WILL AGUINALDO PROCLAIM THE ENDING OF THE WAR?

Confers With Former Insurgent Generals in His Prison at Malacanang

They Explain to Him the Hopeless of the Insurgent Cause.

Four Natives Hanged at Manila for the Murder of an American.

Manila, March 29.—Aguinaldo is kept a close prisoner at Malacanang. Newspaper correspondents are not permitted to see him. He had a conference today with ex-Insurgent Leaders Trias, Villa and Barcelona. Trias wishes to induce him to accept American supremacy, but Aguinaldo's attitude is not known. While Aguinaldo was being brought here by his captors on the gunboat Vicksburg he said that in June, 1899, he, together with a number of his officers, swore to prosecute the war as long as they lived. He considered this oath inviolable, and he intended to live up to it. Later he declared he had desired peace from the outbreak of hostilities and if he was convinced that a majority of his followers desired a cessation of the war he would use every means in his power to accomplish this end.

These two statements are characteristic of the shifty nature of the Filipino leader.

In a further conversation on the gunboat Aguinaldo said he had never been in a single battle. He admitted he ordered the assassination of General Luna, because the security of the Filipino cause demanded it.

It is reported that a Spaniard, named Segovia, an ex-insurgent, who gave valuable assistance to the expedition which captured Aguinaldo will be recommended for a commission as an officer of native troops. The other three ex-insurgent officers who participated in the expedition received heavy money rewards.

The expedition learned at Palanan that a hundred riflemen composed the entire rebel force in the province of Isabela.

Twelve thousand natives at San Vicente and 700 at Namacpacan have taken the oath of allegiance to the United States. Colonel Gutierrez and twenty-two other officers have surrendered to Col. Thompson of the Fourteenth infantry and sworn allegiance.

Manila, March 29.—Aguinaldo today conferred in the Tagalog language at the Malacanang palace with several former members of his cabinet, and other prominent Filipinos whom he has asked to see. They explain to him the hopelessness of the insurgent cause and advised him to use his influence to establish peace and for the recognition of American sovereignty. The result of the conference is yet unknown.

The first execution in Manila under American rule took place at Fort Macate, where five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the waterworks. The motive for the murder was robbery.

Twelve thousand Filipinos have taken the oath of allegiance to the United States at San Vicente, South Ilocos province.

FUNSTON REWARDED.

Harrisburg, Pa., March 29.—The lower house of the state legislature today adopted a resolution requesting the president of the United States to "reward General Funston in a manner that will fully recognize his great and meritorious services," in capturing Aguinaldo.

Washington, March 29.—Another important despatch was received at the war department today from Gen. MacArthur at Manila, dated today. It did not refer to Aguinaldo or Funston, but in the opinion of the war department officials it went far to support the prediction made by Gen. MacArthur in yesterday's despatch relating to those two leaders to the effect that the end of the rebellion is near at hand. This despatch chronicles the surrender of a considerable additional number of rebels and military arms and the important feature of it is that the surrender

marks the complete stamping out of the insurrection in the island of Mindanao, which is next to Luzon, the largest island in the Philippine group. The dispatch is as follows:

Manila, March 29.—Brigadier-General William A. Kobbé reports surrender of Sumitran, Mindanao, nine officers, 180 men, 137 rifles, 83 shotguns, Capistrano's command. This ends trouble in Mindanao as far as Filipinos concerned. Brig-Gen. Robert P. Hughes reports Alkapali and Ruiz, 34 guns, surrendered to Captain David G. Shaeks, Eighteenth United States Infantry at Mamburao, 206 guns Fallon's command surrendered to Lieut.-Col. Scott, Forty-fourth U. S. volunteers. MacARTHUR.

F ENGLISH DEED OF A FATHER.

Killed His Three Daughters and Stabbed Himself to Death.

Devil's Lake, S. D. March 29.—Emil Segerlin, a farmer residing near here, killed his three children and stabbed himself to death today. Segerlin went to his barn this morning accompanied by his daughters Della and Lilly, aged seven and five. As he did not go home to dinner his eldest daughter, Esther, was sent to call him. It is thought before she reached the barn her father had killed Della and Lilly and immediately killed her. Esther evidently made a stout resistance. She was horribly mutilated.

All three were killed with a knife. Segerlin was confined in an insane asylum some years ago but was discharged as cured. His wife is an invalid.

MURDERER OF FOUR HANG'D

SIGNIFICANT JAPANESE MILITARY PREPARATIONS

Force in China and Korea to be Changed and Strengthened.

Tokio, March 29.—The newspapers here say it is proposed to relieve the Japanese troops in the Chinese province of Pe Chi Li by a force fifty per cent stronger.

Although May is the usual month in which the relief of the force at Seoul takes place, the relief of the troops there will take place immediately. Three officers of the headquarters staff will also proceed to Korea. This movement with the unusual activity at the arsenal is taken to point to the adoption of a strong policy by Japan.

MAC ARTHUR SENDS THE NEWS

Washington, March 29.—The following cablegram was received at the navy department this morning from Admiral Remy:

"MacArthur telegraphs: 'Thanks to the splendid co-operation of the Vicksburg, I have Aguinaldo securely in my possession' at Malacanang. General Funston is loud in his praise of everything the navy did. The entire army join in thanks to yourself and men." Secretary Long replied to Admiral Remy as follows:

"Inform MacArthur that I highly appreciate his and Funston's generous praise of the navy and congratulate them heartily."

