AGRICULTURAL BILL PASSED BY HOUSE

Washington, April 30.—The house passed the agricultural appropriation bill today, practically as it came from the senate. This bill includes an appropriation of \$12,000 for establishing a weather bureau at Asheville.

Washington, April 30.—Soon after the senate convened today, Mr. Burton, of Kansas, from the committee on public lands, reported back the bill granting to the Central Arizona Railroad company a right of way for railway purposes through the San Francisco mountain forest reserve in Arizona, with a recommendation that it be passed notwithstanding the objection of the president expressed in a veto consideration of the bill, but Mr. Wellington, of Maryland, objected and the measure went to the calendar.
At the conclusion of routine business consideration of the bill to ratify an agreement with the Sioux tribe of Indians of the Rosebud reservation in South Dakota, was resumed.
Mr. Gamble (S. D.) made an explanation of the measure strongly urging its enactment.

When the bill providing for temporary civil government for the Philippines came up in the senate today, instead of speeches on the subject there was a lively discussion over the resolution offered by Patterson, instructing the secretary of war to recall Major Gardner, civil governor of Tayabas, in order that the Philippines committee might hear his testimony. Objection was made to the phraseology of the resolution.
Sponser declared the senate had no power to direct the secretary of war to issue an army order. Tillman accused the republicans of "muzzling" the committee, and a somewhat extended colloquy between Lodge, Carmack and others followed on the evidence already adduced by the committee. Carmack succeeded, as a result of this, in having printed in the record a statement prepared by the anti-imperialist, Atkinson, for submittal to the Philippines committee.
Lodge thought it was better to wait until Gardner returned with his regiment and the matter was finally dropped.
The sundry civil appropriation bill was taken up. Without disposing of this measure, the senate adjourned.

Washington, April 30.—Maj. Gen. MacArthur today gave further testimony before the senate committee on the Philippines. He explained his statement made yesterday that the utmost chaos would result if independence be given the Filipinos and the United States forces withdrawn by saying that the unaided efforts of the people of the Philippines to accomplish self-regeneration would in all probability prove abortive, they being less prepared for self-government and administration than any of the Latin-American republics at the time of their emancipation from Spain. The people of the Philippines, he said, have rudimentary ideas and aspirations and are, therefore, in an essentially plastic condition, which, under the tutatory control of the United States, would, in his opinion, admit of a rapid moulding of the body politic into consistent, self-supporting commonwealth. Even the best thinkers among the Filipinos, he said, have no conception whatever of the practical mechanical efforts whereby the results they are all anxious to attain can be successfully accomplished. American withdrawal from the islands would, in his opinion, result in the permanent failure of republican institutions in the east and a fratricidal war, which would continue until suppressed by some exterior force. The broad generalization, he said, is reached that the United States must retain the archipelago as a tutelary annex; that we must plant our institutions there; that we must contend for commercial supremacy and perhaps combat for political supremacy to overcome the inherent difficulties of the situation which will require the most profound efforts of constructive statesmanship.
Senator Patterson asked if he would apply the same views with respect to Japan.
General MacArthur said that if Japan should come into our hands in a clean manner, with a clean conscience, pure morals and some definite purpose as we have in the Philippines, we should by all means keep it. He gave it as his conscientious belief that the

ITALY ASKED TO HAND OVER IMPRISONED OFFICERS OF THE CHICAGO, AS A MATTER OF COURTESY.

Commander would Punish them—Government, It Is Thought will Favor Request.

PRESS HOPES MATTER WILL BE SETTLED AMICABLY

TRIBUNA DOES NOT THINK WASHINGTON GOVERNMENT WILL TAKE STEPS AGAINST CONDEMNATION OF THE OFFICERS.

Rome, April 30.—The American Ambassador conferred with the foreign minister today with regard to the imprisonment of the officers of the cruiser Chicago. The ambassador asked as a courtesy that the prisoners be handed over to the commander of the Chicago for punishment.

The general belief is that the government is inclined to favor this request. The press generally hopes the incident will be closed amicably. Meanwhile the prisoners have appealed to the court of appeals.

Rome, May 1.—The Tribuna says it does not believe the Washington government will take steps against the condemnation of the Chicago's officers, it being perfectly legal and correct. The Giornale d'Italia takes the affair in lighter manner, saying that nobody here has given the fact any importance. It was due to too many glasses of wine. The idea of any resentment over the Hispano-American war is absurd.

