A Safe Medicine

The public should understand that many medicines contain ingredients that were never intended by Nature to enter the human system. Such dangerous things as lead, copper, zinc, mercury and arsenic are frequently used, to say nothing of stimulants and opiates.

Dr. David Kennedy's Favorite Remedy

on the other hand, is an absolutely safe and harmless medicine for all diseases of the Kidneys, Liver, Bladder and Blood. It contains no minerals in any form, no dangerous stimulants, no mercury or poi-10n. It contains vegetable fuices only. Invalids and children can take it with perfect safety. It is a grand medicine for aged people, who are growing weak as the years pass by. For all dis-

tressing forms of Kidney Troubles and for stubborn Constipation it is incomparable. It goes deep and cures.

Wm. Brown, of Danbury, Conn., had Kidney Trouble the very worst way. He could not sleep, and had to get up constantly during the night. Urine passed from him involuntarily in the daytime also. Two or three bottles of Dr. David Kennedy's Favorite Remedy restored his Kidneys to perfect action.

A large bottle of Favorite Remody can be bought at drug stores for \$1, or six bottles for \$8.

TRIAL BOTTLE FREE,

Send your name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., mentioning this paper. You will receive by re-turn mail, absolutely free, a trial bottle of Fa-vorite Remedy and a pamphlet containing val-sable medical advice, such as everybody needs.
