## PRINCE TUAN DEGRADED

China Adopts Punitive Measures Toward High Officials.

Emperor Sends Apologetic Letter to Kaiser.

Thanks to Czar for His Promise to Withdraw Troops.

Tuan Removed From Office and Ordered to Trial.

SOUTHERN VICEROYS MADE IMPEACHMENT CHARGES AGAINST THE ROYAL LEADERS OF THE BOXERS—TUAN HAD ISSUED WAR ORDERS.

Special Cable to the Laffan Bureau. Shanghai, Sept. 29.—An imperial letter sent to the German emperor tonight quotes the Chinese emperor as follows: "This sudden uprising in China has resulted in the murder of your minister. My subordinates have acted disgracefully and broken our friendly relations, for which I am deeply sorrowful. I have today ordered Grand Chancellor Kunkag to offer oblations before the minister's coffin. It is also ordered that Li Hung Chang and Liu Kun Yi afford every facility for the return of the coffin to Germany. When it reaches that country it is ordered that my minister at Berlin again make oblations and thus show my profound regrets."

The emperor goes on to appeal to the Kaiser to regard the common interest and allow early peace negotiations. Princes Chwang, Yih, Tsaiha and Tsaijing have been dismissed from the hereditary and all offices. Tuan has been dismissed from office and ordered to trial. Four other high officials have been handed over to trial. The emperor mentions these punitive measures in his letter to the Kaiser.

An imperial letter to the czar is also issued thanking the latter for the promise to withdraw Russian troops from Pekin and asking assistance in the peace negotiations. The emperor also writes to the mikado regretting the murder of the Japanese secretary of legation.

TUAN TO BE TRIED. Washington, Feb. 29.—The Chinese imperial authorities, evidently following the suggestion of the United States that the Chinese and not the powers should punish the ringleaders of the uprising have decided that Prince Tuan, the boxer chief, be degraded and brought to trial for causing the trouble. This is regarded here as making untenable the German proposition that the powers punish the boxer leaders before peace negotiations are begun.

The news about Tuan came to the state department this afternoon in a despatch from Consul Goodnow at Shanghai, who says he has received a decree of the emperor and empress, dated Tagnau, September 25, blaming the Chinese ministers for encouraging the boxers and ordering the degradation of four princes and depriving Tuan of his salary and directing his trial before the imperial clan court.

IMPEACHED BY VICEROYS. New York, Sept. 29.—A Herald despatch from Shanghai says: "It is learned from reliable Chinese sources that the three friendly southern viceroys have impeached Prince Tuan, General Kuang Yi and General Tung Fuh Slang in a memorial to the throne. The last named is still in command of the imperial troops."

Paris, Sept. 29.—A despatch from Taku says a French battalion from Pekin has occupied Lou Nou Chiao and Chan Sin Tien, thus obtaining coal stores.

TUAN ISSUES WAR ORDERS. Chicago, Sept. 29.—A special despatch to the Record from Moscow says: Prince Tuan has ordered the southern viceroys to proceed to north China in order to renew hostilities. The ports will soon be blockaded, especially Canton and Hu-Chow, and the threatening spirit of the rebel fleet is, according to the opinion here, very dangerous for

RUSSIANS MARCH ON MUKDEN.

General Rennenkampf has successfully occupied the Bodune pass after the rebels had fled. General Orloff has also sent a garrison to the same place. General Fleischer's column is en route for Mukden.

MORE MURDERS IN KWANTUNG.

News received here states that the pillaging and murdering in the province of Kwantung still continues. Upward of 30,000 native Christians are homeless and in the grip of famine. It is said, however, that most of the missionaries escaped to Canton.

### YEAR'S IMMIGRATION TO THE UNITED STATES

Increased in Quantity Over Former Years, But Not in Quality.

Washington, Sept. 29.—Thos. Fritchie, commissioner of immigration of New York, has submitted his annual report of the work done at the New York station for the fiscal year ending June 30, 1900.

That year marks the close of the first ten years of federal control of immigration. The total number of aliens arriving at the port of New York for the fiscal year was 400,842.

Mr. Fritchie submits tables showing illiteracy of the races of people that arrive. Portuguese and Italians rank about in the same order of illiteracy. The figures show that the greater the illiteracy the smaller the amount of money per capita brought in. The English, French and German people brought close to the same amount of money per capita this year namely about \$30 each.

