AGUINALDO CAPTURED

Gen. Funston Gets the Leader of the Philippine Insurrection and Brings Him to Manila.

Manila, March 23.—General Funston, with the assistance of a number of Maccabebe scouts, has captured Aguinaldo in the country near Casiguran, nine miles from Baler, on the northeast coast of the island of Luzon. The rebel leader and his entire staff are now in Manila.

Funston employed a very clever ruse to reach Aguinaldo. His plan worked successfully, with the result that the head and front of the insurrection in the Philippines is now where he will do no harm to American interests.

HOW THE TABLES WERE TURNED

ON THE WILY FILIPINO CHIEF

New York, March 27.—Recent dispatches from Manila told of the departure of Funston on what many believed to be the most hopeless errand, the capture of Aguinaldo. Those who knew Funston well, however, and knew of his exploits in the Philippines, had faith he would accomplish his object. Some months ago a letter was captured by American troops showing beyond peradventure that the rebel leader was hiding in the northeastern part of the island. Funston immediately conceived the bold plan to capture him and this received MacArthur's approval. Two weeks ago he started from Manila with a picked force and a number of native scouts, all of whom were selected for their bravery and extensive knowledge of the country.

Funston's plan was that after he and his party had landed as near as possible

PLEDGE AID TO REVOLUTION

Czar's System of Government Denounced by New York Meeting.

Three Thousand Persons Listen to Speeches Favoring Revolutionary Movement.

New York, March 27.—Fully 3,000 sympathizers with the Russian revolutionary movement met in a hall here tonight and listened for nearly four hours to speeches denouncing the Czar and his system of government. While the audience were not particularly enthusiastic they listened attentively to the speakers and adopted unanimously a pronouncement which condemned the present system of government in Russia and pledged support to the revolutionists. It was urged that the Czar alone was responsible, and at him they should strike.

CONFERENCE WITH MORGAN

Satisfactory to Citizens of the Anthracite Coal Mine Regions.

Senators Hanna and Dewey Also Have a Talk With Morgan.

EFFORT TO EFFECT PEACE WITH MINERS

BOTH SIDES NON-COMMITTAL AS TO THE EXACT UNDERSTANDING ARRIVED AT OR WHETHER THE UNION WILL BE RECOGNIZED.

New York, March 27.—The conference between J. Pierpont Morgan and the delegation of citizens from the Anthracite mining district, headed by Father Phillips, took place this afternoon in Morgan's office. According to Father Phillips the conference was eminently satisfactory. He would not say whether the miners' demand for recognition had been granted.

Just before the arrival of the delegation Senator Dewey had a conference with Morgan. Senator Hanna and his son Daniel were in Morgan's outer office while the conference was going on and before it began Hanna had a talk with Morgan.

The conference lasted twenty minutes and when it was over Morgan refused to say what had been done. Late in the day Phillips stated that Morgan received the committee, cordially and assured it he would do anything in his power to make the committee's mission of peace successful. He added that all were much gratified with the reception.

The delegation of citizens from the Anthracite region, who represented various boards of trade, left for home this evening. Father Phillips remained in New York. Mitchell had several conferences with him today. He refused tonight to say whether the union would be recognized. He leaves for home Friday night.

MOROCCO ESCAPES AGAIN.

The Cruiser New York is Ordered to Manila.

Washington, March 27.—Secretary Long today cabled an order to Admiral Rogers on board the cruiser New York at Tangier to proceed at once with the vessel to Manila. This is an abandonment of the plan to have the New York convey United States Consul General Gummere from Tangier to Mazaragan in the attempt to collect American claims. It is the purpose of the state department to endeavor to adjust these claims and other outstanding issues against Morocco without any show of force and in the ordinary practice of diplomacy.

It is said that the United States consul general, who had conceived that obstacles were purposely placed in the way of his access to the court, has received assurances that the actual reason for the departure of the court from Morocco was to pay a long visit to another section of the country. It was also promised that the court would return within a month or six weeks and would receive Mr. Gummere promptly, thus obviating the necessity on his part for an overland journey to the capital. In this view of the case and the New York being badly needed in the east to take the place of the Newark as a flagship, it was decided to let the vessel proceed at once on her voyage. Mr. Gummere probably will now enter into fresh communication with the Moroccan government to secure another appointment for a meeting.

"Every woman is beautiful at some time of her life."
—Victor Hugo.

Every woman is more beautiful some lights and positions than others. We find the most becoming light and position when we make your portrait. We try to find the most becoming expression (the natural one) but there is here we are dependent upon your health. We use a pencil which work wonders in straightening irregular features and rounding thin bosoms. Our pictures for 1901 will be better than ever before.

If we do not make your portrait beautiful it will because it was taken at the wrong "time of life."

DANISH WEST INDIE'S FOR FOUR MILLIONS

London, March 23.—A Copenhagen despatch states that Denmark has informed the United States that she will sell the Danish West Indies for four million dollars, provided the inhabitants be allowed to choose whether they remain Danish or be transferred to the United States. It is further stipulated that in the event they vote to be transferred they shall immediately become citizens and the products of the island be admitted to the United States free.

RUSSIAN STUDENTS FORCED INTO THE ARMY

One Put to Death Because of Insubordination.

Berlin, March 27.—The Vorwarts publishes "inside news" from Russia to the effect that the number of students enrolled in the army is still increasing and now exceeds two thousand.

According to the same authority an ex-student named Piratoff, who was enrolled, was executed March 22 in Kief because of insubordination and two former students, Rybakoff and Lanzentink, will be tried for a similar offense.

The Tageblatt's St. Petersburg correspondent says the recall of Count Muravieff-Amoursky, Russian military attaché at Paris, has been ordered and that the Russian ambassador to France, Prince Ourousoff, will probably soon be recalled.

FAILED TO CATCH GENERAL DELAREY

Twenty-Two Dead Boers Were Left on the Field in Sunday's Fight.

London, March 23.—Kitchener in a despatch to the war office dated March 27 reports that the British casualties in the recent action between General Babington's command and the Boers were two killed and seven wounded. The Boers left 22 dead on the field.

Kitchener describes the fight which occurred on Saturday and Sunday as a running one and says it became a rout. Pursuit was continued until the British horses were exhausted. The Boers were commanded by Delarey and numbered fifteen hundred.

AGONIZING TRAIL OF THE BLIZZARD IN COLORADO AND NEBRASKA.

Denver, March 27.—Thousands of dead cattle, sheep and horses strewn the plains of western Nebraska and eastern Colorado as a result of the blizzard. In hundreds of small ravines and dry beds of creeks the animals crawled to be covered with drifting snow while other countless numbers struggled against the blizzard to reach shelter, but perished on the ridges. Incoming passengers over the Burlington and Union Pacific say that in every gully are seen the carcasses of animals and that the bodies are scattered over the plains in every direction.

ANOTHER HEAVY SNOW STORM IN COLORADO

Denver, Col., March 27.—Another heavy snow storm began early this morning. By 9 o'clock six inches of snow had fallen and it is still snowing.

Reports come from eastern Colorado town today indicate that stock losses resulting from the blizzard of Sunday and Monday will not exceed three per cent.
