# ASHEVILLE DAILY GAZETTE

The Leading Newspaper of Western North Carolina,

Brings the news every morning to 100 North Carolina towns before the arrival of any other newspaper and is the newspaper of a populous section of territory covering more than 10,000 square miles. No other daily newspaper in North Carolina has so large an exclusive territory.

During the last year the Daily Gazette has increased its circulation in its own broad territory more than 50 per cent., adding 30 postoffices to its lists. In the city of Asheville it has attained an unprecedented success and enters the seventh year of its life with the largest reading clientele ever possessed by a newspaper published in Asheville.

Every intelligent resident of this growing metropolis of the mountains reads the Daily Gazette, and it is the newspaper read by all the visitors to the city. The most prominent and enterprising business firms of the city are patrons of its advertising columns.

## The News Service of the Gazette

is unsurpassed by any daily newspaper published for Western North Carolina readers. It is complete in all that interests our people. To a full day and night telegraph service of the news of the world is added a full service of State news by telegraph from the Daily Gazette's special representative at Raleigh, covering all topics political, social, religious and industrial, accurately, completely and interestingly; a special Washington service, adapted especially to the interest of North Carolina readers, especially those in the Gazette's own exclusive territory, the representative of the Daily Gazette at the National Capital being one of the Gazette's own home office staff detailed for the work during the sessions of Congress, and at other times a North Carolinian conversant with the topics and news sources at Washington that excite the interests of Gazette readers.

## The Daily Gazette

IS A SUBSCRIBER TO

## The Unrivalled Press News Service of the Laffan News Bureau,

(New York Sun) and every topic of the world's news is not only fully covered in the telegraphic service furnished exclusively to the Gazette in Western North Carolina, but is most interestingly treated and its accuracy and reliability commends it strongly ahead of any press news service furnished to the daily newspapers.

In all the Western North Carolina towns the Gazette has special correspondents and the events especially of the mountain region, receive their due attention in its news columns.

Editorially, the Gazette advocates the progressive policies of the Republican national party. It stands uncompromisingly in opposition to dishonest elections, corrupt political combinations and extravagance in the administration of the affairs of this state; producing unnecessary tax burdens. The Gazette favors every movement that looks to the moral and educational betterment of the state and to a promotion of industrial progress. The Gazette looks upon the building of good roads, the extension of the free public school system, and the rural free delivery of the mails as important factors in the upbuilding of the state.

## SEMI-WEEKLY GAZETTE.

During the past twelve months the Weekly Gazette has made notable progress in extending its circulation throughout the state, from the mountains to the ocean. It is now supplanted by the Semi-Weekly Gazette, filled to the brim with the history and comments on the events that are of the greatest interest to its readers, with much well selected miscellaneous matter, reading for farmers, etc. It aims chiefly at a rural circulation, and for the country people of North Carolina there is no paper that gives equal value for the rate of its annual subscription.

Club rates for several copies of the Daily or Weekly Gazette, or either in combination with other newspapers will be furnished on application.

## SOUTHERN WILD FLOWERS AND TREES

Together with shrubs, vines, and various forms of growth by Alice Lounsbury, illustrated by Mrs. Ellis Rowan, the greatest number of wild flowers in the world, found through the mountains, the Middle District, and the Low Country of the South. The first popular work to cover this extensive field. Upward of 1000 flowers are included, with a key simply constructed by which they may be located. There are 16 colored plates, which

show the beauty of the remarkable Southern flora, and 144 full-page engravings from pen-and-ink drawings, which add greatly in their identification. Many of the plants pictured are very rare—never having been engraved before. With an introduction by Chauncey F. Beedle, of the Biltmore Herbarium.

## BRICK HURLED AT BROUGHTON.

Attempted Assault Upon Pastor As He Stood in Pulpit.

Atlanta, April 11.—A brick was hurled through a window at Dr. Len G. Broughton while he stood in the pulpit conducting services at the Baptist Tabernacle last night. Through a glass the missile came crashing and the large congregation of over 500 people was in a state of excitement and indignation.

The brick, from all indications, it is said, was aimed at the doctor's head, and that it fell short of its mark was probably due to its having struck a post in an adjoining room.  
Dr. Broughton cannot form any theory as to any motive that led to the attempt to assault him while he was in the pulpit; nor can the members of his congregation assign any reason for the cowardly and ruffianly act. They say it may have been the work of revenge from persons who thought themselves aggrieved at some of Dr. Broughton's outspoken criticism of what he believes to be objects for arraignment in the pulpit.

A reward of \$100 will be offered for the person or persons who attempted the assault.
