## PRINCE TUAN'S APPOINTMENT

May Have Deterrent Effect  
on Negotiations for  
Peace.

Minister Wu Told That it is  
Distasteful.

Chaffee About to Establish Winter  
Quarters at Tien Tsin.

Many Boxers Captured and Executed  
in Peking.

A LARGE NUMBER SAID TO HAVE  
ENTERED THE CITY IN DIS-  
GUISE — PROVOST MARSHAL  
COURTS ADMINISTERING AF-  
FAIRS

Washington, Sept. 27.—Evidence ac-  
cumulates that the reported appoint-  
ment of Prince Tuan as a member of  
the privy council of China is exceed-  
ingly distasteful to the United States  
and may have a deterrent effect on  
negotiations for peace. It is learned  
that officials have informally told Wu  
Ting Fang that the United States  
would regret exceedingly to learn that  
Tuan had been made a member of the  
emperor's cabinet, and there is good  
reason to believe Wu has informed Li  
Hung Chang that the appointment of  
Tuan will be regarded by the American  
government as injudicious.

CHAFFEE'S TEMPORARY CAMP.  
Peking, Sept. 21, Via Shanghai, Sept.  
27.—Chaffee is about to start for Tien  
Tsin, where he will establish a winter  
camp. He will establish an intermedi-  
ate camp at Yang Tsun, between Tien  
Tsin and Peking. The commanders of  
the other powers will also select Yang  
Tsun for the same purpose because of  
the facilities for reaching it by railway  
and river.

Many boxers have been captured in  
this city. Pro-foreign Chinese say  
many boxers are entering the city dis-  
guised. Provost marshal courts are  
administering the affairs of the city.  
All boxers are executed.

ALL OBJECT TO TUAN.  
London, Sept. 28.—The Morning  
Post's Berlin correspondent says the  
Chinese situation has entered a new  
phase. It is felt in Berlin, he adds,  
that the situation created by the re-  
appearance of Prince Tuan as the lead-  
ing Chinese authority must be dealt  
with with Waldersee and not by the  
ministers. The correspondent states  
he is informed the government regards  
Tuan's appointment to the privy council  
as an incontrovertible proof that the  
Chinese are not yet ripe for peace  
negotiations. This view is shared by  
France and Japan.

MORE MISSIONS DESTROYED.  
Hong Kong, Sept. 27.—The American  
Presbyterian and Catholic missions at  
Shek Lung, on the east river, have been  
destroyed. The priest in charge of the  
Catholic mission escaped and was pro-  
tected by a mandarin.  
Numerous anti-Christian distur-  
bances are taking place in the provinces  
of Kwang Si and Kwang Ting. The  
authorities are employing active mea-  
sures to suppress the outbreaks and  
there have been several executions.  
Native Christians are flocking to Can-  
ton.

SITUATION SERIOUS.  
New York, Sept. 27.—A despatch to  
the Herald from Shanghai says:  
"The situation in China is now more  
serious than ever. The Chinese gov-  
ernment is in the power of the boxer  
leaders who are not likely to submit  
to the emperor's dowager opinions un-  
favorable to them.

The viceroys of the south are still  
loyal to the throne and any foreign ag-  
gressions in southern China will pre-  
cipitate an armed uprising.  
Already the government of Ngonhwei  
province has addressed a memorial to the  
empress dowager declaring that his  
signature to the viceroys' agreement  
with the foreign consuls in Shanghai  
was forged. There is danger that the  
friendly viceroys will be replaced.  
Shong, the friendly viceroy of Shang-

hai, has been ordered north and that  
practically means his death.

Russia is holding all the forts and  
strategical points from Taku to Peking.  
Russia's possession of the railways  
shows by the prominent arrangement  
which her officers are making that she  
intends to swallow the north of China.  
Germany's assurance that she does  
not desire territory in China if the lat-  
ter be able to pay an indemnity is mis-  
leading. Her demand for the punish-  
ment of the leaders of the boxers as a  
condition precedent to peace negotia-  
tions means continued war and perhaps  
the complete disruption of the Chinese  
government.

