## PROSPERITY

### PARADE

Yesterday Was the Greatest Day of the Campaign in Chicago.

Every Industry Represented in the Floats.

The "G O P." Elephants Led the Long Procession.

Many of the Marchers Carried Full Dinner Pails.

WORKMEN'S REPUBLICAN CLUBS FROM THE PACKING HOUSES, AND STOCKYARDS MADE A NOTABLE SHOWING.

Chicago, Oct. 27.—Business was generally suspended in Chicago today and the city gave itself up to the "Prosperity" parade. The prediction of pleasant weather was amply fulfilled, the brightly shining sun and the soft balmy atmosphere making an ideal autumnal day. Every industry of the city was represented in the floats that interspersed the procession and each marcher wore a badge containing the words:

"McKinley Was All Right."  
Among those occupying the reviewing stands were United States Senator Hanna, chairman of the republican committee; Vice Chairman Henry C. Payne, National Committeemen Stewart, New and Kerens and United States Senators Cullom and Mason, of Illinois. The parade started at 10 o'clock. All along the route the business houses and office buildings were profusely decorated with the national colors and streamers bearing the legend "McKinley Was Right," "Sound Money and Prosperity," and kindred inscriptions, together with representations of "The Full Dinner Pail."

At the head of the parade walked two elephants bearing banners inscribed, "G. O. P. The Real Thing." Behind the two pachyderms followed a donkey bedecked with bells and a clownish cap upon its head. Further back in the column was a stuffed elephant drawn by horses. This elephant led the advance of the Hamilton club of Chicago, which escorted the American club of Pittsburg. Another large delegation was the Kenosha, Wis., republican marching club of seven hundred members. In the line of parade were regiments of men in uniform, from scores of business houses which, together with the banks, stock exchange and board of trade had closed for the occasion.

These marchers carried "Full Dinner Pails" and banners.  
The workmen's republican clubs, conspicuous among which were several representing the large packing houses of the stock yards, made a notable showing, as did the uniformed division of the Cook county republican legion, attached to the leadership of Congressman William Lorimer. Throughout the parade the industrial features were unique.

A notable section was the republican students' league, comprising delegations from the various educational institutions of Chicago.

## COAL MINE COMPANIES

### FALLING INTO LINE

Two More Agree to Make Concessions to the Strikers.

Hazleton, Oct. 27.—Markle & Co. and the Cross Creek Coal company today consented to make virtually the same advances in pay and reduction in powder as other companies, and the operators will resume work in their collieries Monday. The only companies still holding out are the Lehigh and Wilkes-Barre. But it is understood they will give in by November 1, thus bringing all companies in the Lehigh region in line.

### GETTING READY FOR WORK.

Hazleton, Oct. 27.—Preparations are being made today for the resumption of work on Monday at all the collieries in the Hazleton district. The railroads are filling their sidings near the mines with cars and it is expected that when operations are begun again the mines will be kept on full time all winter to supply the greatly depleted coal market.

### POISON FOUND.

Result of Chemical Analysis of Millionaire Rice's Stomach.

New York, Oct. 27.—Prof. Witthaus, in his chemical analysis of the stomach of William Marsh Rice, reports that he found mercury and arsenic in the stomach.  
Albert T. Patrick and Charles F. Jones, counsel and private secretary respectively for the late William M. Rice, are held to await the action of the grand jury. Bail was fixed at \$10,000 each. The two prisoners are charged with having forged the signature of Mr. Rice, who died in New York under strange circumstances, to a check for \$25,000 drawn on the banking firm of Swenson & Sons. The check was made payable to Mr. Patrick.  
The check was presented at the bank for certification, and owing to an error in the spelling of Patrick's name, held up by the bank employes. Inquiry at the home of Mr. Rice by telephone disclosed the fact that Mr. Rice had died the day before the check was presented.

Prof. Marsh, of Prof. Witthaus' laboratory, telephoned Coroner Hart today that Prof. Witthaus' report on the chemical analysis of the vital organs of the late William M. Rice, was completed and would be delivered to Coroner Hart today.

### DEATH OF LYMAN DEAL.

## MONEY TO BURN NOW;

### DOLLAR DINNER IN '96

Bryan Has Another Reception That Suggests Contrasts With Coxy Army Times.

