The New York is expected to reach Tangier Saturday and convey Gummere to Mazagan. The grand vizier and foreign minister have threatened to move the residence of the sultan if Gummere comes to Morocco City.

LATEST NEWS FROM THE PHILIPPINES

Progress of the Taft Commission Through the Provinces.

Manila, March 18.—General Trias, who recently surrendered, will send an emissary to the lake region to persuade General Cailles to surrender. Two thousand Filipinos at Lapog have taken the oath of allegiance. Residents of Boac, Mindoro, petitioned the Philippine commission, who visited that place last Thursday, to organize a provincial government. Judge Taft promised to establish a government if the province was peaceful on the return of the commission. The commission proceeded to the island of Marinduque Friday. As the result of Major Smith's vigorous policy in dealing with the insurgents of the island of Marinduque there are now only 200 insurgents on the island. They visited Romblon Saturday and established a civil government in that province.

THE IRISHMEN AND THE KING

Redmond's Latest is to Attack Edward's Title.

London, March 18.—In the house of commons today William Redmond, Irish nationalist, gave notice that he would take an early opportunity of informing King Edward that he had no earthly right to use the title of defender of the faith. The argument came up on Mr. Redmond's question as to whether the title would appear on the new coins, and if so, what particular faith was meant. The chancellor of the exchequer, Sir Michael Hicks-Beach, replied that so long as the king's titles remained unaltered they would appear on the coins. Then Mr. Redmond protested and was called to order.

TROOPS OF ALL NATIONS ARE UNDER ARMS

French Military Inclined to Interfere in the Anglo-Russian Dispute—Spats Between British and French That Result in Bloodshed.

London, March 19.—The latest despatches from Tien Tsin say the situation there has undergone no change with regard to the dispute of England and Russia over the railroad siding.

Paris, March 18.—A despatch from Tien Tsin says that the tension is increasing and that a conflict may be expected at any moment. The troops of all nations are under arms. The situation around the station is unchanged, although all is disquieting. It is possible French troops will interfere in the quarrel despite the efforts of the officers to preserve neutrality.

Yesterday afternoon several groups of French troops went to the British concession shouting, "Down with the English." A quarrel resulted and in some cases bloodshed. The French never walk without bayonets. Once three Frenchmen attacked Captain Bogler of the British army and forced him to leave a rickshaw. The captain defended himself with his fists. A party of Sikhs came to his rescue. General Campbell then called on the troops to drive the French from the concession. He placed sentries around the concession and ordered them not to allow the French to enter.

BIG FIRE ATTRIBUTED TO SALOON SMASHERS

Kansas City, March 18.—As the result of the joint smashing crusade, ten residences, two saloons and five stores were burned this morning at Armourdale, Kansas. It was plainly the work of incendiaries who used gasoline to fire Patrick Brown's saloon. A high wind did the rest. Two women were seen hurrying from the neighborhood just previous to the discovery of the fire. The loss is \$40,000.

ENGLISH COMMISSIONERS AT FRENCH CAPITOL

Street Crowds Cheer For Kruger as the Englishman Passed.

Paris, March 18.—The special mission headed by Earl Carrington to formally notify the French government of the death of the queen and the ascension of King Edward to the throne arrived this afternoon. The party was met at the station by a representative of President Loubet and other officials. When they left the station to go to the hotel they were escorted by a detachment of cuirassiers. Among the crowds on the street there was some hooting at the Englishmen and cheers for Kruger and the Boers as the commissioners passed.

HAY AND MORGAN CONFER AS TO ISTHMIAN CANAL

Washington, March 18.—Secretary Hay had a long conference today with Senator Morgan respecting isthmian canal matters and the advisability of reopening negotiations with Great Britain on the subject. The secretary is losing no opportunity of acquainting himself with the views of senators on this subject and the conference today with Senator Morgan is only one of nearly a dozen he has had on the same subject with leading senators and representatives since the adjournment of the fifty-sixth congress.

University Students at Buba Past Nail Crosses to the Walls

Budapest, March 18.—Serious disturbances have occurred here between the university officials and the students in consequence of orders issued by the minister of instruction for the removal of all crosses from the lecture rooms of the university.

In spite of this prohibition when the rooms were opened this morning the professors discovered that the students had gained entrance and nailed crosses to the walls. The officials commenced to remove the religious emblems but were hustled and insulted by the students. Some of the latter, however, supported the officials and violent scenes ensued and the lectures were suspended. The matter will be discussed in parliament.

A CUBAN COMMITTEE REFUSAL

To Accept Concessions to United States Based on the Platt Amendment.

Committee on Relations Rejects Senor Tamayo's Proposal

YET MODERATE ELEMENT IS GAINING GROUND

SEVERAL MORE DELEGATES REPORTED AS NOW FAVORABLE TO YIELDING WHAT CONGRESS HAS DEMANDED.

Havana, March 18.—The committee on relations today considered the proposal offered by Senor Tamayo, which in addition to ceding the Isle of Pines to the United States, accepts the Platt resolution in so far as it relates to sanitary laws and intervention of the United States to preserve law and order, the latter to take place when Cuba requests it in the event of a serious outbreak. The proposal further provides in case of war between the United States and a foreign power Cuba shall grant the United States the use of the island as a base of operations. The proposal was rejected. The opinion prevails that the moderate element has gained considerably. Several more delegates now favor acceptance of the Platt resolution.

THE IMPEACHMENT TRIAL.

Judge Bynum Speaks—Justice Furches Testifies.

Raleigh, N. C., March 18.—Judge Bynum's presentation of the case for the defense occupied the entire morning session of the impeachment court. It was a complete review of all matters leading to this trial, and the argument was able and masterful. Chief Justice Furches was on the stand this afternoon.

Raleigh, N. C., March 18.—After a hard contest this afternoon in the impeachment trial over the admission of certain evidence, the prosecution won a decided victory. The latter introduced a warrant from the State Treasurer's office on which Captain White was paid. When White's accounts in the Auditor's office were presented the prosecution objected the objection and they appealed to the Senate. The point was argued before the Senate by Messrs. Osborne and Bynum for the judges and Messrs. Watson and Guthrie against. On roll call the Senate sustained the Chair's ruling by a vote of 38 to 5, the latter Republicans. The prosecution rested the case.

Mr. Jarvis stated the defense would be content to offer no evidence, but Judges Furches and Douglas desired to submit to a searching cross-examination. Mr. Bynum will make the preliminary speech for the defense on Monday.

In today's decision the prosecution gain this vital point: Evidence not to be restricted to simply the issuance of the mandamus, but the circumstances to be considered. The prosecution may prove not that White's claims were not in shape and could not have been paid legally by the Auditor, but the mandamus deprived him of the constitutional right to pass on the accounts.

Mr. Kenan, on cross examination by Mr. Busbee, said the Supreme Court decision modified and affirmed the court below. He recollected that a preliminary writ of mandamus had been issued in the case of Caldwell vs. Wilson, but he had never before issued a mandamus of the kind. He had never before heard of a dissenting opinion being asked to be filed after a case had been decided at a former term.

THE COAL MINERS WILL SUSPEND WORK.

Hazleton, Pa., March 18.—By unanimous vote the delegates to the United Mine Workers' convention, which has been in session in this city for nearly a week, to-day decided to suspend work at all anthracite mines unless the operators agreed to meet the miners' executive board in joint conference before April 1st. A strike seems inevitable. The operators have steadfastly refused to recognize the miners as a body, and there is not the remotest indication that the operators will pay any attention to the demands made by President Mitchell and other members of the executive board that they meet the miners in joint conference to adjust grievances.