Friendly feeling between Russia and  
Japan is increasing.  
France is hand in glove with Rus-  
sia.

The United States is consistent but  
powerless.

SALISBURY'S POSITION.

London, Sept. 27.—The statement  
that Lord Salisbury had verbally an-  
swered the German ambassador, Count  
Von Hatzfeldt-Wildenburg in the same  
terms as the United States government  
used in replying to the German note  
regarding China, has called forth  
many denials throughout Europe. In  
the first place, it may be reiterated  
that Tuesday last the British premier  
told the German ambassador here that  
Germany's idea of the surrender of the  
author of the outrages as a precedent  
to peace negotiations was not feasible.  
Though this was intended as a refusal  
of what is regarded in Downing street  
as the only really important feature of  
the German note, it was not accepted  
as such by the German ambassador on  
the ground that Lord Salisbury did  
"not formally" answer the note, and  
left the latter part of the German pro-  
posal (i. e.), that the ministers at  
Peking should designate the offenders,  
unanswered pending an hourly expect-  
ed message from Sir Claude MacDon-  
ald, the British minister at Peking.  
The formal pronouncement may be  
stayed off at the last moment by Ger-  
many receding from the position she  
has taken up and submitting to a com-  
promise. If such is the case (and a  
high German official in London has al-  
ready hinted that it might come about)  
it is only natural that Berlin and the  
other capitals in accord with Germany  
will use every effort to conceal the fact  
that Germany was coerced into a com-  
promise arrangement by the action of  
Great Britain and the United States.

## MOVEMENT OF CHINESE WARSHIPS CAUSES ANXIETY

Cruisers Despatched to Protect Trans-  
ports Bearing Troops.

Berlin, Sept. 27.—A St. Petersburg  
despatch states that all Chinese ports,  
especially Fuchow and Canton, are  
blockaded by a Chinese fleet consisting  
of two warships six floating batteries  
and four gunboats. Three transports  
have left Shanghai. The fleet has  
made no offensive movement but its  
departure has caused anxiety among  
the European admirals, who are send-  
ing fast cruisers to protect the trans-  
ports conveying foreign troops to  
China.

## INSURGENT ACTIVITY.

United States Outposts at Various  
Points Attacked.

Manila, Sept. 27.—On Monday night  
vigorous insurgent attacks were made  
upon the United States outposts in the  
district near Zapote bridge, Las Pinas,  
Paranque, Baccor and Imus, twelve  
miles south of Manila, the scene of the  
fighting last October. It is estimated  
that the rebels number 400, and they  
are armed with rifles. The inhabitants  
took refuge in the churches. The Amer-  
icans have since energetically dis-  
persed the enemy, killing and wound-  
ing fifty.

A party of scouts belonging to the  
Twenty-fifth United States Infantry  
landed on the island of Samar, the in-  
habitants and insurgents fleeing to the  
mountains. They met with but slight  
resistance and burned a town.  
Last night there was outpost firing  
at Paete, Pagsanjan and Santa Cruz.

## MEMPHIS' RAPID GROWTH.

Washington, Sept. 27.—The census  
bureau announces that the population  
of Memphis is 102,320, as against 64,495  
in 1890. This is an increase of 37,825 or  
58.65 per cent. This makes Memphis  
the third city of the south in popula-  
tion. New Orleans comes first with a  
population of 287,104 and Louisville  
second with 204,731 population.

## ROOSEVELT SUFFERING FROM HIS ILL TREATMENT AT VICTOR

Disorderly Boys Hired to Break up the  
Meeting at Salida.

Pueblo, Sept. 27.—There has been  
little disposition on the part of the po-  
litical opponents of Roosevelt to renew  
the attack made on him at Victor yes-  
terday. Once during the stop at Sal-  
ida it was quite apparent that a part  
of the audience was bent on mischief.  
They were boys ranging from fifteen to  
twenty years old. An investigation  
showed they had been hired to break  
up the meeting. They caused nothing  
more than a good deal of annoyance.  
At Leadville, Heart and Center the free  
silver criticism by Roosevelt was given  
respectful attention.

