The Very Unusual Way.

"I understand you whipped my boy this morning," the angry father said, striding into the schoolroom after the children had been dismissed. "Yes, sir, I did," the terrified teacher answered. "But I did not whip him severely." "That's what I'm kicking about," he rejoined. "You didn't hurt him at all. Now, look here, sir, I'm one of the largest taxpayers in this school district, and my boy is entitled to as good a whipping as you give any other boy. Understand that. If you slight him again, you'll hear from me in a way you won't like. Good afternoon, sir."—Chicago Tribune.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets imperfectly closed, the result is, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by H. J. Catarrh Cure. Sent for circulars, free.