New York, Oct. 27.—William J. Bryan was welcomed to New York tonight in a reception which surpassed the reception Croker gave him a week ago Monday. There were fully as many people on the streets and at Madison Square garden as at Roosevelt's demonstration last evening, and the fireworks display was more brilliant than the republicans had gotten up. Bryan spoke at Broadway, Cooper Union and Madison Square garden and roused genuine enthusiasm. In his speeches Bryan touched the money question lightly and made imperialism and trusts the burden of his talk. Other speakers of prominence were Bourke Cockran and ex-Senator Hill.

### BRYAN NARROWLY ESCAPES AN ACCIDENT

On His Way to Railroad Station After Mass Meeting at New Haven

New Haven, Oct. 27.—Had it not been for the timely and effective work of half a dozen policemen Bryan might have been seriously injured here today. The incident occurred after the democratic mass meeting in the Second regiment armory, where he addressed 7,000 persons. He was on his way to the railroad station and the horses were going at a lively clip. Over a thousand persons were at the depot to cheer Bryan off, and the carriage was just approaching the crowd when one of the reins broke and horses made a break for liberty. The policemen leaped to the horses' heads and got them under control.  
Most of the Yale men kept away from the Bryan meeting and there was no recurrence of the disgraceful scenes of four years ago.

### ARRIVAL OF THE TRANSPORT URANIA DELAYED

Disappointment to Londoners Who Were Waiting to Welcome Returning Volunteers.

London, Oct. 27.—Never before did the non-arrival of a ship disappoint so many persons as the delay of the transport *Urania*, due at Southampton last night. Fully five million Londoners were waiting to welcome the City Imperators with an explosion of British enthusiasm. An announcement from the war office at 11 o'clock this morning that the procession was postponed until Monday failed to cancel the popular program, and the assembled millions paraded, shouted and sang to their hearts' content. The *Urania* arrived at Southampton this afternoon. The volunteers are not allowed to land until Monday and friends are not permitted to board the vessel.

## ENGLAND DISCUSSING

### AMERICAN COMPETITION

British Manufacturers Alarmed at our Growing Success.

London, Oct. 27.—There has been a most significant manifestation of public opinion in England, especially this week, upon a question of which America should take the fullest cognizance. American competition principally in the foreign and colonial markets has reached such proportions that Great Britain is now thoroughly alarmed. Even now the chief cause of American success is not recognized. The fatal handicap of the British manufacturer is arbitrary restriction of trade unions which limits the amount of work machines and men shall do. The effort is to make labor, when measured by actual accomplishment instead of by daily wages, far more expensive in England than anywhere in the world.  
The danger of Americans securing vast contracts for railway extension in South Africa is the principal text of debate now going on in the British press. There are loud demands to make British manufacture the condition of all contracts, against which a few writers protest with the obvious question why should South Africa be taxed unnecessarily for the benefit of a few English manufacturers. Nobody undertakes to discover why English firms cannot deliver goods within a reasonable time and at prices within 20 per cent of American quotations.

## PUNISHMENT

### OF BOXERS

The Matter Discussed at a Meeting of the Foreign Ministers at Peking.

A Formal Protest Made by Minister Conger.

Against Reported Intention of Chinese to Depose Friendly Viceroy.

Serious Results Might Follow Such Treatment of These Officials.

REPLY RECEIVED TO LI HUNG CHANG'S MEMORIAL TO THE THRONE—THE EMPEROR MUST WAIT UNTIL THE BOARD OF PUNISHMENT ACTS.

Peking, Oct. 26.—The foreign ministers held a meeting today at the house of the Spanish minister. The session lasted two hours and the only question discussed was the punishment of the Chinese officials responsible for the boxer outbreak. There was no disagreement as to the punishment that should be given. An adjournment was taken until October 28, and the intention is to hold further meetings before a conference is held with Prince Ching and Li Hung Chang, the Chinese peace commissioners.

Much alarm is felt over the reported intention of the Chinese to depose the viceroys of Nanking and Wuchang, who have been friendly to the foreigners. Li Hung Chang told Minister Conger that the report was untrue, but the report was repeated to Conger today, and he formally protested against such action. It is believed that deposing these officials would seriously block the peace negotiations and probably lead to the destruction of the Manchu dynasty. Li Hung Chang memorialized the throne October 23 demanding the punishment of the boxer Chinese and received the reply that the emperor must wait until the board of punishment acts. The report of the natural death of Yang Yi, president of the board of war, and Tung Fu Hsiang, a pro-boxer commander in the north, is confirmed. They were included in the emperor's recent decree for punishment of certain officials. Tuan and Chwing are no longer with the court and their whereabouts are unknown.
