The college has until next Christmas to raise the rest of the \$20,000. These facts are given your correspondent by J. M. Newman, the chairman of the board of trustees .- F. A. Olds.

LURED WOMAN TO HER RUIN

But the Law Now Has Baumgardner In Its Grip.

Durham, N. C., Feb. 3.-U. G. Baumgardner was arrested in Cincinnati yesterday afternoon. He is wanted here for embezzlement of \$400 from Mrs. J. B. Freeland. He is also wanted in Richmond for stealing \$2,100 from the same woman, and it is he inted at Alexandria, Va., and es for similar offenses.

Baumgardner came here little more than two years ago from Lynchburg, and during the year that he was in Durham was a high roller, driving fast horses, spending much time on the race tracks, gambling and with women. He operated a number of slot machines in this city and elsewhere. In connection with the embezzlement and larceny from Mrs. Freeland there is a story of a ruined and wrecked home. He boarded with the family of Mr. Freeland, a prominent business man. He soon gained the confidence of every member of the family, and persuaded Mrs. Freeland to put \$400 in his business. It was this money that he is charged with embezzling.

Soon after this he left here with Mrs. Freeland, who deserted her husband and children and went to Richmond. She drew from the bank some \$2.500. which had been deposited in her name by her husband. Soon after reaching Richmond Mrs. Freeland was taken quite ill, and she claims that Baumgardner went into her trunk and stole \$2,100 and left.

From then, about a year ago, until now the authorities have been looking for him in this country and Canada. True bills for embezziement in this city and larceny in Richmond have been found against him by the grand jury. He will be brought here for trial and later made to face the Richmond authorities.

The blood is the flushing fluid of the system. When it is impure it ceases to carry off other impurities from the vital Somerset county, Pa., and have an age organs. What is worse it imparts its own poisons to the langs, the kidneys,

Those with rich pure blood know no ill health.

In all of our experience we have never met anything better than Vinol for theroughly purifying and enriching the blood. Vinol contains in a highly concentrated state just the elements that are needed to enable the blood to take from the stomach those properties it needs for enriching itself and reconstructing the body. I also enables the blood to get rid of the impurities it absorbs from the different vital organs in its circulatory action.

We wish to call your attention to the following letter which comes from one of the many who have been made well by the use of Vinol. It is from Miss Gertrude McGee of Toledo, Ohio, who is a daughter of the popular proprietor of the "Burnett" of that place. She says:

"For the past ten years the word health was to me meaningless. Doctors and their prescriptions were unsuccessful as far as the building up of my body and the restoration of my health was concerned, until one bright day my physician prescribed Vinol. I have taken up to now about fourteen bottles and find that it is more than all you claimed for it. For years it has been my want to pray for strength: now I have one prayer and an occasional dollar for Vinol and I am feeling stronger and better every day."

We wish to again extend the invitation that we have offered so many was while his vessel was pounding her-times to call on us and let us tell you self to pieces that he ordered the band more about Vinel. We are always on deck to play "God Save the Queen" ready to refund to anyone the price as the British ship Calliope steamed paid for Vinol if they are not satisfied with its action.
