THE MARKETS

Yesterday's Quotations or the New York Exchanges Chicago Grain Market

STOCKS STRONG

AND ANIMATED

Higest, Lowest and Closing Prices for Active Stocks otton Market Point.

The following were the ruling quotations in the exchange today; By private wire to Murphy & Co.

New York, May 17.-The London market showed material advances in contrast with yesterday's final prices of local market. The most noted advances were shown in St. Paul, Union Pacific, New York Central, Louisville & Nashville and Southern Railway shares. Eirie common, which was one of the active features of the market did not respond to the advance appearing in that stock in the London market, but was firm around yesterday's final level. There were also active dealings among the lower priced stocks in Chesapeake and Ohio, the Wabash issues, Ontario and Western, N. & W., the last named being notably strong. The United States Steel stocks 'furnished the bulk of the dealing in the Industrial quarter and were exceedingly firm. American Sugar was strong and more active than for some time and

spaceo shares continued firm on com-- ratively light dealings. Among the a cialties Amalgamated Copper after opening at a material advance became reactionary while International Power scored a further material advance. Evidences of increased interest in the Anthracite stocks appeared and were chiefly expressed in Ontario & Western and the Erie shares. Little was done among the local traction shares.

COTTON. New York, May 17.-In the cotton market this morning every thing centered on the rain reports and those from the Southwest to which they were mainly confined. Albine had a two in a new booklet with a large map, inch rain and there was more or less which will be mailed to any address rain at Paris, Ledbetter and Wiermar, upon receipt of six cents in postage by headache. Texas, also at Memphis, Little Rock, Fort Smith and Oklahoma. All of this had a depressing effect upon the market and broke prices 5 to 10 points. New

Orleans was quite active in trying to create bearish sentiment claiming that drought was all over and that splendid TELEGRAPH results would follow. It was quite natural that prices should have eased off, and it is surprising that the loss was not more serious. The mills are to a great extent playing a bluff carrying very light supplies and the world must have cotton later on regardless of the extent of the crop. In fact the conservative element in the trade are leaning to the bull side believing that the dull spell has been unduly extended and look for a bull campaign in the course of time. Liverpool also made a poor showing on rain advices, the effect there being a decline of 1 to 2 points. Receipts at the ports were 7,-000 against 6,000 last year. More or less talk of possible of manipulation in July s heard. A repetition of the January squeeze. is feared. Indications were or more rain in east Texas.

New York, May 17 .- Wheat was active and strong. Orders were in round lots rather than in small and prices advanced readily on the buying. The demand was based to a considerable extent on the cables which were strong and higher and there was quits good foreign buying, the continent a veloping considerable interest during the morning. The advance in the cables was accompanied by reports of needed rains in South Russia, although German reports were somewhat better There was a better speculative trade reported on the other side with a good demand for cargoes. Argentine exports were small and there was a derease of 620,000 in the Argentine visi-

ble. The weather was more favo: 15' in the Southwest, with more cama. Receipts were light and Duluth estimain: a decrease of 1% million which, wever will reappear on Lakes. Chiirm in the afternoon for futures. Cash wheat was dull. The close was steady.

ported clique buying, but May was pieces of prayer book and a dime. lower although fairly active. The rain was beneficial, but receipts were small and at Chicago only 82 cars graded contract, out of 349 received. Argentine cables report the maize quality excellent. Exports surplus 68,000 bushels. Corn was weak and lower with Chicago May very weak. Phillips reported filling all demands. Predicted showers in the central west caused some sell-

ing. The close was easy. Provisions was quiet and steady.

OREGON, WASHINGTON AND IDAHO

are the states to which a large immigration is now directed. You should take advantage of the opportunities and the greatly reduced rates. This country fully and accurately described W. B. Kniskern, 22 Fifth avenue, Chicago.

How Are Your Kidneys ? Dr. Hobbs' Sparagus Pills cure all kidney ills. Samble free. Add. Sterling Remedy Co., Chicago or N. Y.

dat ia ebem evolo à Woman's Horror Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardul cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of feucorrhota stopped and the fallen womb restored to its place. The terrible pains which sack the body are but results of the aliments, which yield so readily to the soothing properties of Wine of Cardul. The medicine that cured Miss Garlen will certainly help you. I have suffered from womb fromble for five years. Last spring a year ago I was bedfast for six months, if paid son the could for me. I had had dene all he could for me. I had had dene all he could for me. I had said! I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get nine days after I commenced taking Wine of Cardul and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health. **For advice in cases requiring special directions, address, gring symptoms, includes a directions, address, the indies Advisory Department."

ious Towns of State.

Monroe is to have a public library in is new graded school building. The nucleus of a library has already been gathered by its citizens. The schools there are to be greatly improved .- Raleigh Times.

MIC CARCAL BAG. There will soon be three Lees in the United States army. Fitzhugh Lee is a general, his son graduated at West Point, and is a lieutenant, and another son is soon to wear the shoulder-straps. The family will occupy in the army somewhat the position it did previous to the war between the states.-Raleigh Times.

Mr. Pate Fulford, or Deave dam township, was building a tobacco barn, and Saturday evening while he was on top of the barn putting on the finishing touches the building collapsed. Mr. Fulford escaped with only a few bruises. He is the same man who last year lost three berns in three successive days by fire.-Greenville Reflector.

J. 1.. Sheek has a nsn turm near Smith Grove. Last week some of the Smith Grove fishermen caught a carp in Cedar creek which weighed 181/2 pounds. It is said that the fish was as large around the girth as Frank Naylor. His bonanza fish farm can be cago May was quite strong and large bought at a reasonable price. Call on shi ments of contract wheat continue the High Sheriff of Davie county for from that point. Wheat was dull but price and particulars .- Davie Record.

The corner stone of the : "rned Epis-CORN-Trade was fairly active and /copal church wes examined this mornprices were strong on July with re- ing and all that was found was a few When the corner stone was laid a short history of the church, some other papers and a prayer book were placed therein. It is supposed that a night or two after it was laid that some thief removed the brick and robbed the stone in the hope of finding valuables.-Kingston Free Press.

> A Lincolnton butcher went foraging Monday and secured a cow and a sheep. The cow took the "studs" and wouldn't walk. Securing assistance the butcher tied her and put her in his High Low Close wagon with the sheep. All went well then, until the procession started up the hill at the west end of Main street after dark. When about half way up, on the fill, the horse balked and backed off. Wagon, horse, cow and sheep all went over in a heap, into a five-foot ditch; and such a time.-Lincoln Jour-

C. E. Egan, manager of the Durham Telephone Manufacturing company, has on exhibition at Matthews' drug store, one of his latest inventions. It is a pay station telephone. It is one of the "most unique" things of this age of utilities and inventions. You drap a nickel in the slot and then you can get Central for the number you wan; but not before. If you get your message through all right the nickel goes into a receptacle to pay for it. If you do not get a message, you can get your nickel May-June 4 14 4 12 back by pressing a button—but not un-June-July 4 15 4 13 til Central is notified that you have 4 13 not been served, and a button pressed Aug-September 4 12 4 09 in the Central office. It is new, com-3 57 to the inventive benius of Mr. Egan .-Durham Sun.
