PRINCETON

DEFEATED

Final score was Twenty Nine to Five in Yale's Favor

Old Eli Avenges Defeat of Last Year.

Result Due to Splendid Condition of New Haven Team.

Drop Kick by Mattas Saves the Tigers from a Whitewash.

THE PLAYERS FROM NASSAU HAD THE BOYS IN BLUE WORRIED FOR A WHILE—THE RESULT OF OTHER GAMES.

Princeton, Nov. 17.—Yale's football giants enjoyed a practical walkover with Princeton Tigers this afternoon, the final score being 29 to 5. The Tigers escaped a whitewash because of a neat goal from the Yale 25-yard line kicked by Mattas within the first ten minutes of play. Yale had already made a lucky touch down within a minute and a half after the kick-off. As Yale kicked goal the score was 6 to 5 immediately after Mattas made his drop kick.

The Tigers, though greatly outwitted, played desperate football as soon as Mattas had scored and for a short period had the New Haven men puzzled. But as soon as the Yale giants struck their proper gait Princeton's case was hopeless. The Tigers played themselves to a standstill the first half, which ended by a score of 11 to 5 against them.

In the second half Yale's attack simply overwhelmed the Princeton men and an impressive score was the result. The condition of the teams told the story better than anything else, for in the entire game no time was taken out to allow a Yale player to recuperate, while the plucky Tigers were constantly in need of attendance, and several were forced to give way to substitutes.

The results of other games were as follows:

At Philadelphia—Pennsylvania, 16; Indiana, 6.

At Easton, Pa.—Lafayette, 17; Cornell, 0.

At West Point—Cadets, 18; Bucknell, 10.

At Annapolis—Naval cadets, Columbia, 11.

At Minneapolis—Minnesota, 21; Northwestern, 0.

At Chicago—Chicago, 5; Wisconsin, 39.

At Washington—Georgetown, 10; Virginia, 0.

At Ann Arbor—Michigan, 7; Notre Dame, 0.

At Lexington, Va.—Virginia Military Institute, 41; Washington and Lee, 0.

METHODISM IN GREENSBORO

Pamphlet Published by J. W. Albright of Asheville.

Mr. and Mrs. J. W. Albright returned yesterday from Greensboro, where they have been for the past six weeks. While in Greensboro, Mr. Albright got out a twenty-two page pamphlet, entitled "A Sketch of Methodism in Greensboro, N. C." It contains the history of Methodism in that city from its earliest stages to the present time. The book also has a directory of the eleventh session of the Methodist Episcopal church, south, which holds its session in Greensboro from the 21st to the 27th of this month. The directory will no doubt be of much help to those attending the conference.

ANOTHER ATTEMPT TO REACH THE NORTH POLE

New Departure in Arctic Exploration to be Made Next Summer.

London, Nov. 17.—An entirely new departure in arctic exploration will be made next summer. Russia will send north the wonderful ice ship Yermak with instructions to try to cut a way through to the pole. The performance of this vessel in cutting and tearing a way through the immense ice fields of the Baltic sea and other Russian waters has excited amazement, and she is now being equipped for the greatest of all tasks. A new bow has been completed, especially designed to encounter the field of ice in the Arctic, which is heavier and thicker than any the Yermak has yet attacked. Admiral Makaroff, who is superintending the changes, is confident the ship can cut its way without delay to the pole and return safely the same season.

EXAMINATION OF THE KAISER'S ASSAILANT

William Wishes the Incident to be Treated as a Trivial Matter.

Berlin, Nov. 17.—The Schnapke woman, who threw an axe at the Kaiser in Breslau yesterday, was examined by a magistrate today. She said she committed the deed because she had been continually persecuted by persons acting on the Kaiser's orders. The court ordered the woman to an asylum pending further medical examination. The emperor has desired that the incident be treated as a trivial matter.

GHOULS ROB A CEMETERY OF NINE BODIES

Kalamazoo, Mich., Nov. 17.—The Springbrook cemetery, in Newaygo county, has been robbed of nine bodies, all but one being those of persons who had died within the last year.

One body, which is supposed to have been that of Mrs. Henry Knowles, although so badly decomposed as to be unrecognizable, was found in a hedge fence about quarter of a mile from the cemetery. She died about five years ago. The cemetery is in an isolated spot and up to this week there had not been a burial there for nearly three weeks. It was when Isaac Dunton, the sexton, went to dig the grave for this burial, that the awful discovery was made.

MAJ J. V. H. NASH.

Atlanta Nov. 17.—Major Joseph Van Holt Nash, one of Atlanta's most distinguished citizens, died suddenly at the home of his son-in-law, Cornelius Garrett, in Augusta, this morning. Major Nash had gone to Augusta for the purpose of attending the confederate reunion in that city. His death was caused by neuralgia of the heart.