Commissioner Fitchie says the steadily increasing tendency of immigration from South European and oriental countries has become more marked than ever during the past year.

He says: "Notwithstanding the fact that the immigration for this year shows an increase of nearly 100,000 over that of the previous year our old source of immigration—Scandinavian countries, the German empire and the United Kingdom altogether contributed only 9,722 immigrants toward this increase, while Great Britain itself actually sent us a smaller number of immigrants than ever before."

"The immigration from these countries is therefore rapidly reaching a point where it may be considered as a negligible quantity. Immigration from Austria-Hungary has increased from 63,000 to 90,000 since the last annual report and although Russia shows a considerable numerical and relative increase still this immigration contains no new elements. It is made up of about the same proportion of Hebrews, Poles, Germans and Finns as usual. No other elements in Russia's complex population evince any inclination to come here. There are, however, abundant indications that from new developments in immigration we should look only to those elements in Austria-Hungary's population now well represented but also realize that this movement is steadily extending to the southeast and is going to show increasing numbers from the Balkan states, Greece and Turkey."

"The immigration of the Croats and Slovenes which started but a few years ago, is now more than double that of the English. Roumania sends us practically as many as Norway. The Servians and Bulgarians form the nucleus for colonies in several of our large cities. From just such beginnings a few years ago the Greeks and Servians have come to have important colonies in nearly every city in the country."

Of the total immigration 228,414 were males and 113,298 were females.

## AN ITALIAN BANDIT'S TERRIBLE VENGEANCE

Assassinates Judge, Jurors and Witnesses Who Convicted Him of Murder.

London, Sept. 29.—All Italy is in great excitement over the exploits of the brigand Mussolino, whose murder record is rapidly nearing the champion figures. Some time ago he was convicted for the murder of an inoffensive peasant and sentenced to twenty-five years' imprisonment. He escaped and took to the country with the avowed object of taking vengeance upon everybody connected with the trial. He has already killed every witness against him and murdered seven of the jury, while two others are awaiting their doom, although protected by the police, and the remaining three have died, some say from fright. Mussolino incidentally killed two carabinieri and on Tuesday capped the climax by emptying a revolver into Judge Lizilli, a member of the court, who sentenced him. The whole province of Reggio Calabria is terrorized, and the entire force of gendarmes is hunting him in vain.

### TO ATTACK A MAYO FORT.

Oaxaca, Mexico, Sept. 29.—The government troops have made important progress in their campaign against the Maya Indians in Yucatan during the last two weeks. A large body of General Bravo's forces have occupied the Bay of Ascension, which is only about eight leagues from Chan Santa Cruz the stronghold of the Indians. This force is now slowly making its way toward this stronghold.

It has to cut its way through a dense forest and guard against ambush by the Indians. The Indians have continued to strengthen the fortifications of Chan Santa Cruz, and its taking will be a great military achievement. It is charged that these fortifications have been made under direction of expert English engineers who came from British Honduras, which adjoins the Maya territory.

### THE HANGING OF KINSAULS.

Raleigh despatch, 28th.—Archie Kinsauls was hanged at Clinton, Sampson county, today for the murder of John Herring. He died from strangulation after being first dropped from the gallows. After the body had hung for ten minutes the attending physician requested the sheriff to place him on the gallows and drop him again, so life might be more quickly ended, as otherwise he might remain struggling for some time. He was placed on the gallows a second time at 1 o'clock and the trigger sprung. Life was pronounced extinct in eight minutes.

Chauncey Davis was hanged at Tarboro for burning the residence of Mrs. Lavinia Battle.

## ELECTIONS BEGINNING IN GREAT BRITAIN

Proposition of Tasmanian Assembly for Joint Australian Cablegram.

London, Sept. 29.—One hundred and sixty-seven constituencies, returning one-fourth of the membership of the house of commons, made nominations today. Up to 1 o'clock this afternoon, fifty-eight members had been elected, unopposed, comprising forty-three conservatives eight unionists, five liberals and two nationalists.

Among the interesting personalities on the government side returned today without opposition were Joseph Chamberlain, the secretary of state for colonies (West Birmingham); Geo. Wyndham, the parliamentary secretary for the war office (Dover).