It developed today that Governor  
Roosevelt didn't escape from the riot-  
ers at Victor yesterday as easily as he  
thought. In the fight some one kicked  
him in the knee and today there was a  
swelling over the knee cap that hurt  
him a good deal and required attention.  
A committee of Leadville democrats  
came down to Roosevelt's train when  
he arrived at Leadville and conveyed  
their assurances to Roosevelt that he  
would be treated as a guest of the city  
and not as a politician. The reception  
of the governor at Pueblo tonight was  
enthusiastic, but marred by rain.

## STEVENSON'S ACCEPTANCE OF POPULIST NOMINATION

Lauds the Populist Platform and  
Talks of Imperialism.

Lincoln, Sept. 27.—The notification  
committee of the people's party receiv-  
ed a lengthy letter from Stevenson to-  
day, dated Bloomington, Ill., in re-  
ply to their notification of his selection as  
candidate of the people's party for vice  
president. He expresses his apprecia-  
tion of the confidence reposed in him  
and his admiration of the generous ac-  
tion of Towne in his endeavor to se-  
cure harmonious action of the support-  
ers of Bryan. He lauds the platform  
of the populist party and says in the  
presence of the overshadowing issue of  
imperialism other issues are but dust  
in the balance. He closes by accepting  
the nomination and promises if elected  
to endeavor to discharge with fidelity  
the duties of the great office.

## SIXTY-EIGHT MORE BODIES RECOVERED AT GALVESTON

Believed That Fully 500 are Buried in  
the Gärten Verein Ruins.

Galveston, Sept. 27.—Sixty-eight bod-  
ies were removed from the wreckage  
today. Beneath the debris of the Gar-  
ten Verein it is estimated fully five  
hundred are buried. The casket con-  
taining the remains of Actor Coghlan  
has not been found. It turns out the  
one at Lamarque was not his.

## SURVEY OF NAVAL VESSELS.

Washington, Sept. 27.—The navy de-  
partment has ordered a survey of the  
cruiser which was engaged with Dew-  
ey's fleet at Manila. She has been in  
service for several years. The gunboat  
Vicksburg, which has been ordered to  
fit for the Asiatic station, today sailed  
from Newport to Boston, where she  
will go into dry dock.  
The small gunboats Alvarado and  
Sandwich, which were captured from  
Spain during the Spanish war, have  
been ordered to Annapolis, where they

## MOTION FOR NEW TRIAL FOR JAMES HOWARD

Alleged Newly Discovered Evidence  
in Goebel Murder Case.

Frankfort, Ky., Sept. 27.—The attor-  
neys for James Howard had not com-  
pleted their motion for a new trial  
early this morning but some of the af-  
fidavits on which the motion is to be  
based were filed. Most of them relate  
to alleged expressions of the jurors  
prior to trial of the case. One by B. L.  
Guffy, son of Judge Guffy, of the court  
of appeals, is newly discovered evi-  
dence to the effect that a few minutes after  
the shooting of Goebel he went into  
the executive building and saw a man  
there who appeared to be in charge of  
the door and whom he described as a  
low, stout man with a slouch hat and  
short dark moustache, carrying a 33-  
calibre Winchester rifle. He says the  
man was not James Howard and that  
Howard did not appear there while the  
affiant was in the building, several  
hours. The facts, he says, he never  
communicated to any one before now.

Howard is indignant over the state-  
ment of Robert Noaks that he told the  
latter that "if they did not meet on  
earth again they would meet in hell."  
He says Noaks' statement is false.  
Howard appeared very much dejected  
today.

## USING SOFT COAL.

Shamokin, Pa., Sept. 27.—As a result  
of the strike in the anthracite coal  
region all locomotives on the Shamokin  
division of the Philadelphia and Read-  
ing road are burning bituminous coal.  
They have used hard coal almost ex-  
clusively heretofore.

