Gleanings From the Columns of the Local Papers in Various l'owns of the State.

There will be a reception at the governor's mansion at Raleigh this (Friday) evening, complimentary to the general assembly.

Rev. R. S. Stevenson, chaplain of the Fulton county jail, has received a call from the city mission board of Raleigh, N. C., to be city missionary of Raleigh. It is thought he will accept the call .- Atlanta Journal.

-The state chairman of the prohibi tion committee has called a meeting be held at High Point February 20 at the persons raced were already dead. 10 o'clock, a. m. The meeting is called for the purpose of mapping out the work to be done by the prohibition party in this state in the next campaign.

The increase in the assessed value of the great ralway systems in this state under the agreement between them and the corporation commission is as follows: Atlantic Coast Line, \$5,-994,675; Southern, \$7,293,046; Seaboard Air Line, \$4,536,752; total, \$17,824,454.

-Judge Simonton has decided the fertilizer rate case in favor of the corporation commission. The decision was announced Wednesday and the judge's opinion in the matter fills eight pages of typewritten manuscript. The decision over-rules the exceptions to the report of Standing Master Martin, and confirming the same.

-Messrs Washington Duke and B. Prince Ching asked whether, provide N. Duke have given \$5000 to the colored race at Durham to establish a hospital. Work will begin in the near future and a first class hospital will be erected. The amount given by the Dukes will be supplemented by other private donations and in erecting the building and equipping the same from \$7500 to \$10,000 will be forthcoming.

The Durham Traction company has been incorporated and capitalized at one million dollars. The object of the corporation are to build an doperate a general street railway system from East to West Durham to the city cemetery. In connection with this it will conduct an electric lighting and power plant, and also will engage in the manufacture of ice. A franchise has been obtained from the city and county of Durham for fifty years.

-A Young man, a son of Mr. Jet Dorsett, was the victim of a terrible accident at the Thomasville veneering works yesterday afternoon. He was working about a machine when one hand became entangled in the cogs and very near his entire arm was slowly drawn in and crushed and mangled into a pulp. The machine had to be torn to pieces before the young man could be released from his terrible position. Mr. Dorsett is resting fairly well this morning and it is hoped his life may be saved.—Lexington Dispatch.

The owners of the Virginia cotton mills have had a steamboat constructed which will ply on Haw river between Hay River and Swepsonville. The distance between the two points is six miles by the river. The steamboat, we are informed, has a passenger apartment, and will tow the freight boat. This is a novel experiment for Alamance. For a number of years, and almost constantly for 15 or 20 years, the Swepsonville people have hauled their freight on the river in a flat boat propelled by man power.-Alamance Gleaner.

-James A. Weens, of Danving, Va., arrived in Salisbury Wednesday morning. He took life unconcernedly until arrival of the local from the North, when he became all eyes. He didn't have to look long, however, for the object of his search had her face against the car window and she, with a look of dismay, saw the gentleman from Danville board the car. It was only the work of a moment, and when he emerged from the car a girl in shoe top dresses and an abashed looking youth followed him. The Sun says: "In conversation with Mr. Weeks I learned that the girl was his daughter, that she was fourteen years old and that she left home last night in company with the young man, who himself is but nineteen. They had tickets to Fort Mill, S. C., and intended marrying

there today. The girl's father guessed the cause of his daughter's absence last night and reached Salisbury ahead of the couple. He took his daughter back home last night but the young man is spending the day here.

POREIGN ENVOYS HOLD A LONG MEETING WITH C I A ENVOYS.

Li Hung Chang and Prince Ching Say that China's Earnest Rope is to Carry Out Fully the Demands of the Powers and that the Punishment Which Will be Inflicted ou the Guilty Will be Satisfactory.

Pekin, February 5.-The Chinese plenipotentiaries, Prince Ching and Li Hung Chang, had a protracted meeting this morning with the foreign envoys. Twelve names of prominent Chinese officials were submitted, with the request that China keep faith with the powers and punish the persons named commensurately with

The Chinese plenipotentiaries replied that China's earnest hope was to carry out fully the demands of the powers, and that she felt sure the punishment which will be inflicted would be satisfactory. It was discovered that two out of twelve of

In certain cases the Chinese plenipotentiaries gave reasons why the punishment inflicted should be banishment and not death, asserting that in these cases they particularly desired larithment only because the persons in the tion were 30 closely related to the threme.

