THE PEACE TERMS OFFERED BY BOERS

Subject Matter of the Conference now in Progress Between the Fighting Burghers and the British at Klerksdorp—Denial that Cabinet Crisis will Occur over the Budget.

Edinburg, April 12.—The Edinburg News today gives prominence to the following statement:

"We are in position to make known the terms formulated by the Boer delegates in Holland as a basis for present negotiations, subject to approval of the Boer leaders in South Africa. These may be accepted as the subject matter of the conference at Klerksdorp. The delegates in Holland are prepared to accept the following conditions as a basis of peace:

"1. They will not make absolute independence the main issue, provided there is a satisfactory agreement to the future government of the two states.

"2. That the proclamation issued by Kitchener confiscating the property of burghers in the field after September 15, 1901, be recalled and the confiscated property restored to the original owners.

SOUTHERN RAILWAY ACQUIRES L. & N.

New York, April 12.—As a result of several conferences held today, there is a very general conviction that control of the Louisville & Nashville road has passed or will pass to the Southern railway.

Atlanta, April 12.—The passing of the Louisville & Nashville system into the hands of the Southern railway will leave but two lines of railroad south of the Ohio river, the Southern and the Seaboard Air Line. Although it has not been officially announced, it is believed here that the Atlantic Coast Line and the Plant system will soon come under the control of the Southern railway and that the culmination of the deal will be a "community of interest."

A NOTABLE FUNERAL FOR GENERAL HAMPTON

Columbia, April 12.—General Wade Hampton's funeral tomorrow afternoon will probably be the most notable funeral in the state's history. The general asked his people to be allowed to see him after death in a plain "pine coffin." "God bless all my people, black and white," were his last words.

TWOMEN MORTALLY WOUNDED NEAR TARBORO

Raleigh, April 12.—Reuben Roberson and William Burroughs lie mortally wounded in a hospital at Tarboro tonight. Burroughs, who is a married man, attempted to elope with the sister-in-law of Roberson today. When the couple were overtaken by the latter a fight ensued. Roberson was shot in the stomach with a revolver. Burroughs' face was terribly mutilated by the discharge of a shot gun.

TALMAGE HAS PASSED AWAY

Washington, April 12.—Rev. T. De Witt Talmage died at his home here at 9 o'clock tonight. He had been ill for some time. A fortnight ago he became worse, and several days ago his condition took a decidedly serious turn, caused by congestion of the brain, with catarrhal complications. Since then his death has been momentarily expected.

Talmage's Career.
T. De Witt Talmage was unquestionably one of the most remarkable men of this time. His success financially was phenomenal for a clergyman. Born in Bound Brook, New Jersey. (Continued on seventh page.)

FIRST REGIMENT BAND RETURNED HOME YESTERDAY

Most of the members of the First Regiment band returned last evening from Charleston. The band left Asheville Monday and arrived in Charleston Monday evening.

Tuesday the band met the governor and staff at the railway station and escorted them to the hotel. Wednesday they participated in the parade in the president's honor, along with the provisional regiment of North Carolina troops under the command of Colonel Armfield.

Thursday, North Carolina day, the band participated in a review of the troops by Governor Aycock at the exposition grounds, and played for the exercises at the auditorium in the evening. Friday the band gave an excursion and concert on the Isle of Palms. Yesterday morning they left Charleston for home.

SENATOR PRITCHARD'S POSITION ON CHINESE EXCLUSION

Special to the Gazette.

Washington, April 12.—Some comment has been made here on the stand taken by Senator Simmons on the Chinese exclusion bill as now before the senate, from the fact that Mr. Simmons represents a state the principal manufactured product of which is cotton fabric. Senator Pritchard today gave out an interview in which he expressed views that are being rapidly adopted by many leading senators. Senator Pritchard said: "I am opposed to the importation of Chinese labor and will vote for any proposition which will prevent Chinese or coolie labor from coming in competition with the laborers of this country, provided its provisions will not interfere with our commerce in China. Such being the case, I will vote to extend the provision of the Geary act, believing as I do that the extension of this measure will be adequate, and at the same time by its adoption we will incur no risk of interruption of our present relations with the people of the Chinese empire. "I cannot support the bill which has been reported by the committee. I fear that its adoption would prove disastrous to the interests of the cotton manufacturers of the south, and would result in curtailing the amount of goods manufactured and lessen the demand for labor which would necessarily result in a reduction of the wages of the operatives employed in the cotton mills throughout the southern states."

