Lincoln, Neb. Nov. 7.-Mr. Bryan said this morning that he would not make any statement as to the result of the election unitil later. He gave as his reason that he had received no new information today and said he desired to have as complete returns as procurable before announcing any conclusions. He therefore declined to make even a verbal statement for publication. He however, had no doubt as to the reports of defeat and in private conversation with friends admits that further delay in the public announcement in the acceptance of the result is a mere matter of form. He is not building any hopes upon the latter returns and evidently in all ways except by word of

mouth concedes practically all the republicans claim. Both Mr. and Mrs. Bryan were in theerful mood this morning. Referring
