reports about men being shot by strikers, but so far as learned only a bystander was struck with a stray shot and seriously wounded and a few others slightly wounded. The sheriff endeavored to scatter the strikers by firing volleys in the air but without effect, and it was necessary for the posse to charge them. It was only after a tussle of twenty minutes, during which the strikers were driven into the resident portion of the town that the posse succeeded in dispersing them. Five hundred strikers rallied just before dark and with a shower of stones broke a number of windows. They were again charged by deputies and dispersed.

The town council at a meeting tonight authorized the swearing in of sufficient special policemen to protect the town. Serious trouble is feared tomorrow.

LAST TON MINED IN UPPER REGION.

Wilkesbarre, Sept. 21.—Probably the last ton of coal to be mined for some time in the upper coal region was taken out of the West End colliery at Mokenaqua tonight. Tomorrow it is believed the strikers will be able to shut it down and make the tie up of this region complete.

TWENTY-FOUR AMERICAN SOLDIERS WERE KILLED

In the Engagement at Siniloan in the Philippines.

Manila, Sept. 21.—A corrected list of the casualties sustained by the American soldiers Monday last in the engagement at Siniloan, situated at the east end of Laguna de Bay, between a force of one thousand Filipinos and detachments of the Fifteenth and Thirty-seventh United States Infantry regiments, show that twenty-four men are dead, including those who have died from the effects of their wounds since the fighting and that nineteen are wounded, including Captain John E. Morgan, of Company L, of the Thirty-seventh regiment. The total number of Americans engaged is now announced as 134. The enemy's casualties have not been reported.

GALVESTON UNDER CIVIL RULE AGAIN

First Train Enters the City—Mayor Jones on the Situation.

Galveston, Sept. 21.—The first train arrived here at 6:15 this morning. Trains are coming and going slowly but steadily. More people are arriving than are departing. The building of the temporary bridge two and one-eighth miles long is one of the most remarkable achievements in construction work in the history of the world. The freight situation will now adjust itself. Martial law ended at noon today. There is a big demand for laborers along the wharf front, also a great demand for street cleaning laborers. Wonders are being accomplished in the way of cleaning up the city and preparing to re-establish industries. Every house left standing contains from two to five families. The good weather has been a Godsend and sanitation is being improved.

It is now believed the ruins in the east, south and west ends contain less than 700 corpses. The end of the week will probably clear the city of nearly all corpses. With next Sunday supplies will be decided all men at work and earning money. Widows, orphans and sick or crippled men will continue to receive support.

THE RELIEF WORK.

Governor Joseph Sayers has issued the following statement: "I have supplied Galveston with sufficient money to pay reasonable wages to all laborers who will assist in cleansing the city and removing the vast amount of debris that has accumulated. Provisions and clothing have also been shipped there to supply those who are needy and unable to provide for themselves. I have also made ample provision for the relief of sufferers as they reach and pass through Houston from Galveston. As soon as I am able I shall give to the public a complete itemized statement of all moneys received by me, how they have been distributed, etc."

The loss of life occasioned by the storm in Galveston and elsewhere on the southern coast cannot be less than 12,000 while the loss of property will probably aggregate \$20,000,000. Notwithstanding this severe affliction, I have every confidence that the stricken districts will rapidly revive and that Galveston will from her present desolation and sorrow arise with renewed strength and vigor.

To the people of the United States who have generously helped, without solicitation from me, contributed so much to the relief of the storm sufferers, I, as governor of this state, beg to tender my most profound and most grateful acknowledgments, assuring them that their generous benefactions will be held in lasting remembrance by the people of this state. We have not been left to stand alone in our trouble, but messages of earnest sympathy, accompanied by large contributions in money and supplies and also in personal assistance, through the Red Cross and other benevolent societies, have had the effect to relieve the situation of much of its sadness and misfortune."

OUR ATTITUDE TOWARD CHINA

President Disposes of Proposals Made by Russia and Germany.

Chaffee Ordered to Withdraw Main Body of Troops.

Leaving Only a Small Force to Guard the Legations.

Li Hung Chang and Prince Ching Recognized as Peace Envoys.

SURRENDER OF THE LEADERS

NOT TO BE A NECESSARY CONDITION FOR THE OPENING OF NEGOTIATIONS FOR A PEACEFUL SETTLEMENT.

Washington, Sept. 21.—President McKinley left for Canton tonight after having disposed of the proposals made by Russia, Germany and China. Russia's proposal is disposed of by instructions being sent to Chaffee to withdraw from China, leaving only a small force to guard the legations. Germany's proposal that the surrender of the leaders be made a condition of opening peace negotiations is not approved. China's proposal that peace negotiations begin at once is disposed of by Minister Conger being instructed to arrange the preliminaries for peace. The president has recognized Li Hung Chang and Prince Ching as peace commissioners for China.

CAPTURE OF PEITANG FORTS.

Paris, Sept. 21.—M. De Lanessan, minister of marine, has received a telegram from Admiral Geurrelles confirming the report of the capture of the Peitang forts Thursday. French troops took part in the attack on the works.

LI ON HIS WAY TO PEKIN.

Tong Ku, Sept. 21.—Li Hung Chang arrived Tuesday at Taku anchorage, where he was visited by Admiral Remy and the Russian flag captain. He proceeded to Tong Ku today. He was received with no special honors and his presence attracted little attention. Only the Russian and Japanese officials called on him, but later he had a long conference with Admiral Alexeff on board a Russian warship. Earl Li was accompanied by a Russian guard of seven and his own escort, the latter armed, but wearing the imperial uniform. He proceeded by special train to Tien Tsin, where a residence has been prepared for his occupancy.

THE NEW IMPERIAL CAPITAL.

New York, Sept. 21.—A Herald Dispatch from Peking says: "An imperial decree has been received here announcing the arrival of the emperor and empress dowager at Tai Yuan Fu. The decree also commands the governor of Shang Si province to raise money to build a palace at Hsianfu as the new intended capital."
