TILLMAN WRITES TO M'SWEENEY

Uprbids the Governor for Refusing to Accept the Resignations.

Won't Withdraw His and Says McSweeney Exceeded His Authority.

THINKS PEOPLE WANT A SUMMER CAMPAIGN

TILLMAN REFERS TO THE RECENT DECISION OF THE SUPREME COURT AS A "DAMNABLE DOCTRINE"—MCSWEENEY EXPECTED TILLMAN TO "PAW AROUND."

Columbia, S. C., June 1.—Tillman declines to withdraw his resignation. In a letter he holds that the governor exceeded his authority. He says he cannot compel a senator to retain his office if he chooses to surrender it. He declares he is firmly convinced of the wisdom of his course and says it seems strange the governor, just returned from the unveiling of a monument reared to the memory of heroic soldiers who lost their lives in defense of principles, should be oblivious to the principles involved in the contest precipitated by the resignations. He characterizes as remarkable the governor's request that the senators consider, when he (the governor) reported he was ready to appoint two senators in "two minutes and a half" after receiving an immediate resignation. He says the ease with which the governor thinks he can fill the office of senator reflects on the governor's conception of the office. Tillman continues:

"Our race has ever thought war preferable to dishonor and unless I am much deceived the majority of the people of South Carolina will be glad to punish treachery. What you consider a calamity will be hailed by thousands as an opportunity to get rid of a traitor who now disgraces the commonwealth."

Tillman says he is aware of the strong opposition to a campaign in an off year, but unthinking citizens don't realize its importance. He declares the incoming congress marks an era in the history of the republic and patriots who will then aid there to inaugurate the struggle for the restoration of the old land marks and the preservation of free institutions need every vote. Tillman says the recent promulgation of the supreme court of the "damnable doctrine" that territories can be acquired and people taxed without representation must be met and exposed and plans laid for a battle to the death. The governor's action, he declares, gives McLaurin a loop hole of escape and the blame must rest where it belongs. He closes by declining to withdraw his resignation for the present. Governor McSweeney said today with regard to Tillman's letter, that he expected Tillman to "paw" around con-

WOMAN SUFFRAGISTS AND FEDERATION OF LABOR

Latter's Officials to Sign 16th Amendment Petition.

Minneapolis, June 1.—At the session of the National American Woman Suffrage association today, Susan B. Anthony, chairman of the committee on resolutions, reported that she had addressed the American Federation of Labor and secured authorization for its president and secretary to sign a sixteenth amendment petition. Petitions and letters had been sent to a long list of conventions of various national organizations. Half of the states of the union were on the program for reports of state presidents. Annie R. Wood, for California, reported an increased membership. Susan R. Ashbey, of Colorado, reported that as large a per cent of the registered women voters in that cast their votes as of the men.

Elizabeth Boynton Barnett, of Illinois, reported an important victory in the passage of the bill securing the mothers equal rights with fathers in the guardianship of minors.

FAVORABLE BULLETIN REGARDING MRS. M'KINLEY

Washington, June 1.—Secretary Cortelyou at 11 o'clock this morning gave the following bulletin:

"Mrs. McKinley's physicians report that she rested well during the night and that her condition is somewhat more favorable this morning."

The president appeared to be encouraged over the night's improvement shown and this morning took a stroll through the white house grounds in company with Gen. Gillespie, chief of engineers.

A number of senators and representatives, including Chief Justice Fuller, Senators Foraker and Lodge; Representatives Boutelle, of Illinois; Livingston and Adlamson, of Georgia, called. The president saw the chief justice and senators for a few minutes but excused himself to the representatives. During the morning Secretary Root was with the president for almost an hour. The impression is that they were talking over the text of the message to be sent to Gov.-Gen. Wood, regarding the government's decision not to accept the action of the Cuban constitutional convention.

ENTERTAINED BY KING EDWARD VII.

Windsor, Eng., June 1.—The visiting members of the New York Chamber of Commerce were favored with delightful weather this afternoon for their visit to King Edward and the royal demesne. On their arrival at Windsor they were met by carriages in which they were driven to Frogmore, where Lord Edward Pelham-Clinton, master of the household, took charge of the party and showed them the tomb of Queen Victoria and the adjacent sights offered. Thence the visitors proceeded to St. George's chapel, where the dean of Windsor conducted them over the historic building. The delegates were taken to the east terrace where they were received by the king and queen. Refreshments were served in the Orangery.

AMERICANS WILL CONTROL

No Withdrawal from Cuba Until Stable Government is Secured.

Doubt if Convention will Change Its Form of Accepting Platt Amendment.

NICARAGUA CANAL TREATY CONFERENCE

PAUNCECOTE TO SAIL FOR ENGLAND JUNE 5 (AND WILL SOUND HIS GOVERNMENT ON ITS WILLINGNESS TO ACCEPT OUR PROPOSALS.

Washington, June 1.—It can be stated on official authority that the government will continue to control Cuban affairs until the Platt amendment is incorporated in the Cuban constitution without alteration. Even after the convention notifies this government of its unqualified acceptance of the amendment there will be no withdrawal of American control of the island until a stable government is established.

