## TOWN IN STATE OF RIOT OVER SALOON SMASHING

College Students and Women Attack the Saloons and One Women is Shot and Probably Fatally Wounded

City Council Considering Ad-  
visability of Appealing  
For Troops.

A MINISTER LED CROWD  
OF WRECK'NG STUDENTS

Mayor of Arkansas City Notified That  
Saloon Smashing Will Begin  
There Friday.

Winfield, Kan., Feb. 13.—Five hundred students of the Southern Kansas Methodist college, headed by Rev. Mr. Lowther, marched on three saloons of this town today to revenge an assault on one of the collegians last night and they completely wrecked one of the saloons.

The students gathered at First Baptist church and marched in a body on the saloons at 7 o'clock in the morning. When they assembled fully five hundred women had gathered to their support.

The first place they attacked was the saloon of Schmidt Bros. The attackers found two shot guns sticking through cracks but women rushed forward and dazed the men to shoot.

Meanwhile the students began the work of destruction. Charles Schmidt opposed Rev. Mr. Lowther's entrance and the minister brought his hatchet down on Schmidt's head, cutting the scalp three inches.

After wrecking this saloon the crowd marched on Davis' saloon, but before they had gone far someone began firing out of the wrecked saloon. Miss Denney, prominent in church circles, was hit by a bullet in the mouth and fell. Mrs. Wilson was struck on the cheek with a piece of glass and severely cut. This excited the mob which made a mad rush for Schmidt's saloon, but when it was reached the place was deserted.

Arriving at Davis' saloon the proprietor stood in the door and assured the crowd that the place was closed and he was making ready to ship his fixtures out of town. After he had signed an agreement to leave town forever the mob proceeded to the remaining saloon and finding it closed decided to disband and await developments.

Tonight the town is in a state of riot and the city council is considering the advisability of appealing for troops. All the saloons are closed. It is thought Miss Denney will die.

The temperance people of Kansas City notified the mayor today that saloon smashing would commence there Friday. In Wichita the W. C. T. U. has notified the governor that all saloons in that county must be closed.

## MRS. NATION WILL NOT VISIT CHICAGO SALOONS

Will Take Charge of and Edit Peor'a  
Journal For One Day.

Chicago, Feb. 13.—The saloons of Chicago, and the Tenderloin district in particular, will not be visited by Mrs. Nation.

Physical exhaustion and the almost complete loss of her voice, caused by outdoor speaking for the past few days, and her tour of the levee last night, confined Mrs. Nation to her rooms today until the hour set for her appearance at Willard hall, and compelled her to give up her plans for further personal visits to saloons.

"But I am going to talk to saloon keepers and bartenders tonight at Willard hall," said Mrs. Nation. "They promised me last night that they would come, and I do hope they will not disappoint me."

Springfield, Ill., Feb. 13.—A resolution inviting Mrs. Carrie Nation, the Kansas saloon smasher, to address the house of representatives tomorrow was introduced today. After suggestions that it be referred to the committee on Honors and the committee on military affairs, it was made the special order for February 27 amid much laughter.

Peoria, Ill., Feb. 13.—Mrs. Nation has consented to take charge and edit the Peoria Journal for one day, February 26.

## LONDON'S LOYAL ADDRESS RECEIVED BY THE KING

King Varies Customary Procedure by  
Reading his Reply.

London, Feb. 13.—The lord mayor, sheriffs and others, robed in magazine gowns, accompanied by civic officers, sword-bearers, mace-bearers and other attendants, went in state carriages to St. James' palace today to present to the king a loyal address on behalf of the city of London.

The king and the Duke of Cornwall and York, attended by their suites, reached the palace shortly after noon. The ceremonial was the same as that observed at a levee. All the principal officers of state were present. The king wore the uniform of a field marshal and the duke of York wore the real admiral's uniform.

His Majesty was received at the entrance by great officers of state, was conducted to the throne room and received the address. His majesty varied the customary procedure. Instead of merely handing a reply he read it in a clear, firm voice. "The king's reply follows:

"I am much gratified by your loyal address and the zeal and affection they attest for my throne and person. It is a great consolation to me in my grief to see the wide and heartfelt sympathy which you give expression, and with you I will ever cherish the recollection of the memorable reign of my beloved mother, renowned in our annals alike for the progress of the people in prosperity and refinement and for their ever widening and deepening attachment to our government and institutions.

"I join you in the hope that the blessings of Almighty God may be continued to myself and consort."

## CAPTAIN CARTER WANTS BAIL

Petition Filed in the United States Circuit Court.

Leavenworth, Kan., Feb. 13.—A petition has been filed in the United States circuit court for the release of Oberlin M. Carter, ex-captain of engineers, from the federal prison, pending the appeal of his habeas corpus proceedings in the Supreme Court of the United States. The court set Friday next as the time of hearing the argument.

Carter's attorney's assert that it will be at least two years before a decision in the habeas corpus case can be reached in the supreme court. In that time Carter will have served his sentence and the habeas corpus proceedings will afford him no relief. It is understood that in the event the court sustains the motion, relatives of the prisoner will furnish bonds to the extent of \$100,000 if required.

Enforcement of Proclamation Producing  
Satisfactory Results.

Washington Feb. 13.—The following cablegram was today received at the war department from General MacArthur at Manila:

"Colonel Simon Tessen, seven officers, 17 soldiers, 59 guns, and 200 rounds of ammunition were surrendered unconditionally February 11. This breaks up the group of insurgents heretofore operating in the mountains east of Balacan and removes from northern Luzon the last formidable organized force except in the first district.

"There is a rigid enforcement of the proclamation of December 20 and spontaneous action on the part of the people through the federal party in behalf of peace and self protection are producing most satisfactory results, and encourage the hope of an entire suspension of hostilities at an early date."

THE INDICTMENT PROCEEDINGS.

Special to the Gazette.

Raleigh, Feb. 13.—The discussions in the legislature have become more lively and full of interest in the last few days.

Yesterday the house passed the bill providing for the state to employ counsel in the cases of indictment against certain persons who were or may be, indicted for committing election frauds. There arose a lively discussion tending somewhat toward a political one, with the republicans voting against the bill.

Today a bill called by its author and supporters "A Bill of Amnesty" passed its final reading but not without a protest from the republican side of the house.

Countre of New Hanover

probably the author and was the chief defender of the bill, which was defended by the democrats purely on political grounds. They tried to slip the bill through without the knowledge of the republican members and it being a caucus measure they came pretty near doing so, but Judge Blythe of Henderson arose and asked for information concerning the nature of the measure upon the second reading of the title.