The Kansas congressional delegation has decided to ask the president to appoint Funston brigadier general in the regular army as a reward for his daring capture of Aguinaldo. This afternoon Senator Burton and Representatives Long and Curtis, the only members of the delegation in the city, called upon the president for this purpose.

The members of the delegation do not consider that a brigadier generalship would be too great a reward for General Funston's exploit and point to MacArthur's recommendation that he be appointed to that grade as a complete demonstration of the service he has rendered the government.

MINERS WILL NOT STRIKE

Decision Reached Last Night at the Conference in Wilkesbarre.

Operators Promise Future Recognition of the Union if Order is Maintained.

GREAT REJOICING IN COAL REGIONS

MITCHELL, WHO FORCED THE DECISION NOT TO STRIKE, THE HERO OF THE HOUR AMONG THE MINERS.

Wilkesbarre, March 29.—The United mine workers executive committee decided tonight, after an all day session, not to call a strike. This was set forth in a lengthy report issued late tonight. This report showed that the union was not granted direct recognition but that the operators offered to recognize it at some further time, providing the union in meantime demonstrate its ability to control the mine and prevent strikes and disturbances since the ending of the big strike.

The operators also repeated their offer to continue the present scale and meet committees of their own employees at each colliery and adjust with them any grievances they have.

This is believed by the committee to be the best offer the union can now obtain and they declare it is to the best interest of the miners to accept it.

This decision was not reached without a fight. Several members favored a strike, but Mitchell assisted by President Nichols of this district succeeded in whipping the delegates into line.

The decision was awaited by a crowd that thronged the street in front of the rooms of the central labor union where

POSSIBILITIES OF WAR FREELY TALKED IN JAPAN

Emperor and Senior Generals in Constant Conference—Tension Severe.

London, March 29.—A despatch from Yokohama reports there is great tension in official circles there. The foreign office is open day and night. There are frequent conferences between the senior generals which are attended by

the Emperor, who is anxious to know the exact conditions of the military and naval services. Three staff officers have been sent to Korea to investigate the situation there. The possibilities of war are freely discussed.

ANOTHER FILIPINO GENERAL SURRENDERS

Geronimo Lays Down His Arms at San Mateo.

Manila, March 29.—The rebel leader Geronimo, commanding the Morong district, mentioned as the possible successor of Aguinaldo, surrendered unconditionally yesterday with six staff officers and forty-six riflemen, to Col. Thompson at San Mateo.

McLain, Ill., March 29.—In a collision between two Chicago & Alton passenger trains Engineer Templeton of Bloomington was instantly killed. The passengers and other trainmen escaped with a severe shaking up. Both engines were partially demolished and travel was destroyed about three hours.

A CONSPIRACY IN COREA.

St. Petersburg, March 29.—News reached here today from Seoul, Corea, that the Korean minister of justice and officers connected with the interior, and General Tschuselman have been banished, owing to the discovery of a conspiracy to throw a bomb into the Russian embassy. Their object, it is said, was to bring foreign troops to Corea and establish a new ministry.

VON VERDER'S MISSION

London, March 29.—General Von Verdner, who left Berlin February 23, charged by Emperor William with a special mission to Emperor Nicholas, has returned and made a full report to the Kaiser of the result of the mission.

In a dispatch from Berlin at the time of General Von Verdner's departure for the Russian capital, it was asserted that Emperor William had instructed him to the effect that, if in the course of his stay at St. Petersburg, his conversation with the Czar should turn that way, he might explain the actual state of Anglo-German relations and the motives of Emperor William for his conduct during his recent visit to England.

MANCHESTER'S BANKRUPTCY.

London, March 29.—The Duke of Manchester appeared in bankruptcy court today and was again adjourned to May 20. It was represented that Zimmerman, the Duke's father-in-law, had just arrived in England and was investigating the debtor's affairs, and that therefore it might be for the benefit of creditors to adjourn the case until the examination is completed.

Miss Portia Knight's statement of her claim in the breach of promise action brought on by her against the duke is approaching completion. It is understood that heavy damages will be demanded.

The Duke of Manchester has entered an appearance in the action, so he evidently intends to fight it.

CALEB POWERS TALKS.

Frankfort, Ky., March 29.—Ex-Secretary of State Caleb Powers, after carefully reading the decision of the court of appeals granting him and Howard new trials, dictated an interview in which he said he believes he will be acquitted on the next trial. He suggests co-operation between prosecution and defense in searching out the murderer of Goebel, and says while he does not think it incumbent on the republican party to discover and punish the murderer he thinks the party will suffer as long as the murderer is undiscovered.

Jim Howard had little to say further than that he felt very much relieved, notwithstanding he had perfect confidence that the decision would be for a new trial.

Every woman is more beautiful some lights and positions than others. We find the most becoming light and position when we make your portrait. We try to fit the most becoming expression (the natural one) but there is here we are dependent upon your help. We have a pencil which in a work wonders in straightening irregular features and rounding thin bosoms. Our pictures for 1901 will be better than ever before.

THE TURKISH SULTAN'S FEAR OF ANARCHISTS

Causes Him to Take Extraordinary Precautions at His Palace

Constantinople, March 29.—Owing to apprehensions of attempts by anarchists upon the life of the sultan, his majesty intends to completely exclude tourists from the precincts of the Yildiz kiosk. As a step in this direction he has ordered the demolition of the pavilion erected at the grand gate of the palace grounds for the accommodation of tourists hitherto permitted to attend the sultan.