It is the opinion of the administration that there is already too much trifling with the subject by the Cuban convention. The convention will be informed of the administration's views but no formal document will be submitted to it.

A telegram has been sent to Gen. Wood asking when the convention will reassemble. The British ambassador and Hay held a protracted conference today regarding the canal treaty. It was admitted after the conference that tentative negotiations for a new convention had been initiated.

Pauncecote sails for England June 5. He has been fully acquainted with the position of this government on the canal question and understands the restrictions under which the administration has been placed by the attitude of the senate in insisting that the United States should have the right to take such measures as it deems necessary to protect the canal.

Pauncecote on his return will be prepared to state whether England is willing to make the concessions necessary to secure the ratification of the treaty.

Havana, June 1.—Inquiry shows that there is no probability that the convention would make further changes in the form in which the acceptance of the Platt amendment was couched. Opinion is pronounced that such an attempt would disrupt the conservative forces, which succeeded in having the Platt amendment interpreted and adopted and would place the radicals in full control of the situation. Most of the delegates who voted for acceptance say that the subject is concluded and the only thing left for the convention now is to frame an electoral law, or else to be dissolved by military authority and the statu quo remain unchanged. They do not anticipate the latter alternative.

UNIVERSITY ALUMNI OF BUNCOMBE COUNTY

Meeting of the Association was Held Last Evening.

A meeting of the Buncombe County Alumni Association of the University of North Carolina was held in the old library building last night.

After remarks made by members urging co-operation in some concerted movement in the interest of the University and towards the completion of the alumni hall, a resolution was adopted to the effect that the association appoint a committee to arrange for an annual meeting of the association in the interest of the University.

EXHIBITION BY THE ACADEMY OF ART

It will be Held in the Old Library Building, Beginning June 12.

The Academy of Fine Arts established three months under directions of Clarence A. Worrall has had a phenomenal growth. The number enrolled thus far has reached the hundred mark and many more are still expected to join the classes. This popularity is undoubtedly due to the management and success of the director, Mr. Worrall. Such has been the advancement made in this short time that it has been decided to give an exhibition of work done June 12 to 15.

It is set forth in the charter of this school the idea aimed at is to so popularize art as to interest all the people of the city—to interest the children through their teachers and all others who have art inclination.

The exhibition proposed will bring the people in closer touch with the school and its work by showing what has been done under great difficulties with raw material. The results thus far attained are beyond the most sanguine expectations of the directors.

The exhibition will open in the old library building on June 12 with a tea. The committee having the refreshments in charge is composed of the following ladies: Mrs. Dr. Jordan, Mrs. Blood, Miss Rita Reese and Mrs. A. M. Field. The committee on Arrangement and Decoration is as follows: Miss Esther Martin, Miss Polhemus, Miss Barker, Miss McLoud, Mrs. Lawrence McLoud, and Mr. Worrall.

BODY OF A MURDERED WOMAN DISCOVERED

Holton, Kan., June 1.—This town is in a terrible ferment today over the discovery of the dead body of Mrs. W. H. Kleumire, found buried in a shallow trench less than a hundred yards from her home, one mile north of Holton. She had evidently been murdered. The head had been crushed in as it with a club while the family were away from home. When they returned their father told them their mother had gone to Texas on a visit. Later Kleumire left for Texas. Yesterday the children received a telegram from him that their mother had died in Texas of yellow fever and he had buried her. It is believed Kleumire committed the murder.

CITY OR COUNTY?

Police Court will Collect "Penalties" Instead of "Fines"—Former is Civil Proceedings.

The city clerk was yesterday morning ordered to make two entries in each case in the police court, one for a criminal process and one in a civil process.

This is done in order to save to the city a part of the proceeds of the court, which are demanded by the county board of education, which demand is sustained by the supreme court. The school authorities are disposed to look upon this procedure as a "pettifogging peccadillo." Some of the city authorities say that if the police department is to pay nothing at all towards its own support, the city might as well be turned over to the county authorities at once.

BRYAN SEES IT NOW FOR SURE

Says Supreme Court Has Made President McKinley Emperor.

The Awful Announcement Amply Displayed in the Commoner.

CONSTITUTION HAS NOW BEEN REPUDIATED

ALSO THE DECLARATION OF INDEPENDENCE, BUT THERE YET REMAINS AN APPEAL TO THE PEOPLE OF THE EMPIRE.

Lincoln, June 1.—Bryan's Commoner in its next issue will style President McKinley, in type reaching across the entire front page, "Emperor McKinley." In an editorial Bryan says the supreme court "has declared McKinley emperor of Porto Rico" and he, according to the press dispatches, has gratefully adopted the title and authority thus conferred. This, Bryan says, is one of the most important decisions ever rendered. It not only declares congress greater than the constitution which created it but it denies the necessity for a written constitution. The decision, in effect, declares the people are not the source of power, defends taxation without representation, and denies that the government derives its power from the consent of the governed. He charges that the supreme court has joined with the president and (Continued on the fifth page.)
