-The house committee on education has agreed to report favorably L. L. Smith's bill, "A Bill to be entitled an Act to Carry out the Constitutional Requirements in Regard to Public Schools." The bill is drawn so as to provided for the distribution of an unnamed amount of money to the public schools of each county, which, with

four month's term every year. It's THE MARKETS terms are such that no school that now receives as much as one hundred dollars will draw any money under this act, and that no county which does not go to the limit of the tax allowed by law for the public schools will be benefitted. The bill provides also for the manner in which the amount needed by each county is to be drawn from the state treasury, giving to each school the difference between one hundred dollars and the amount apportioned to such school by the county board. One section provides for the punishment of any county superintendent who misrepresents facts in order to get funds for his county, making such a misdemeanor, the penalty being removal from office with fine or imprisonment in the discretion of the court. Under the act no school with a school census under sixty-five will be benefitted unless the county board and state superintendent so agree, and no other funds for the public schools other than the amount needed to carry out the act can be appropriated out of the state treasury. Poaching Eggs.

Break an egg carefully into a coffee cup and sprinkle it lightly with salt and pepper. Have ready a small stewpan containing some boiling beef tea which has been nicely seasoned. Carefully slip the egg into the pan and poach it in the usual way. When it is done, place it on a rather thick round of buttered toast. Thicken a small quantity of beef tea quickly with a lit-'tle corn flour and pour it over the egg.

Another way of serving a poached egg is as follows: Break a new laid egg into a buttered teacup, season it with salt and pepper and place the cup in a stewpan containing sufficient boiling water to reach rather more than half way up the cup. As soon as the egg is set turn it carefully on to a piece of hot, buttered toast. While the egg is cooking boil a small quantity of cream in a saucepan, season it with a little celery, salt and pepper and add a teaspoonful of chopped parsley to it. Pour the cream over the egg and serve at once.-New York Post.