After a long conversation on the subject of punishment it was decided that the foreign envoys should draw up a ful list of all accused officials, both nations, and provincial, with indictments specify. ing the guilt of each and a statement of the punishment required, which would then be presented to the Chinese plenipotentiaries for definite action.

Li Hung Chang, who is very weak frohis recent illness, had to be carried in an out of the British legation. He is unable to walk, but his head seems as clear as

The foreign envoys were impressed wisthe evident desire of both Prince Chin and Li Hung Chang to come to terms rower a desire to carry out the terms of the joint note, the foreign troops wou! leave Pekin. The foreign envoys replied that this was a subject they could not dicuss beyond saying that, if everythin were satisfactory they believed the pow ers would begin to withdraw the troop early in the coming Spring, but that this depended largely upon the Chinese then

Prince Ching and Li Hung Chang said they desired to know the names of the places where guards would be kept for the purpose of maintaining communica tion with the sea, in accordance with th terms of the joint note. They were in formed that this was a subject regarding which the military authorities had mor accurate knowledge than the envoys, bu that at present no determination had been reached. Prince Ching was anxious to know what provision would be made to control the legation guards and to prevent them from disturbing business. He asked if the guards would be allowed over all parts of the city.

To this inquiry the reply was given that the guards would certainly not be allowed to interfere with any avocations of the Chinese, but would be merely kept to guard the legations in case of necessity Prince Ching was assured that, in whatever part of the city the legation guards might go they would be required to conform to laws which would be agreed upon under pain of severe punishment for any infraction.

The Chinese plenipotentiaries also touched upon the question of the forts asking if it would be necessary to destroy these. As there seemed to be some diversity of opinion among the foreign envoys regarding this matter, it was left over until the question of punishment has been definitely decided.

Berlin, February 5.—The War Office has received the following dispatch from

Count Von Waldersee has left for Shar

Count Von Waldersee: "Pekir. February 4.-The column under General Von Trotha, which left here January 31st, reached Yang Fang, thirty kilonorthwest of rekin, Saturday (Februar; 2). Next day the column made an expe dition from that point into the mountain ous region westward.

"I leave Pekin to-morrow for Shan Ja Kwan on a visit of inspection. Shall re

highest, Lawren and Closing Frices for Active Stocks. t tion Mareet tomis.

Reporter by Murphy & Co., Brokers,

11 Church street, Asheville.

New York, Feb. 7.-The tendencies showing in the stock markee at close of business yesterday afternoon were repeated this moring upon the opening of business when further striking advances were common with the trading in immense volume. The railway list was excedingly active and strong, particularly for the Erie and Reading issues, Union Pacific, Mo. Pacific, Northern Pacific and St. Paul. Little was was done among the local traction issues or the specialties. The London market was very firm on account of a reduction of one-half per cent in the Bank of England minimum rate of discount. The American quarter was particularly animated and strong with substantial advances appearing in Ontario & Western, and St. Paul. Foreign houses had large buying orders upon the opening of business. The actual news over night bearing upon the market was meagre. At the same time speculative sentiment was much encouraged by such incidents as yesterday's advance in the rate on Reading 1st preferred which action was generally interpreted as a favorable sign of the times and as similar procedure in other stocks ...

Bank of England rate reduced to Atchison reported issuing \$5,000,-000 4 per cent general mortgage bonds. American stocks in London strong with advancing tendency. Market yesterday active and higher, closing rather under best. Rumor that U. P. got control of D. & Rio Grande denied. Reported that Pressed Steel Car will issue 5 million bonds. Illinois Central said to be interested in reported Merger of Minneapolis and St. Louis and Iowa Central. Increase in St. Louis and Sanrancisco second preferred dividend today talked of. 12 idustrials advance .62. Twenty active railroads advance

GRAIN. Chicago, Feb. 7 .- The foreign wheat markets were generally higher, particularly the English, and this was part. ly influenced by the South American wheat but there was some Foreign buying during the morning. Cash wheat abroad showed very little interest. Northwestern receipts were moderate. The weather report showed general snows in the west and during the past week the whole wheat crop has been well protected. Wheat was quiet after the opening, steadying in the afternoon

with some export trade. The close was CORN.—The foreign markets were steady for corn both for cash and for tures. The volume of export trade recently has encouraged some buying and Chicago car lots today were only Thomas Mays, 1009 Nelson avenue. 131, the inspection showing no change. Corn was quiet late and about steady.

movement and the snow storm through-

out the west is expected to still further interfere with the receipts. Provisions closed quiet.

PROMOTIONS IN THE ARMY.

