FREE FOR ALL FIGHT BETWEEN SALOONISTS AND ANTI-SALOONISTS

Members of the Recently Organized Carrie Nation Club at Jacksonville, Indiana, Make a Raid on the Saloons.

WERE RESOLVED TO BLOT THEM OUT

Armed With Axes, Clubs and Bricks the Women Make Descent on the Saloon Just Opened.

Smashed Windows and Mirrors and Poured Out Whiskey—Inmates Fled.

POLICE POWERLESS TO STOP THE FIGHT

Some of the Participants Seriously, Perhaps Fatally, Injured—Saloons Are Closed.

Jacksonville, Ind., Feb. 12.—The ladies of this town recently organized a Carrie Nation club. Last night the club resolved to march forthwith upon the three saloons of the town and blot them out.

Armed with axes, clubs and bricks, and led by Mrs. Snyder, president of the club, the women made a descent upon Grime's saloon, just opened with all modern improvements. Bricks and stones and all sorts of missiles showered against the plate glass windows and in a few minutes the front of the saloon looked as though a cyclone had struck it. The inmates fled through the rear door while the women rushed in and smashed mirrors, broke liquor bottles and opened faucets of the whiskey barrels.

Grimes seized Mrs. Snyder and checked her into almost insensibility and dragged her from the place. Her assistants almost beat Grimes to death with clubs and bricks. A large crowd soon gathered and a free-for-all fight between saloonists and anti-saloonists followed.

A man named Ryan, a sympathizer of the saloons was kicked into insensibility by the husband of Mrs. Snyder. Mrs. Garret was struck in the face with a beer bottle and badly injured. The police were powerless and the fight lasted half an hour.

The condition of Mrs. Snyder and Mrs. Ryan is precarious. The three saloons are closed up. The citizens threaten to dynamite them if they open.

The town to night is quiet but any attempt to open the saloons will result in a pitched battle.

UNCLE SAM'S CUBAN POLICY

Language of Policy in Regard to Future Relations Agreed Upon.

Washington, Feb. 12.—Secretary Root was not present at the Cabinet meeting today, having gone to New York. He had a conference with the president yesterday at which the language of the government's policy, in regard to the future relations with Cuba, which was agreed upon, and last night's cable instructions were sent to Wood to call the attention of the constitutional convention to the importance of including this country's declaration in the constitution.

The government's policy is based on the principle that the United States is to be guaranteed the protectorate of Cuba and prohibits acquisition of territory by any foreign power. Cuba is enjoined from mortgaging the island to any foreign power and must give the United States all facilities for enforcing its policy against any foreign government or the Cubans themselves.

EMPLOYES OBJECT TO COLORED FOREMEN

Anonymous Letters Demanding Their Replacement by White Men.

Elizabethton, Tenn., Feb. 12.—Members of the Whitting Lumber company of this place are greatly annoyed on account of a system of blackmailing which is being practiced upon them by unknown parties. Letters are being sent the company demanding that it discharge its colored employees and fill their places with white men, and threatening if it is not done, to burn to the ground the company's plant. The company employs both white and colored labor, and in one or two of its departments has colored foremen, and it is thought by many that the unwillingness of the white employees to be led by colored foremen is the chief cause of the trouble.

The company is greatly vexed, and the people who live near the company's factory are considerably excited lest the threats be executed. Efforts to locate the guilty parties will be made.

ARMY APPROPRIATION BILL PASSED

SENATE SPENT AN UNINTERESTING DAY IN DISCUSSION OF THE AGRICULTURAL APPROPRIATIONS.

Washington, Feb. 12.—The chairman of the house in his invocation today referred to the fact that this is the anniversary of the birthday of Lincoln the emancipator, and prayed that his life might be an example and an inspiration to those now living.

As soon as the journal was read and approved the struggle over the question of expunging from the Record an anonymous letter reflecting upon Perry S. Heath which was read at the instigation of Mr. Sulzer of New York during the exciting session yesterday was resumed. The letter appeared in the Record this morning.

Mr. Knox of Massachusetts, claimed that the matter was before the house in two ways, as unfinished business and as a matter appearing in the Record, over which the house had control. He asked the house to adopt a resolution which recited the occurrence of yesterday and directed that the document be stricken from the records.

Mr. Bailey of Texas asked Mr. Knox to withdraw the preamble of the resolution. "I, my self," said he, "intend to vote to strike the anonymous communication." (Continued on the eighth page)
