At noon all business was stopped short and the great auditorium hushed. Chaplain General William Jones, O. N. C., arose and prayed while the old veterans sat with bared heads. The venerable chaplain thanked the Almighty for the leader that had been given the confederacy; he gave thanks for "the noble women of our southland who were ministering angels in the dark days of war" and for the com-

### STOCK LETTER.

New York, April 24 .- The stock market today after opening fairly strong was subjected to pressure which caused

general reactions. The resistance, however, offered all along the line convinced traders that the liquidation started in the early part of the week had been completed and that the larger interests were again accumulating stocks. There was no particular favorable public dispatches regarding the western weather condition but there were many private advices indicating that the recent crop scare was greatly exaggerated and this view was finally accepted by the street when the wheat market began to develop a decided reactionary tendency. London bought considerably, a favorable impression was also produced by revival of strength and activity in Vanderbilts. This appeared to be predicted upon the excellent showing in annual report of Lake Shore Railroad which was bullish document not only as regards earnings of the company. The surplus of which of course accrues to the benefit of the New York Central was much more active than of late.

There were sharp advances in Big Four and Canada Southern, while small sales of Lake Shore and Michigan Central were made as regard prices. St. Paul gradually developed strength closing about 2 per cent higher. Atchison rose over 2 as did Illinois Central. More support was apparent in Union Pacific and Missouri Pacific. Canada Pacific was strong advancing 21/2 on advices of a brilliant crop outlook in its north-

### Muddy, Sallow Complexions Can Only Be Cured by Purifying the Blood. Laxakola Does It. Skin Blotches

Blotched, sallow, unwholesome and muddy skin, with its consequent mortification, often leading to morbid seclusion, shows that your blood is bad. The only way to clear the complexion and restore it to its normal healthy, velvety condition is to clean out the entire system, purify the blood and remove the causes. Lazakola does it, as well as acting directly on the pores and assisting the perspiratory glands to throw off impurities.

#### Can Be Surely, Quickly and Permanently Cured. Laxakola Does It. Constipation

You have a full feeling, with dizziness, headache, heartburn, palpitation, foul breath and bad taste, the stomach becomes distended, the eyes heavy and yellow, and the skin pale, sallow, muddy and blotched, accompanied by loss of sleep, appetite and vitality. Laxakola at once relieves and speedily cures these by toning up the stomach, increasing the flow of gastric juice, resulting in a return to the natural feeling of good health.

#### Children Die from Stomach Diseases which For the Children Laxakola will Speedily Cure,

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—Give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable. It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it."

At druggists, 25c. and 50c., or free sample of THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.