The President Sends a Targe Batch of Appointments to view Senate.

Washington, February 5 .- The President to-day sent the following nominations to the Senate:

Army-To be Lieutenant-General: Nelson A. Miles. To be Major-Generals: Brigadier-General Samuel B. M. Young, U. S. A.; Colonel Adna H. Chaftee, Eighth Cavalry, U.S. A. (Major-General U. .. V.); Brigadier-Genera' Arthur MacArthur, U. S. A. (Major-General U. S. V.) Colonels to be Brigadier-Generals: John C. Bates, Second Infantry, U. S. A. (Major-General U. S. V.); Colonel Lleyd Wheaton, Seventh Infantry, U. S. A. (Major-General U. S. V.); George W. Davis, Twenty-third Infantry (Brigadier-General U. S. V.) Theodore Schwan, assistant adjutantgeneral, U. S. A. (Brig., Gier-General U V.); Samuel S. Summer, Sixth Cavalry, U. S. A.; Lecnard Wood, assistant surgeon, U. S. V. (Major-General U. S. V.); Robert H. Hall, Fourth Infantry U. S. A. (Brigadier-General U. S. V.) Robert P. Hughes, inspector-genera U. S. A. (Brigadier-General U. S. V.) Beorge M. Randall, Eighth Infantry, i A. (Brigadier-General U. S. V.); al Major William A. Kobbe, Third Are. ery, U. S. A. (Brigadier-General U. . V.); Brigadier-General Frederick i Brant, U. S. V.; Captain J. Frankli Sell, Seventh Cavalry, U. S. A. (Ed.) lier-General U. S. V.). Generals Young and MacArthur a) jumped over Brigadier-Generals W: and Merriam and General Chance at: is advanced over those two differs ... well as over Generals MacArthur and Ludlow and fifty-four colonels who has

higher relative rank than he in th regular army. he action in the case of Genera Chaffee is accepted in military circle as an indication that he is to be placein supreme command of the military forces in the Philippines and that Generals Young and MacArthur are to be relieved shortly and assigned to duty in the United States.

The law provides for six major-gen erals and the promotion of Major-Gen eral Miles leaves another vacancy in that grade, which, it is generally understood, will be filled by the appointment of Brigadier-General J. F. Wade, the senior officer of his grade. There is still one vacancy in the list of Brigalier-Generals and another will be made by the retirement of General Schwan who is said to be in failing health. Col enel Daggett, of the Fourteenth Infantry, who has just returned to San Francisco from gallant service in China, is booked for appointment as a brigadier-general. It is expected that

ne will be retired immediately. Secretary Root said this afternoon that the military appointments malto-day did not involve necessarily and change of commands in the Philippine and that there is no purpose of reliev ing General MacArthur of the suprem command of that division in the imme hiate future. Generals Wade and Lud low, who recently were ordered to t Philippines, will relieve Generals Your and Bates, who have served in the country for over two years.

The War Department announces Promotions will be made to the grade of first lieutenant in the regular arm of all second lieutenants in that ar. whose commissions antedate the way with Spain. These promotions will ear ry up all officers in the regulars w have had longer service than volur teers, but will still leave vacancies i volunteer second lieutenants." The War Department calls attenti

o the fact that the order of senior

of the general officers appointed to-

s determined by the dates in Februa

stated in the nemination. Thus, ( eral Young, being nominated as of F ruary 2d, Chaffee as of the 4th : MacArthur as of the 5th, will to precedence in that order wherever tl. meet. General Wood being named : a Brigadier-General as of the 4th ranked by Bates, Wheaton, Davis ar Schwan, and possibly by Sumner, the latter being nominated as of the sar. date. But it is pointed out at the de partment that one result of Genera Wood's nomination in this order would be, in the event that he follows to regular order of promotion hereafte: to make him Lieutenant-General of the United States army for fourteen year. General Wood now stands No. 60 in th list of army captains. Captain ; Franklin Bell, who is No. 585 in the lin of captains, relative rank, was nomnated to be a full Brigadier-General The appointment of General Chaffee t be Major-General of the regular arms is the first instance of its kind in the reer as a private in the Sixth Cavalry and will be the first officer promotec from the ranks to exercise command in the regular army as a general offi

## Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere simple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was

treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I de-cided to try S. S. S. which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off, Ten years have elapsed and not a sign of the disease has returned."

R. F. WILLIAMS,

Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

(Switt's Specific) is the only blood remedy guaranteed Purely Vegetable.
All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta. Georgia.
