CAROLINA NEWS.

Smithfield postoffice has been advanced from the fourth to the third class.

The Farmer's Alliance in this state is now beginning an earnest attempt at reorganization.

There are at present 57 veterans in the soldiers' home at Raleigh. Of these 9 are in the hospital.

Mr. Joseph H. Sossamon, of Charlotte, was run over by an East avenue car Saturday night and died in twenty-five minutes from his injury.

Canton flannel is now manufactured by the Revolution cotton mills of Greensboro—the first of this class of goods ever manufactured south of New England.

The cabbage wagons are now keeping the road hot from Watauga to Lenoir. The crop is very light and would, we think, bring a very good price later on, but it seems the object of our people is to deliver them now.—Boone Democrat.

While out ploughing one day last week Mr. J. H. Kivett, of Kildee, ploughed up and killed thirty-three snakes. The snakes were spreading adders and measured in length from ten inches to two and one half feet.—Randolph Argus.

Treasurer Worth has received so many letters asking for information with regard to the various sewing machine agencies of the state that he has issued a circular letter showing when the license of each expires and what kinds of machines are covered by each license.—News and Observer.

Ladshaw & Ladshaw, of this city, have commenced work on the immense cotton mill at Lovelace Shoal, Rutherford county, N. C. They will let out the sub-contract for building the dam this week. This is to be one of the largest mills in the south, and will have 60,000 spindles and 4,000 looms. R. K. Hayes is at the head of the enterprise.—Spartanburg Journal.

Mr. John W. Arrington, of Charlotte, lost a valise containing a number of valued articles here yesterday. He boarded the east bound train for Durham and left his baggage in the care of a passenger while he went across to the ticket office. Returning to the train he could find neither his baggage nor the man in whose care it was left. The matter was placed in the hands of the police officers, who have so far been unable to locate either the man or the grip.—Greensboro Telegram.

Over 2,500 will be offered for trotters, pacers and runners to compete in the different events at the state fair. Engineer John Palmer was killed at Lenoir Tuesday morning by an accident on the Carolina and Northern railroad. A train loaded with lumber was being pulled toward Lenoir with two engines. Engineer Palmer was in the cab of the front engine. This engine jumped the track. Engineer Palmer jumped from the cab and was caught under one of the cars loaded with lumber and instantly killed. His brains were crushed out and his body was badly mangled. Fireman Williams also jumped, but was uninjured. A negro train hand was slightly injured. The engine and three cars were wrecked.

The increase in the wages of bricklayers in Charlotte since the summer of 1898 has been very marked. On July 1, 1898, they were paid from \$1.50 to \$2.50 per day, where today they receive from \$3.50 to \$4 for full time, rain or shine. Indeed the brick masons in this section are very independent for they are very scarce. The supply and demand control the price of labor, as well as other things. The available supply of good workers has about been exhausted. The increased demand for brick and a consolidation of the business in this city has advanced the price from \$4.50 for soft and \$5.50 for hard brick, per thousand, to \$8.50 and \$6.50 respectively.—Charlotte Observer.

EASE AND DISEASE.

A Short Lesson on the Meaning of a Familiar Word. Disease is the opposite of ease. Webster defines disease as "lack of ease, uneasiness, trouble, vexation, disquiet." It is a condition due to some derangement of the physical organism. A vast majority of the "diseases" from which people suffer is due to impure blood. Disease of this kind is cured by Hood's Sarsaparilla, which purifies, enriches and vitalizes the blood. Hood's Sarsaparilla cures scrofula, salt rheum, pimples and all eruptions. It tones the stomach and creates a good appetite, and it gives vigor and vitality to the whole body. It reverses the condition of things, giving health, comfort and "ease" in place of "disease."

QUESTIONS ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civil world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had rich headaches and other aches. You only need a few doses of Green's August Flower in liquid form to make you satisfied. Here is nothing serious the matter with you. For sale by W. C. Carmichael's.
