INCIDENT CONNECTED WITH AGUINALDO'S CAPTURE.

Gen. Funston, who planned and carried out the capture of the insurgent leader, is truly a daring and courageous man, and deserves to be recognized by the government at Washington. Gen. Funston, while on his way to the interior of the island, took some supplies with him, consisting of corn, beans, baking powder, flour, also rice. The natives were amused at the general making up biscuits, and when they saw him put a little Rumford baking powder in his flour, they were amazed at the batch of flour rising so rapidly after the biscuits were done. The general had his back turned and the natives stole a lot of them; said they were the finest they had ever tasted. They gave Aguinaldo one of them. He was so delighted that he said: "Gen. Funston, if you will give me biscuit made with Rumford I will go with you to the ends of the earth."

## CHINESE RULER SENDS PROTEST TO RUSSIA

### Asks the Czar to Withdraw From Manchuria and Declares the Proposed Treaty Does Not Recognize China's Sovereignty.

Pekin, April 1.—The emperor, replying to a note from the czar regarding the modified Manchurian treaty, says the treaty is inconsistent with China's complete sovereignty, although the czar previously wrote the emperor he desired to present no obstacles to China's sovereignty and declared that the Chinese administration would be restored in every respect to conditions prevailing prior to the Russian occupation of Manchuria.

The emperor declares that under provisions of the treaty the Chinese administration is not restored to the status quo. He further says that if the Chinese sovereignty in Manchuria is lost other powers will be prompted to take action similar to Russia and the integrity of China will be no longer maintained. The emperor sees the czar to restore Manchuria and act with benevolence and righteousness to prevent calamities befalling the empire, and thus win the gratitude of the emperor and his people.

### WILL REFUSE TO RATIFY.

New York, April 1.—A despatch from London to the Tribune says: Despatches from Shanghai report that an imperial edict will be issued announcing the decision of the Chinese court to refuse ratification of the Manchuria agreement.

## RUSSIAN ULTIMATUM SENT TO CHINA

### Emperor Must Sign Treaty or Take the Consequences.

Washington, April 1.—Information has reached here to the effect that the Russian government, being seriously perturbed by the course of China in not signing the Manchurian agreement, largely because of the protest made by the several powers, has conveyed a distinct and unmistakable indication to China that if this course is persisted in, there may be an interruption of diplomatic relations between Russia and China, and a termination of the present intercourse between them. This is a little short of an ultimatum that China must sign or take the consequence of a termination of her friendly relations with Russia.

To what extent the United States will take cognizance of Russia's disposition to enforce the signing of the agreement has not yet been made apparent. It appears to be the policy of the Chinese authorities to consider this as a subject which concerns the powers quite as much as it does China. The matter has become further complicated by reports reaching Washington that the Chinese authorities themselves are divided on the course to be pursued, some of the most influential, including Li Hung Chang, urging that acquiescence be given to the Russian proposals, while others insist on rejecting the agreement. The attitude of Li Hung Chang is accounted for by his well known friendliness for Russian interests. In this case, however, there appears to be arrayed against him the strong influence of the southern vice-roy, Chan Chi Tung and Lia Kun Yi, who oppose the signing of the treaty. His reports reached here this morning showed that the agreement had not yet been signed.

The time within which it was to be signed expired last Thursday, but on that day Yang Yu, the Chinese minister at St. Petersburg, fell in the legation and hurt his head, so that he was unable to transact business. This misfortune has caused much amusement here and some irritation in certain quarters as it has been recognized as a most timely means of avoiding a direct issue on the subject. It is not clear to what extent the Russian intimation has gone, but in any event it gives an urgency to China's course which has not been presented thus far.

### A HOT CONTEST IN EVANSVILLE RESULTS IN REPUBLICAN SUCCESS—HOW THE BALLOTS FELL IN OTHER TOWNS.

Cleveland, April 1.—Tom Johnson, single tax millionaire, was elected mayor today by a plurality of about 5,000. At ten o'clock 70 precincts out of a total of 182 gave him a gain of eight precincts. Republicans concede his plurality by 4,000.

The remainder of the republican ticket was elected with the probable exceptions of three democratic councilmen. Johnson's victory is attributed in part to the three cent street car fare issue, which was one of the strongest of his campaign.

Columbus, April 1.—Jno. N. Hinkle, democrat, defeated Henry C. Taylor, republican, for mayor today by a plurality of 386. Hinkle made his campaign issue municipal ownership of public utilities.

## EARTHQUAKE SHOOK THE SULTAN'S THRONE

Constantinople, April 1.—Yesterdays earthquake was felt in the Dolmabahatche palace at the moment of the Bairen ceremony when the high officials were passing before the sultan's throne. A panic resulted particularly among the diplomats in the gallery, many of whom immediately left the palace. The band ceased playing and the musicians rushed to the doors. Pieces of plaster fell from the ceiling

and portions of the chandeliers were broken adding to general alarm. The sultan rose from his throne and took a few steps, apparently intending to leave the chamber, but he preserved great calmness and presence of mind, which had a good effect. After a moment's hesitation his majesty reseated himself upon the throne and ordered the ceremony to proceed. A reception followed without further incident.

New York, March 30.—Roland Reed, the actor, died in this city today.

Mr. Reed died at the home of his mother-in-law, Mrs. Rush. At his bedside there were his daughter, Miss Florence Reed, and Mrs. Rush. His wife was in Philadelphia, but on receipt of a telegram she started at once for this city. The actor's death was caused by cancer of the stomach, from which cause he has been suffering for some time and for the amelioration of which he had submitted to several operations. The actor for the past twenty-four hours was in a state of coma. His death was peaceful.

No arrangements have been made for the funeral, but it was said it would be left to the actors' fund to arrange.

## ACTOR BARRYMORE'S CONDITION

New York, March 30.—Maurice Barrymore, the actor, who was taken to the insane pavilion at Bellevue Hospital yesterday, passed a restless night. He awakened early this morning, but would not talk to any one. Barrymore constantly muttered and started at once for the State hospital, and one in a while would ask for pen and ink, saying he wished to write to his daughter, Ethel, who was detained from him.

Dr. Schultze, medical inspector of the charities department, and in charge of the insane pavilion, said today he had visited Barrymore and found him able to converse rationally. He said the patient was resting very well and doing nicely. Barrymore had asked for pen, ink and paper. Dr. Schultze said, and has already covered several sheets of foolscap in laying out the plot for a new play. He conversed freely and he wrote rapidly, and kept those of the patients whose minds were sufficiently lucid in an uproar of laughter over his wit. Dr. Schultze said no one would be permitted to see the patient except his relatives. He did not think Barrymore would have to go to the State hospital, as his relatives could make arrangements for placing him in a private institution should it become necessary.
