REQUEST FROM THE DEAD.

Dr. Savage Tells How His Son Gave Him a Message.

Dr. Minot J. Savage, the well known Unitarian minister in New York, writing on spiritualism in Ainslee's Magazine for March, says:

I am now to detail a little experience which seems to me to have about it certain features which are very unusual and therefore worthy of special remarks. Never in my life until my son died two years ago did I attempt to get into communication with any special person at any sitting held with any medium. I have always taken the attitude of a student trying to solve the general problem involved. On two or three occasions, however, within the last two years I have tried to see if I could get anything that appeared to be a message from my boy. He died two years ago last June, at the age of thirty-one. I was having a sitting with Mrs. Piper. My son claimed to be present. Excluding for the moment all other things, I wish definitely to outline this one little experience. At the time of his death he was occupying a room with a medical student and an old personal friend on Joy street, in Boston. He had moved there from a room he occupied on Beacon street since I had visited him, so that I had never been in his present room. I knew nothing about it whatever and could not even have guessed as to anything concerning it which he might say.

He said: "Papa, I want you to go at once to my room. Look in my drawer, and you will find there a lot of loose papers. Among them are some which I wish you to take and destroy at once." He would not be satisfied until I had promised to do this. Mrs. Piper, remember, was in a dead trance at the time, and her hand was writing. She had no personal acquaintance with my son and, so far as I know, had never seen him. I submit that this reference to loose notes and papers which for some unknown reason he was anxious to have destroyed is something which would be beyond the range of guesswork, even had Mrs. Piper been conscious.

Though my boy and I had been intimate heart friends all our lives, this request was utterly inexplicable to me. It did not even enter into my mind to give a wild guess as to what he meant or why he wanted this thing done. I went, however, to his room, searched his drawer, gathered up all the loose papers, looked through them and at once saw the meaning and importance of what he had asked me to do. There were things which he had jotted down and trusted to the privacy of his drawer which he would not have had made public for the world.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$100.00 for each movement; it is such a relief."
