### HON A. H. JONES DEAD.

He Had a Large Number of Friends  
and Relatives Here.

News reached here yesterday of the  
death of Hon. A. H. Jones, which oc-  
curred at Long Beach, Cal., January 29.  
He had been in ill health for some time,  
and his death was not unexpected.  
A. H. Jones was born about nine  
miles from Asheville on the French  
Broad, and was the son of Joshua  
Jones. After serving a term in con-  
gress as the representative of this dis-  
trict, he resided in Washington, D. C.,  
until 1894, when he removed to Ashe-  
ville.

Erecting the building at 47 South  
Main, he then engaged in merchandising,  
and in the publication of a weekly  
republican paper, "The Skyland Hier-  
ald."

In 1890 Mr. Jones sold out and went  
to Norman, I. T. After living there  
about four years he went to Long  
Beach, Cal., where he was residing at the  
time of his death.

The deceased leaves a wife and four  
children, all of whom are living: Mrs.  
P. J. Johnson, Mrs. T. J. Candler, Col.  
Thad. W. Jones and Otto M. Jones.  
The latter lives at Long Beach. Col.  
Jones, who left here two weeks ago  
for the Philippines, was with his fa-  
ther when he died.

new reign with wrangle with America  
about a question in which no substan-  
tial British interests are involved.

"No serious person cares two straws  
for the Clayton-Bulwer treaty, which  
for all practical purposes has for years  
been as dead as a door nail. It is felt  
that every consideration of good feel-  
ing and good policy should prompt the  
ministers to waive all mere questions  
of form and procedure in order to be-  
gin the new reign by a signal act of  
friendship, demonstrating the reality  
of the case in which the English speak-  
ing world is bound together."

### REPORTS PROVE TO BE EXAGGERATED

London, Feb. 7.—With the exception  
of a few newspapers, the press has  
with satisfaction the announce-  
ment that large reinforcements will be  
sent to South Africa.

Stories of Boer invasion of Portu-  
guese territory and the seizure and de-  
struction of the Delagoa Bay railway  
prove to be exaggerated, although one  
report says the railway has been severed  
in one place.

There is a minimum of important  
news from South Africa, the chief fea-  
ture being Kitchener's report that De-  
Wet has not yet reached Cape Colo-  
ny.

### POST OFFICE BILL PASSED.

(Continued from first page.)

any law put a small premium upon any  
kind of money."

Mr. Bryan cites the premium on silver  
in New York in 1893 caused by the  
local demand for small change. He also  
cites Senator Sherman in support of  
his statement. Proceeding Mr. Bryan  
says:

"As soon as the silver dollar is made  
redeemable in gold another endless  
chain will be created and the argu-  
ments used against the green backs  
and the treasury notes will then be  
turned against silver. Before the at-  
tempt to burden the gold reserve with  
this new obligation is consummated, it  
may be worth while to consider the  
opinion expressed by Secretary Carlisle  
in 1895."

The session of the house today was  
comparatively unimportant. Aside  
from the passage of the postoffice ap-  
propriation bill and the taking up of  
the diplomatic consular appropriation  
bill, nothing of interest transpired.

### IN THE SENATE,

The senate held its second night ses-  
sion tonight for the consideration of  
the subsidy bill, which measure en-  
grossed much of the time of the day's  
session. There was some difficulty in  
securing a quorum when the senate ad-  
journed tonight and this fact gave  
rise to vigorous protests on the part  
of Taylor and Jones (Ark) against night  
sessions.

Jones vigorously denounced republi-  
cans for night sessions. He declared  
the democrats would be fully justified  
in resorting to filibustering to protect  
themselves against the tyranny of the  
majority. Without action on the bill  
the senate adjourned.

A feature of the debate at today's ses-  
sion was a lengthy speech by Morgan  
in opposition. He declared the meas-  
ure was the worst raid on the indus-  
trial people of the country in history.

He twitted the republicans with their  
silence on the subject and declared it  
was due to the fact of Hanna's rod held  
over their heads.

The senate today passed the pension  
appropriation bill and has taken up  
the ship subsidy bill. Mr. McLaurin  
of South Carolina spoke in favor of  
the measure.

There was a discussion concerning  
the amount of appropriation at this  
session and in reply to a question by  
Mr. Morgan, Mr. Allison, chairman of  
the senate committee on appropriations  
said they would amount to \$760,000,000.  
Mr. Hale thought the amount would  
be nearer \$800,000,000 for the session.