A movement has been started in France which has for its purpose the preservation or rather the cultivation of the kangaroo, which has been rapidly proceeding toward extermination. Dr. Brisson, a French surgeon, says that there is likely soon to be an exceptional demand for the animals in consequence of the success attending the use of kangaroo tendon in the hospitals. It has been employed in scores of instances to tie up the fractured bones of a man's leg, in order that he may use his knee while the bones are knitting together. Kangaroo tendon, he says, is as strong as silver wire. It is taken from the tail, and being animal in its nature is absorbed, and the leg does not have to be cut open, as is necessary when silver wire is used.

The news that the life work of Dwight L. Moody is to be taken up by the Rev. G. Campbell Morgan, of London, has been favorably received by all those who heard Mr. Morgan preach when he was in New York. He is a speaker of magnetic power. The information that Mrs. Morgan has been invited to come to this country by WILL Moody, son of the dead evangelist, has just been made public.

BINGHAM WON SECOND OF SERIES

GAME OF FOOTBALL PLAYED YESTERDAY BETWEEN CADETS AND ASHEVILLE.

Cadets Were Successful by a Score of 11 to 0.

A Large Number of People Witnessed the Game Which was in Every Way an Interesting One—A General Fight After Game.

A football game that for actual merit will compare favorably with any played here for a very great while was that played yesterday between the Bingham and Asheville school. The game was played at Riverside park and was witnessed by a large crowd. The young ladies of the Asheville college were among the interested spectators. The game was late in starting, there being a dispute over the question whether Lynch should play with the cadets. The Asheville school players contended that Lynch was not a student of the Bingham school, or at all events had just become a student in order to get in the game. It was finally decided to leave Lynch out and the game was called. Dr. Wharton was referee and Eugene Sawyer umpire.

Asheville school line up—Left end, Norton; left tackle, King; left guard, Van Schaick; center, Schmidlapp; right guard, Peebles; right tackle, Beggs; right end, Von Steinwehr; quarter back, Brashears; left half back, Norton; right half back, Thomson; full back, Day.

Bingham line up—Fisher, right end; Everheart, right tackle; Ott, right guard; Pope, J., center; Pardue, left end; Norwood, left tackle; Everheart, F., left guard; Shemwell, quarter back; Law, right half back; Norwood, O., left half back; Heaslop, full back.

While the game was a pretty one the Asheville school team was at a disadvantage in the matter of weight. The Bingham players outweighed them perhaps on an average of ten pounds. This disparity in weight was soon apparent as the game was still young, when, after rushes by Law and Heaslop the cadets went under the goal. Heaslop then kicked an easy goal, making the score 6 to 0. Day for the Asheville school kicked off and the ball was caught by Law, who ran he back twenty yards. Norwood made eight yards around the right end, then Law made another run of eight yards around the right end. Then Law made another run of eight yards through left tackle, and a few moments later carried the ball around left end to within six inches of Asheville's goal line. Bingham fumbled the ball and lost five yards, but on the next play Norwood made a touchdown. Heaslop missed an easy try for the goal. Beggs made a fine kick of forty-five yards just as time was called. The score stood 11 to 0 and the Bingham boys were all yells and smiles. They suggested in fog horn tones that their opponents were in need of a first class brand of condensed milk or malt extract and that they had better turn attention to tennis.

There was neat playing in the second half but nothing was done to change the score. Some of the best work of the game was done by Brashears, the featherweight quarter back of the Asheville school team. He did not look as though he would weigh more than 110 pounds.

A general row, for which there was absolutely no excuse, occurred after the game between a number of the cadets and several young men from the city.

At first it was between a 16 or 18-year-old student and a young fellow from town, deferentially referred to by his contemporaries as "Pete Coleman." For some time the boys were allowed to beat one another in the face and then older boys began to close in and several bit the dust in rapid succession. It did not make any difference whether a man had anything to do with the row or not, if he got too near the center of activity he got hurt. One cadet came near being carved up in a bad way. After he got out of the crowd there was evidence that a knife had passed over his right ear and neck and a piece as large as person's hand was cut from his uniform near the shoulders. There were no policemen on the ground and no one else who seemed to care anything about having peace and for a few minutes it seemed that the fighting might have a very serious ending.

A NEW INSTRUCTOR

In Department of Modern Language at College.

The patrons and friends of the Asheville college will be gratified to learn that the vacancy in the language department has been most satisfactorily filled.

Fraulein Natalie Wipplinger has been secured for this department and will arrive in Asheville tomorrow and meet her classes on Tuesday.

The testimonials of Fraulein Wipplinger place her ability beyond question. After passing with distinction her teacher's examination at Kassel, Germany, in 1891, she pursued her studies successively at the universities at Berne, Leipzig and Freiburg, obtaining the degree of doctor of philosophy at Freiburg. Her experience in teaching has been gained in Paris and London, where she became sufficiently familiar with the English language to make a most acceptable teacher of English or American students. That so fine a teacher could be secured on so short notice is due to her very recent arrival in America, she having been in New York only a few weeks.