London, May 1.—A despatch to the Telegraph from Milan says the cruiser Chicago which intended to leave Venice Tuesday, has postponed its departure.

Rome, April 30.—The officers of the United States cruiser Chicago, who were arrested at Venice, remain in prison; their application for discharge has been rejected. The Italian law does not allow the court to grant a pardon in cases of assault on the police. Some of the newspapers mention the lynching of Italians in the United States as sufficient reason for the refusal of royal clemency. It is considered probable, however, that the prisoners will be released by order of the King, June 1, the date of the fete of the constitution.

Washington, April 30.—Secretary Long has received the following telegram from Captain Dayton of the cruiser Chicago, dated Venice, yesterday, in answer to the department's inquiry: "Doddrige, Wynne, Ledbetter, Kraess and one marine on leave were arrested. The principal charge is that of resisting the police. This is a serious charge under the Italian law. Their sentences are three and four months. I have not as yet their full statements or the reports from the court, but it has been applied for. Resisting the arrest is largely due to the pressing in of the crowd and not understanding the language. An appeal has been made to Rome. It is impossible to explain all the circumstances by cable and I will mail a full report."

NEGRO HANGED BY A KENTUCKY MOB

Louisville, April 30.—A special to the Times from Brandenburg, Ky., says: "Ernest Dewley, a negro, who shot and seriously wounded Harry Dowell, a young white man at Gaston, about seven miles from this place, was hanged by a mob at 2:30 o'clock this morning, and his body was riddled with bullets. The mob arrived here early from the Gaston neighborhood and demanded admission to the jail, where Dewley was confined. The jailer refused to give up the keys and the mob battered down the doors and secured the negro, whom they carried about a mile and a half from town, where they hanged him to a tree. After he had strangled to death the mob riddled his body with bullets and then quietly disappeared. The shooting which caused the lynching took place yesterday afternoon. Dewley had been ejected from Frank Pickler's saloon at Gaston and later, meeting Pickler at the railroad station, opened fire on him. The shots flew wild, however, and struck Harry Dowell, a bystander, seriously wounding him. The negro was arrested and brought to Brandenburg to prevent a lynching."

EIGHT GIRLS PERISH AS RESULT OF PANIC

Philadelphia, April 30.—Seven girls are known to be killed and more than a score injured during a panic at the cigar factory of Harburger, Homan & Co., Tenth street and Washington avenue.

A deaf and dumb boy employed in the factory caught his hand in the elevator and in his effort to make his mishap known excitedly rushed into a group of girls, waving his hand from which blood was dripping. Some person cried "fire" and immediately there was a rush for the stairway of the building. The crush was so great that many of the girls turned back and rushed for the windows. Before they could be restrained from jumping, a score or more had hurled themselves to the street, several being crushed to death. Ambulances were quickly on the scene, and the dead and injured were hurried to the hospitals. The section where the accident occurred is densely populated and nearly all the employees lived in the neighborhood. The families of the dead and injured were quickly on the scene and the screams of the mothers and sisters of the victims were heartrending. The police officials now say that those who were killed were crushed to death in the falling stairways as they made a rush to gain the street. The girls were packed in the hallway leading to the street by the hundreds and those who were killed and were trampled and crushed to death by their excited comrades. Already there have been twenty girls and one man admitted to the Pennsylvania hospital and half that number are at the Hahnemann hospital. The physicians at the Hahnemann hospital say several of those admitted to that institution are fatally injured. None of those taken to the Hahnemann hospital is believed to be fatally injured.

At 1:45 p. m. the police reported that seven girls were dead as a result of injuries received in the panic. Three are dying at the hospital and 20 the under treatment for injuries. They say that 1,200 girls were employed in the factory.
During the excitement the fire alarm in the corridor of the factory building was struck and the arrival of the engines on the scene added greatly to the terror of the panic-stricken girls.

SUPPOSED AGREEMENT WITH COAL MINERS TO BE HANGED MAY 3

London, May 1.—Despatches to the Times from St. Petersburg says that Baischaneff, the assassin of the minister of the interior has been sentenced by court martial to be hanged on May 3.
