THE MARKETS BY TELEGRAPH

Yesterday's Quotations on the New York Exchanges Chicago Grain Market

STEEL ISSUES STRONG AND ACTIVE

Highest, Lowest and Closing Prices for Active Stocks Cotton Market Point.

New York, June 5.—Decidedly irregular tendencies characterized the stock market this morning in the early realignings. For the most part recessions, some of which were fairly extensive, took place from yesterday's final figures. The reactionary tendency was the most pronounced in the Erie, Southern Pacific and Ontario and Western, which were the leaders at the close of business yesterday in respect of strength and activity, but nothing that was new bearing upon these stocks or the general situation developed overnight. London furnished irregular changes for American stocks with declines predominating but the cables reported that with the course of business session there was a sharp improvement in the American quarter. In the industrial quarter the United States steel issues were strong and active. Sugar refining was dealt in around yesterday's final prices. A material advance was noted in the American car and foundry issues, and the tobacco stocks were very strong, notably for American Tobacco. Among the specialties C. F. & I. was strong while the Copper stocks were comparatively dull. The market developed rather more general steadiness with the course of business session, but the dealings still reflected moderate pressure from renewed profit realizing sales. Business was in fairly large volume and was well distributed.

Table with columns: STOCKS, High, Low, Close. Lists various stocks like Am. Copper, C. S. Steel, etc.

COTTON.

New York, June 5.—In the cotton market this morning there was an unexpected improvement at Liverpool giving a fresh start to local support. Prices opened 3 to 4 points higher and cables were watched with great interest. It was stated that shorts at Manchester were on the run and there was general scramble to get under cover. Undoubtedly the bureau report of the week was making some impression abroad and people were recognizing the unfavorable showing. Liverpool is always recognized as taking a more conservative and important view of the crop situation than people on this side hence New York readily followed after her. The crop certainly has been doing better of late, but it must not be overlooked that it has been doing worse than poorly. It certainly is not overcoming backwardness to the extent that it should have been. Hints of a big combine which would boom the market later on were plentiful. Liverpool was 1 to 2 points higher. Port receipts estimated 7,000 against 3,500 last year.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief, such was my case until I began using CASCARETS. Now I have from one to three passages a day, and I was rich I would give \$100.00 for each movement; it is such a relief."

Candy Cathartic Cascarets. REGULATE THE BOWEL. Pleasant, Palatable, Potent, Taste Good. Do Good, Never Sickens, Weakens, or Gripe. No. 250. CURE CONSTIPATION. Sterling Remedy Company, Chicago, Montreal, New York.

Table with columns: Month, High, Low, Close. Lists monthly market data for Feb, June, July, etc.

New York, June 5.—The wheat market this morning was fairly active and lower. July broke 1-2 per cent and the markets generally were down on the weather news from the winter and spring wheat sections. There were good rains all the way from Cairo northward along the Mississippi and Missouri valleys and it is now thought that the spring wheat countries have been thoroughly relieved. The rains were also beneficial to the southwest and with the area of low barometer still over the lower spring wheat region further rain fall is expected. The foreign markets were quiet and generally strong. European houses were moderate buyers. The Ohio June crop report shows an average of 89 against 82 in May with fears of fly damage lessening. A private report from Kansas reduced average crop to 70 million bushels. Wheat was quiet but steady in the afternoon showing more strength. The close was easier.

Table with columns: CHICAGO, High, Low, Close. Lists Chicago market data for Wheat, Corn, etc.

DR. KOCH CURES CONSUMPTION AND ASTHMA

He is known throughout the whole world as being the only man who ever did cure consumption, asthma, catarrh and bronchitis. The treatment is here at No. 5 West Court Square, where daily clinics are held for the benefit of Asheville patients. Only the genuine imported lymph is used at this institution, and the doctors are the only institution who have the written authority of Dr. Koch to use his lymph or tuberculin. This great remedy when combined with the wonderful healing oils can be breathed directly to the

lungs, and the most wonderful results are obtained. Even consumption finds in this treatment its conqueror. It takes the place of stomach medicines, which kill more people than the disease itself. When all others fail call and get a free treatment and it will make you better. Examination and advice is absolutely free. This medical clinic is the only treatment for lung diseases recommended by Dr. Koch, the inventor. Remember the number, No. 5 W. Court Square, Asheville, N. C.