Teller and Mitchell Score Minister Wu Because of His Words on Chinese Exclusion.

OPPOSITION TO PENSION FOR MRS. M'KINLEY

GEN. MACARTHUR TESTIFIES AS TO THE OPENING OF HOSTILITIES AT MANILA AND AGUINALDO'S CONNECTION THEREWITH.

Washington, April 12.—The discussion of the Chinese exclusion bill occupied the entire session of the senate today. Vest, Lodge and Teller were the principal speakers. Vest declared that while he opposed Chinese immigration there were certain features of the bill which he could not support. In the course of his remarks he eulogized Lincoln, Grant and McKinley and said he would never cease to speak kindly of Roosevelt for the statement in his life of Thomas H. Benton, that Robert E. Lee was the greatest general that ever came from the English speaking world, surpassing Wellington, Marlborough and Grant. He closed with an eloquent and pathetic tribute to the late Wade Hampton. Lodge's speech was a learned and forcible argument in favor of the Chinese exclusion bill. Teller supported the bill and toward the close of the debate Teller and Mitchell referred to recent remonstrances by the Chinese minister against the bill. Both declared if any other foreign minister had so offended his passport would be handed him.

Washington, April 12.—Private pension day bill in the house was enlivened today by a discussion on the propriety of giving an annual pension of \$5000 to the widow of the late President McKinley. "Bell (Dem. Conn.) attacked it as "absolutely wrong and indefensible." Several members replied, including Grovernor and Klutz (N. C.) All declared the bill should pass. Klutz paid an eloquent tribute to McKinley's public and private virtues. The bill was laid aside with a favorable report. A hundred and seventy pension bills were passed, clearing the calendar.

Washington, April 12.—The senate committee on the Philippines began its proceedings today by adopting a resolution offered by Senator Carmack calling upon the secretary of war for all the orders, circulars and official reports received from commanders and their subordinates in the provinces of Tayabas, Batangas, Samar and Laguna.

Gen. MacArthur was again today the only witness before the committee. He related that on the evening previous to the attack upon Manila, after General Merritt had issued his order of battle, he (MacArthur) was in consultation with General Anderson when the latter received a communication from General Merritt directing the latter to inform

BLOODY ENCOUNTER IN BRUSSELS STREETS

It Is Feared the Casualties are Many—Great Anxiety in Government Circles, and Brussels will Probably Be Declared in a State of Siege—Wounded Horribly Mutilated.

Brussels, April 12.—There was no serious disturbance throughout the day but tonight there was a serious affray between the gendarmes and rioters. The mob assembled near the Maison du Peuple and pelted the gendarmes with balls containing sulphuric acid, and attacked them with butcher knives shouting "Lon live the revolution and the republic!"

The gendarmes fired into the mob and their fire was returned from revolvers by the people in the windows. The number of casualties have not yet been ascertained, but it is feared there are many.

Aguineldo that the battle which was to take place the next day was to be between the Americans and the Spaniards and that he must not participate under any circumstances. Aguinaldo at that time, Gen. MacArthur said, was five miles away and the message was sent him by wire. He knew, however, that the Filipino leader had received it, because he had declined to accept the suggestion and he and his native forces had participated in the engagement the next day. What had become of that communication, MacArthur said he did not know. He also said that if there had been co-operation between Aguinaldo and General Anderson while the latter was in command of the American forces he did not know it.

THE COURT MARTIAL OF WALLER CLOSES

SEVERELY ARRIGNED BY PROSECUTION—PANIC IN CANARY ISLANDS OVER CHOLERA.

Manila, April 12.—In the Waller court martial today Captain Kingsbury began the argument for the prosecution. He criticised mercilessly the abandonment by Waller of ten comrades, who were left without food and arms to die in the mountains. He tore the defense to shreds. He contended that Waller had no right to permit the killing of natives without trial. Lieutenant Commander Marix replied reiterat-

Injured people are being brought to the hospitals every minute. Many of the wounded are horribly mutilated. There is great anxiety in government circles. The officials of the war office remained in session all night.

At the close of the argument the court retired and after half an hour's deliberation reached an agreement which is not yet announced. It is generally believed that Waller will be acquitted.

There have been 230 cases of cholera and 180 deaths in Manila up to date. There is a panic in the Camarines over the outbreak of cholera there.