## SENTENCED TO DEATH.

Rogersville, Tenn., Sept. 27.—James  
Burchfield, white, aged 56 years, was  
this morning sentenced by Judge  
Campbell to be hanged November 9,  
for the murder of his wife on August  
28.

der executions issued in Jackson coun-  
ty. A number of attorneys will be

pear in the case, among whom will be

The Norfolk Ledger says: "There are  
one hundred and sixteen cities in the  
United States with a population in ex-  
cess of 25,000, but only two of them—  
Richmond and Norfolk—are credited to  
Virginia. There is no city of that size  
in West Virginia, North Carolina, or  
Mississippi, but one in each of the  
states of Florida, Arkansas, South Car-  
olina and Texas. With the exception of  
Baltimore, Louisville and New Orleans,  
there are no cities in the south having  
as much as 100,000 population. Atlanta,  
Richmond and Nashville are close to-  
gether, but neither of them reached  
the 90,000 notch when the census was  
taken last June."

## SETTLEMENT OF THE STRIKE

Conference at J. P. Morgan's  
Office to Reach That  
Result.

A Ten Per Cent. Increase of  
Wages to the Men.

Must Have Recognition of United  
Mine Workers.

Rumors of Agreement Caused Mitchell  
to Issue Denial.

HE ADVISES THE MINERS TO  
STAND FIRM—NO CHANGE IN  
THE STRIKE SITUATION IN THE  
HAZLETON DISTRICT.

New York, Sept. 27.—As the result of  
conferences held in the office of J. P.  
Morgan & Co. between Morgan and  
representatives of the chief anthracite  
coal roads negotiations are now going  
on for a settlement of the strike. Ac-  
cording to pretty reliable information  
the proposed basis of settlement is ten  
per cent increase in the wages of the  
men, who, on their part, if the proposed  
settlement is agreed to, are to waive  
recognition of the United Mine work-  
ers by the coal operators. Unauthorized  
reports were circulated in Wall  
street today that the strike was settled,  
but so far as could be learned late to-  
night the negotiations are still going  
on. It was stated, however, that ev-  
erything pointed to a favorable out-  
come.

## MITCHELL ISSUES STATEMENT.

Hazleton, Sept. 27.—Rumors of a  
settlement of the strike over the head  
of Mitchell and the United Mine work-  
ers' organization were so persistent  
and frequently made today that Mit-  
chell issued a circular this afternoon, in  
which he referred to them and directed  
the presidents of the various anthracite  
districts to advise the "miners" to  
pay no attention to them, adding that  
the miners would be officially notified  
if any official settlement should be  
made. He advised the miners to stand  
firm.

There was no change in the strike  
situation in the Hazleton region today.  
Of the twelve collieries located on the  
north side eight were in operation. On  
the south side only one was in opera-  
tion.

## MISS SUSANNE MATHEWSON.

To Have Charge of Vocal Department  
At Asheville College.

Miss Susanne Mathewson of New  
York, a teacher of several years' ex-  
perience, has been engaged for voice  
culture at the Asheville College for  
Young Women.  
Miss Mathewson received a part of  
her training at Trabadillo's, in Paris.  
She has had the best advantages of-  
fered to New York and Boston and  
has just returned from her second trip  
abroad for study of voice culture, both  
in London and Paris.

Miss Mathewson will resume pro-  
fessional work at the college, which  
will include concerts, musicals and  
vocal instruction.

The accompanying certificate shows  
Miss Mathewson to be authorized by  
William Shakespeare of London as an  
exponent of his method:  
14 Mansfield St., Portland Place, W.,  
London, May 11, 1897.

Miss Mathewson possesses a most  
sympathetic soprano voice, and great  
musical feeling. She is not only ca-  
pable of singing in public, but also of  
giving valuable instruction on the lines  
of my own teaching.

W. L. SHAKESPEARE.  
Miss Mathewson will be in the city  
soon. She expects to begin work at  
the college next Monday.

ing men.