The five liberals returned unopposed include William Court-Gully, speaker of the house of commons; Sir Henry Hartley Fowler, former under secretary of state for the home department and secretary of state for India.

These electors, being unopposed, afford no data for forecasting the political complexion of the new house.

An interesting feature of the elections is the intervention of the colonies for the first time in the elections of the motherland. A despatch from Hobart, Tasmania, announces the adoption of a resolution by the Tasmanian assembly proposing a joint Australian cablegram congratulating Chamberlain on British successes in South Africa and hoping that the electors of Great Britain will emphatically insist on the fruits of the victory being effectually secured.

## IMPORTANT DEAL IN REAL ESTATE

O. D. Revell Has Purchased Part of Barnard Building.

O. D. Revell yesterday purchased a part of the Barnard building on north-west court place. The transaction included the room occupied by J. N. Morgan's book store, the offices occupied by N. B. Atkinson and other real estate dealers, and all of the rooms above. The consideration was \$12,500. The deed transferring the property from the owner, W. W. Barnard, to Mr. Revell was recorded yesterday afternoon.

## HENDERSON CRIMINAL COURT.

One Murder Case Will be Tried This Week.

Criminal court will convene at Hendersonville tomorrow. Judge Stevens presiding. Solicitor McCann will go to Hendersonville today.

A homicide case will be tried that promises to consume much time and attention. S. S. Manders and Richard Osteen are charged with having killed John Powers on the night of the 20th of the present month. Manders and Osteen were guilty of disorderly conduct, it is said, and the former was arrested by Officer Thomas. The two men had gone about half the distance between the passenger station and the jail when they were overtaken by Osteen. A few moments after this the officer was shot. Both men deny the shooting. As it was late at night and no one was on the street there was no witness to the shooting and the evidence will all be circumstantial.

## HOTELS TO CLOSE

C. B. Deaver is here from Brevard and gives the information that the Sapphire Inn and the Franklin hotel will be closed for the season tomorrow.

Mr. Deaver says some strong evidence has been secured against the democratic election officers who did the ballot box stuffing in Transylvania county. Evidence is also being accumulated to show that prominent democrats offered money to republican election judges if they would put ballots in the wrong box.

## OFFER SENT TO MINERS

Morgan Rockefeller Company Ready to Increase Their Wages.

News of Settlement of Strike Expected Soon.

Little Change in the Situation in the Mining Regions.

Militia Officers Fired at From Ambush at Shenandoah.

THE MARKLE COLLIERIES STILL WORKING—MINER OFFICIALS CAUTION STRIKERS TO AWAIT THEIR ORDERS BEFORE RESUMING WORK.

New York, Sept. 29.—As far as could be learned today from the interests concerned satisfactory progress is making in the negotiations for ending the anthracite strike. It was again stated that the first definite news of the settlement would probably come from the coal regions. The Morgan-Rockefeller interests that have decided to offer increased wages having sent representatives into the coal fields to present terms. The Morgan-Rockefeller group consists of the Lehigh Valley, Erie, Lackawanna and Reading railroads. It is believed that these railroads have authorized the mine superintendents to present as a basis of settlement what is equivalent to an increase of 10 per cent in wages.

Hazleton, Pa., Sept. 29.—The second week of the strike closes tonight with little advantage to either side. Twenty-two mines were operated today the majority working under difficulty. The Markle collieries are still working.

The only disorder today was at Shenandoah, where Major Halbertsdadt and Thomas Glenn, of General Gobin's staff and other officers of the militia were fired upon from ambush. None were hurt.

COAL PRICES FALL.

New York, Sept. 29.—Anthracite coal is quoted \$1 a ton cheaper today than two days ago. This is taken as an indication that the railroads and others with stocks of coal on hand regard an early settlement of the miners' strike as probable.

The Evening Post says today that while no final settlement is yet forthcoming, there is today reliable authority for the statement that the matters still under discussion are of detail merely, and that a satisfactory conclusion will be reached in a short time.

CAUTION FROM UNION OFFICERS.

Scranton, Pa., Sept. 29.—The miners' strike in the Lackawanna region closed the second week without a noticeable change in the condition. The strike officers at district headquarters have instructed the men, in view of a possible proposition from the operators, to remain away from the mines and take no action towards going back to work until advised to do so through the local unions, which will get the word from President Mitchell and the general executive board.
